Peter Weichsel tops 25,000 MP plateau

Peter Weichsel, a member of the 2001 Bermuda Bowl championship team, has reached the 25,000-

masterpoint plateau. Weichsel three other world championships to his credit: the Bermuda Bowl in 1983, the World Mixed Pairs in 1990 and the World Transnational Teams in 1999. He has won more than 20 North American championships plus Cavendish Invitational in 1976 and 1977 and the London

Sunday Times Pairs in 1975.

Weichsel and Alan Sontag were arguably the strongest pair in the world in the Seventies and early Eighties. After winning the Bermuda Bowl in 1983, they went separate ways.

They resurrected the partnership at the 1998 Spring NABC in Reno and have enjoyed considerable success since then, culminating with the Bermuda Bowl win last year.

Jade Barrett goes over 10,000 mark

G.S. Jade Barrett of Vancouver WA passed the 10,000-point mark at this tournament. He has more than 170 Blue Ribbon qualifications, all earned since 1990. He also was a member of the winning team in

the Mixed Pairs section of the Transnational Teams at the 2000 World Championships in Bermuda.

But playing bridge isn't Barrett's top priority in bridge. He has an overwhelming interest in Junior bridge – he has been either captain or coach of 11 United States Junior teams. He also is chairman of the North Ameri-

can Youth Bridge Foundation.

His favorite partner is his wife Karen. They are playing together in Open Pairs II – as a matter of fact they had a 64% game in the first qualifying session. That gave Karen enough points to make her a Gold Life Master (5000+ points). Karen has three North American championships to her credit.

Jade's regular partners are Anne Hoffman, Ann Labe and Miles Adkins - he has won more than 20 regionals with each of them.

But playing, captaining and coaching aren't Jade's only bridge accomplishments. He also has been a bridge club operator, a lecturer and a columnist. He is the District 20 alternate to the Board of Directors, and he will be co-chairman of the 2004 North American Championships in Reno. He also has made a name for himself as a theoritician.

Brian Duran, left, and Stephen McDevitt

Bay staters victors in NABC 49er Pairs

Brian Duran of Cambridge MA, an electrical engineer, and Stephen McDevitt of Somerville MA, a research specialist in x-ray detection equipment, came from behind to earn the NABC 49er Pairs championship Wednesday. They finished less than a point ahead of John Redford and Tricia Bradford of Houston. Less than a point behind them were Warren and Dee Androus of Avon CO.

Both winners find the game addictive. Duran used to be a high-ranking chess player, but bridge has his attention now. McDevitt "loves the game - I'm a fierce competitor.

They met each other when both played at the newcomer club at MIT. They're not regular partners – they previously had played together about a half a dozen times. Both play at the MIT club about twice a week.

Earlier this week Duran and McDevitt came in second in Flight D of the BCD Swiss Teams.

The biggest day

The attendance yesterday was the biggest of the tournament to date – a total of 1147.5 tables were in play.

The total for the tournament so far is 7883 tables, somewhat higher than pre-tournament estimates. It's a lock that the total will be more than 10,000 – perhaps as many as 10,500.

Milner, Nickell in **Vanderbilt final**

Teams captained by Reese Milner and Nick Nickell powered their way into the final of the Vanderbilt Knockout Teams – a match that can be seen in its entirety on vugraph today (see box on this page for de-

Milner (Marc Jacobus, John Mohan, Sam Lev, Piotr Gawrys, Jacek Pszczola) trailed the Grant Baze team by 11 IMPs entering the final 16 boards, but they crushed their opponents, 70-7, to emerge with a 155-103 victory. Baze's teammates were Michael Whitman, Glen Grotheim, Terje Aa and Garey Harden.

In the other semifinal match, Nickell (Richard Freeman, Bob Hamman, Paul Soloway, Jeff Meckstroth, Eric Rodwell) started quickly against the Richard Pavlicek team, winning the opening quarter 36-7. The match was never in doubt from that point as Nickell won, 121-76. Pavlicek was playing with Michael Polowan, Ron Smith and Chris Willenken.

The Milner-Baze match pitted several European players against each other. The Baze squad included Norwegian stars Grotheim and Aa. Gawrys and Pszczola, Milner's teammates, are from Poland, as is Lev, although he now lists his address in New York.

Cheek and Greco lead Open Pairs II qualifiers

Curtis Cheek of Huntsville AL and Eric Greco of Philadelphia put together two strong games in the Open Pairs II qualifying. As a result, they go into today's two-session final with a board and a half lead before applying the carryover formula.

Their score of 2204.49 was approximately 70 points better (51 top) than the total for Roger Bates of Mesa AZ and Vivian Kilstrup of Vail CO. Boris Baran of Cote St. Luc PQ and Haig Tchamitch were third, followed by John Lusky and Randy Pickett of Portland OR. In fifth place were Larry Mori of Clearwater FL and Venkatrao Koneru of San Antonio.

Gates, Wheeler ahead in Women's Pairs

The top three qualifiers were closely bunched after completing the two qualifying sessions of the Women's Pairs. In first place were Georgiana Gates of Houston and Sally Wheeler of Spring TX. Less than half a board behind were Ellie Hanlon of Jupiter FL and Mary Savko of Pittsford VT. Only one matchpoint further back were Colleen Treanor of Middletown CT and Rachel Chittaro of Kildeer IL.

Rounding out the top five were Rhoda Walsh of Hendersonville NV - Carol Simon, Las Vegas and Kathy Baum, Cordova TN - Marilyn Hemenway, Omaha NE.

Dallas Bridge Unit Day

We all remember how great the Dallas NABC was in 1997. Sure do appreciate the support of all of you for ours. We just hope we can come close to your excellent efforts. Thanks, thanks, thanks.

Alissa McDaniels "Best of Two" 299er **Pairs**

Alissa began her bridge career late but brought her great zest for life to the game and to all of us. She was awarded a "Golden Age Master" award from ACBL just before her death and that was a highlight for her. She spent her life in service to others as a teacher and friend. She is greatly missed.

Tom Clark Board-a-Match Teams

Tom's table manners, ethics and great card sense made him a fabulous partner and formidable opponent. But it was when this Silver Life Master was dealt a bad hand in the game of life that we witnessed his incredible strength. He played superbly, finessing death several times before conceding the match, and he did so with unflagging courage, determination and dignity. His gentle smile, kind words and good deeds are remembered by his many admirers.

Mea maxima culpa

By Barry Rigal

When you win, it's easy to write up your good hands. When you lose, in a frenzy of self flagellation you post your errors -mea culpa, mea culpa, mea maxima culpa. A defensive problem swung 16 IMPs here.

You lead the ♣8 to the jack and king. Declarer runs the ♥Q, which partner takes with the king and returns the ♠5 on which declarer plays the 8. You now have a choice of defenses -(1) take the ace and try to give partner a club ruff, using the ♦A for a second entry for a second ruff, or (2) play partner for ♠J-9-6 and a doubleton club, in which case you simply win with the ace and return to

Actually this deal has a counterintuitive answer. Normally when partner wants a ruff he wins the earliest possible trump to maneuver the ruff. But if the second situation exists, he *must* win the first trump to play spades – otherwise declarer will shift to diamonds and get his discard. If he has ♥K-x-x-x and a singleton club, he can duck the first trump and force you to play for ruffs. So you should assume partner has ♠J-x-x and continue the suit to beat the game.

And so it proved. I got it wrong to lose 10 IMPs instead of gaining 6 since our teammates had stopped in a partscore.

Montreal World Championship Quiz #8

To heighten awareness of the Montreal World Championships that will take place in August, the organizers are offering a daily problem. There will be a daily drawing among those who turn in the correct answer to the Daily Bulletin office, Continental Room, Westin Oaks third level.

Every day five prizes are awarded as the result of the drawing. The winners have their choice of a 1996 World Championship Book or a 2002 World Championship hat.

Contract: 6♣. Opening lead: ♠2. Which finesses do you take and which do you give up?

Kantar's answer: The first step is to win the $\triangle A$. That's one finesse you can live without. Next the ♣7 is led to the ace just in case there's a singleton queen lurking around.

Dummy is now entered with a diamond and the ♣J is led. This play is made for two reasons. Some players think it's a sin not to cover an honor with an honor, and a player with Q-9-8-x might cover to ensure his trump trick. Assuming the jack is not covered, rise with the king. If the queen still hasn't dropped you are now down to your last big play — the ♥Q followed by a heart to the 10 in order to dispose of the two spades. Win some, lose some.

Quiz 7 winners

The winners of Montreal World Championship Quiz 7 are Philip Oliver, Gerald Kennedy, Robert Muger, Carolyne Fox and Elton Lipnick. Plerase drop by the Daily Bulletin office - Continental Room Westin Oaks third level – to pick up your prizes.

Either bid one more or lead your club

Tony D'Angelo of Los Angeles dropped by with this hand from a Compact Knockout match. He has good reason for remembering this deal – his team lost 19 IMPs on it.

| Table 1 | | | |

| West | North | East | South |

With such a highly distributional layout, expecially when it's clear that both sides are two-suited, it usually doesn't pay to let the opponents play the hand. West actually was extremely conservative in bidding only 3♠ when partner had bid spades freely. Perhaps 3♥ would have gotten the hand pattern across better. Without that information it's difficult for East to try 6♠. East actually led a spade, so declarer wrapped up 12 tricks. A club lead would have defeated the contract, but there's nothing in the auction that indicates that partner has the ♣A.

Table 2

This time it was North-South who stopped. It did not occur to South to lead a diamond – there was no way he could read a void opposite on the bidding. So East-West took 12 tricks for a net plus of 1910 – 19 IMPs. Perhaps North-South didn't bid on because they thought maybe the opponents had slam. But in general, once again it's usually better to bid one more when both sides have double fits. In this case, perhaps East-West would have gone onto 6♠ if North-South bid 6♥. In that case South had better lead a diamond, the only lead to beat the slam, or bid 7♥. Intriguing.

Is bridge watchable?

The job of getting bridge into the Olympic Games is hindered by bureaucratic obstacles, to be sure — and it doesn't help matters that, at present, it's a hard sell to those who might be interested in televising the matches.

The vugraph at the 4th IOC Grand Prix in Salt Lake City was managed by BridgeVision, a French company clearly in the lead in the presentation of bridge matches. The graphics and television camera work were simply outstanding. Commentators added a lot to the show.

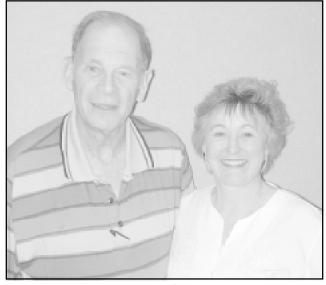

All this is great for experienced players who understand that bridge doesn't progress like tennis or golf. It's not so good for those who haven't seen much highlevel bridge competition.

Steve Towner, a Salt Lake City resident, dropped in one day during the Grand Prix and took in the vugraph show. Towner is a physician who was working at Olympics headquarters. He is a Life Master and a regular player.

He said he enjoyed the vugraph show but was mystified by some of it. "It's a little slow," he said. "They go into the tank a fair amount. I think you'll lose people on that."

Bobby Wolff, one of the vugraph commentators, understood where Towner was coming from. "One of the things that has always held us back is that when people watch they have no idea what to look for and they get bored fast."

Still, Wolff said, moving the Grand Prix to Salt Lake was a good idea and a necessary step. "It's like water on a stone," Wolff said. "If we do this a number of times we might make an impression."

Donald Rothschild and Diane Shannon finished 2nd in the Silver Ribbon Pairs.

Just bid your games and take your tricks

Mike Albert and Marilyn Hemenway say they didn't do anything unusual to win the Silver Ribbon Pairs. "We just bid our games and slams and we took our tricks on offense and defense," said Mike. Here's an example.

"I usually don't open two clubs when I have a twosuiter, but this time I decided to start with the two-bid. Marilyn's three heart bid promised at least a singleton or an ace or a king. I made a series of cuebids, and when Marilyn kept returning to hearts I knew she had the king of spades but nothing else of value."

All Pass

Getting to the heart slam was worth 32 of a possible 38 matchpoints, but Mike found a way to take all 13 tricks and get 37.5 matchpoints. He won the opening heart lead with the 10 and immediately took the diamond finesse. He took a top heart, cashed the \triangle A and crossed to the \triangle K. When the jack fell, he cashed the \triangle 10, led a diamond to the ace, cashed the \triangle Q (pitching a diamond from dummy) and ruffed his last diamond for all 13 trikcks.

Which diamond?

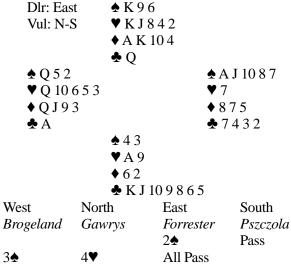

When West leads the ♠8, should East play for a spade ruff? Not clear, but if you shift to a diamond, you had better play the 8. If you lead the jack to the queen and ace, West cannot continue the suit, so 3♥ makes. Declarer can pitch his losing diamond on the ♣Q in due course by tackling the suit before playing trumps.

As Time Goes By

By Mark Horton

As a prelude to a serious shopping spree I took time out to watch the opening boards of the Vanderbilt round of 16. The speed of play at the table I selected proved to be excruciating and the rest of the room was on to board 6 by the time our gladiators had completed only three. Would they have taken you so long?

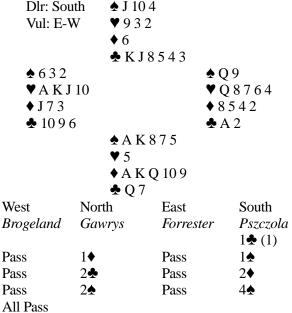

East led a club and West won and switched to the ♠2: 9, jack, 3. The trump switch caused declarer to go into a brown study, and eventually he played low and took the queen with the king. He played a trump back to the ace, revealing the bad break and tried a top club. When East ruffed, declarer discarded a spade. He could score his trumps and the top diamonds, but that was down three, minus 300.

Norberto Bocchi was kibitzing, and when I asked him if he would have doubled he nodded sagely. Later, walking in the Galleria, I spotted Giorgio Duboin, and got a similar answer to the same question.

So, should East have doubled?

It boils down to your point of view about doubling what is under your nose. From Brogeland's point of view, a double might persuade the opponents to play in clubs and he had no guarantee that he could defeat 5♣.

That board took a long time and the pace of play slowed down even more on the next one!

(1) Polish club: minimum balanced or strong.

West started with two top hearts, and declarer took an eternity before ruffing. He then cogitated further, obviously trying to work out if he could survive a bad spade break. He fingered the ♣Q for a long time before eventually cashing two top diamonds, pitching a heart and then ruffing a diamond. Now he played a low club and it was Forrester's turn to think. When he played low, declarer won with the queen and cashed the ♠A. When the 9 appeared he played a diamond. West ruffed, declarer overuffed in dummy and played a club. He was safe now, as he was sure to make at least two of the last three tricks.

It was time to move on – now where did they say Victoria's Secret was?

NABC draws players from 17 countries

The turnout of players from distant countries has been somewhat less than usual at the Houston NABC. In addition to the four ACBL nations (United States, Canada, Mexico and Bermuda), players are here from Sweden, Norway, Denmark, England, Turkey, Austria, Germany, New Zealand, Japan, Russia, Israel, Spain and Netherlands Antilles.

The Facts: 3NT went down two, +100 for N/S. The opening lead was the ♠Q. The Director was called after the round ended. E/W stated that North's final pass took approximately 45-60 seconds; South claimed it had taken only 30 seconds. When declarer allowed the ♠Q to hold at trick one South shifted to the ♠J. The Director ruled that the unauthorized information from the bidding suggested a shift to a short suit. He disallowed the diamond shift and changed the result to 3NT made three, +400 for E/W, based upon South shifting to a heart at trick two (Law 16).

The Appeal: N/S appealed the Director's ruling. Only South attended the hearing. N/S were a long-time partnership with 4000 and 4900 masterpoints, respectively. South stated he wasn't sure where the ♠K was. He said he was trying to set up some suit in partner's hand because she had the entries to run a suit while he did not.

The Committee Decision: The Committee believed that a noticeable break in tempo did occur at North's second turn to bid which gave unauthorized information to South concerning the nature of North's hand. The unauthorized information strongly suggested that North possessed either a one-suited or two-suited hand wishing to enter the auction. Without this information the Committee believed that the likelihood of a minor-suit shift was extremely remote given the probability that the declarer held at least seven (if not eight) cards in the minors. Although the location of the ♠K was fairly well marked in partner's hand, South's statement regarding the ♠K made it seem very possible that South would switch to the "apparently" safe heart in hopes of hitting partner with three-card support. The Committee changed the contract to 3NT made three, +400 for E/W, in anticipation of declarer adopting the correct view in playing the club suit. The possibility of assigning an Appeal Without Merit Warning was discussed and rejected.

(1) Announced, then explained as a transfer to clubs. **The Facts:** 2NT made three, +150 for E/W. The

opening lead was the ♠Q. The Director was called after the opening lead. West said that he had pulled the wrong card from the bid box (his intention had been to bid 2NT: transfer to diamonds) and that there was no agreement about East's 2NT bid. Later he added that without the double 2NT would have meant he didn't like clubs. The Director ruled that it was unauthorized information for West was to be reminded of his error by the Alert procedure. The contract was changed to 5♦ down one, +100 for N/S.

The Appeal: E/W appealed the Director's ruling. East did not attend the hearing. West stated that his prime motivation in appealing was to protect the field. He had not realized he could correct an accidental misbid before his partner called. He said that he had intended to bid 2NT and had pulled the wrong card. The E/W pair had previously played together for only one session. Their convention card indicated that 2♠ showed clubs and 2NT showed diamonds. No continuations had been discussed. West said that in one of his five regular partnerships 2♠ was a get-out in either minor (after a forced 2NT bid 3♠/♠ would be to play.) The partnership had no agreement as to what responder's 3♠/♠ bids would mean after Stayman.

The Committee Decision: The Committee had to decide whether (1) West had intended to bid 2NT as a transfer to diamonds, in which case his partner's explanation was unauthorized information. But his 2NT bid gave West authorized information that he had not bid 2NT himself (in which case West could do as he liked over 2NT, since despite the unauthorized information, the authorized information gave him the same information and did not taint the next action) or (2) West had intended to bid 2♠ to get out in 3♦ over 2NT, having forgotten his system (in which case he would be compelled to bid $3 \spadesuit$). If (2) applied, East would either treat his partner as fourfive in the minors, in which case –100 would be the very best E/W could do, or he would play his partner to be one-six in the minors, in which case E/W might play 3NT or somewhere higher and again –100 would be a sensible outcome for E/W. The Committee determined that there was no evidence that West had forgotten his system and on that basis he was free to guess well over 2NT. Accordingly, the table result of 2NT made three, +150 for E/W, was allowed to stand.

Yes, 1♦ would have ended the auction if East had passed. Yes, I could have sat out the double and scored plus 800. But 6♥ on a club lead requires diamonds 3-3, hearts 3-2 and a bit more. What else does it need? Well, when declarer ruffs the club and advances the ♠K, East must duck And when declarer tries the ♠Q, East must duck again. Declarer's best choice at this point is to place the ♠A-K and ruff a diamond. Then he draws trumps and plays a diamond to pitch the spade loser. But West ruffs to lead another club and South is a trick short.

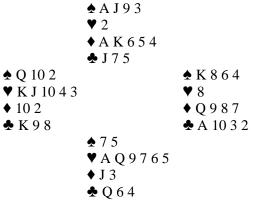

Michael Ness, left, and Paul Winter receive their first-place trophies in the Kathleen Henshaw Memorial Stratified Senior Pairs Thursday. Presenting the trophies are Henshaw's two daughters – Teresa, left, and Barbara Henshaw. Their mother died in January and her friends got together to name the event after her. Teresa is a teacher, Barbara is a copy editor at the Houston Chronicle. As for bridge, the two are not tournament players, but they are interested. "We dabble," said Teresa.

Vanderbilt insights

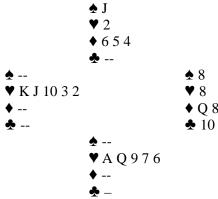

By Barry Rigal

Here are some deals from our first-round Vanderbilt match where we upset the team captained by Richard Schwartz.

As South, you open 2♥ with one of your sounder collections for this bid. Of course it goes pass-passdouble-all pass. Dummy gives you some hope of saving the damage. The ♦10 lead goes to the king, and you lead a low spade. East now has a problem. Ducking could prove silly. However, South probably has a club honor and thus is less likely to hold the ♠Q. Anyway East decided to the take the ♠K and shift to the \triangle A before the rats got at it – a low club would still have saved the day, I believe.

That allowed me to win the third club and play the ♠A and ruff a spade. A diamond to dummy produced this ending:

The ♥2 to the 9 and 10 saw West forced to return a low heart to me, and now I endplayed him in trumps again. West had to concede the contract at Trick 12.

I misplayed the next deal so I'll show it to you as it should have gone – from both the declarer's and the defense's perspective.

On a low heart lead to the 10 and ace, you have to win the ♣A at trick two, beating dummy's jack as partner shows an odd number. You lead a heart to partner's queen and a club comes back to declarer's king. Declarer cashes the ♠A-K (partner playing the 2, 10) and crosses to the ♦A. Now you have a problem! If declarer has AKJxx, A, Qxxx, Kx, unblocking the ♦K will leave partner endplayed with the ♠Q in two tricks time. If declarer has AKQxx, xx, 9xxx, Kx, you had

Notice to players

As of the 2002 Summer NABC in Washington DC, the free distribution of printouts of defenses to Mid-Chart and Super-Chart methods will cease.

The policy, to be strictly enforced, will require that pairs playing certain Mid-Chart and Super-Chart methods have the defenses with them at the table. Any pair without the defenses will not be allowed to play methods for which the defenses are required, such as the Multi 2♦.

After this NABC, you may print out the defenses from the ACBL web site – www.acbl.org – or purchase a copy from the ACBL Product store for a nominal fee. The printouts will not be as readily available as they are at this tournament.

better not keep the ♦K or you will be endplayed with it!

East made the right play when he kept the ϕK . Why? Well, his partner should follow with the ♠J on the first trump with **♠**J-10-x to reveal what the position is in that suit. East kept his ♦K, and when I led the second heart I made my game. Of course I was the one who was to blame. I should cross to the ♦A after winning the ♣K and now East really has no idea whether to unblock or not.

Finally, the deal that won the match for us. You pick up your usual rubber bridge collection:

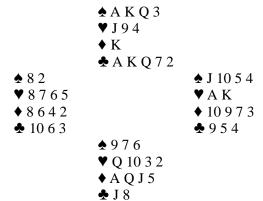

♥8765 **♦**8642 ♣ 10 6 3

You hear the auction go:

|------|-------|----------|--------------|
| | 1♣ | Pass | 1♥ |
| Pass | 2♠ | Pass | 3NT (extras) |
| Pass | 6NT | All Pass | |

Now you have to find a lead.

Once you've decided, bear in mind that partner did not double. What would you have selected if he had doubled? My partner, Jeff Aker, decided that if I had doubled he would have led a spade – after all, if I have clubs they won't go away. Since declarer surely has diamonds sewn up, that just leaves hearts. This was the full deal:

As you can see this produced an 11-IMP gain rather than an 11-IMP loss when our teammate collected plus 460.

How much does system matter?

By Adam Wildavsky

I run a mailing list for those interested in the Kaplan-Sheinwold bidding system.

Last Friday, a note was posted noting that three of the top four pairs in the NAOP, Stansby-Stansby, Wildavsky-Polowan, and Merblum-Doub, were using

Alas, I had to confess that Michael Polowan and I use strong 1NT openers. While I am a big proponent of KS, I do find that system plays a relatively minor role in tournament success. Of major importance is being sure of the agreements one does have.

As Chip Martel put it, I think only half in jest, hard work and good judgment can go a long way toward overcoming inferior methods!

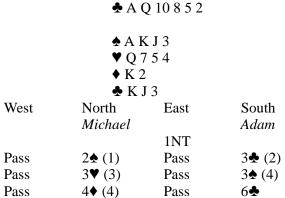

This point was illustrated by a hand from the NAOP final which appeared in Saturday's Daily Bulletin, where Lew and Joanna reached 6♣ on a nice inverted minor auction.

I'd like to think that most KS pairs would reach this slam, but Michael and I were one of the only strong notrump pairs to get there

World Championships set for Montreal in August

If being part of the largest World Championships ever in North America appeals to you, it's time to make plans for the tournament scheduled for Montreal Aug. 16-31.

The tournament will also feature an ACBL regional with masterpoints for many winners from the ACBL and the World Bridge Federation. The regional begins Aug. 16 and concludes Sept. 2.

ACBL President George Retek, whose home town will host the World Championships, advises players to book reservations soon because hotel rooms even now are becoming scarce.

Substantial discounts are available to those who travel to the tournament via Air Canada.

For information about the playing schedule and hotel space, see the 2002 Spring NABC Daily Bulletins of Saturday, March 9, and Tuesday, March 12. You may also contact Retek at the Westin Oaks Hotel.

Retek said that because of the favorable Canadian exchange rate, Montreal is now one of the least expensive destinations in the world.

The tournament schedule includes four "national" events – players must be from the same country – the Rosenblum and McConnell teams, the Open Pairs and Women's Pairs. Other events will be "transnational" – pairs and teams need not be from the same country. These include the Mixed Pairs, Zonal Teams, Senior Teams and the IMP Pairs.

Participants in World Championship events will receive registration bags and invitations to the opening and closing ceremonies. The closing ceremony includes a sit-down dinner and entertainment.

The World Championships also feature mult-screen vugraph with commentary and a Daily Bulletin published each day of the tournament.

The Montreal Film Festival is scheduled to coincide with the second week of the tournament.

In the regional, WBF masterpoints will be "instant" awarded as certificates the day after they are earned.

Contact your national bridge organization for information about signing up for the tournament.

You'd never say this

Ten things a bridge player would never say ...

- 1. This club (playing area) is always the right temperature – never too hot or too cold.
- 2. Free coffee? No thanks.
- 3. Cool! A four-board sitout.
- 4. No, I don't think tournament fees are too
- 5. I can always count on my partner to remember every convention on our card.
- 6. No gossip, please. I'm not interested.
- 7. More new Alerts! More new Alerts! 8. One thing I can say about bridge players –
- they sure know how to dress. 9. No matter which direction we sit, the cards
- always go our way. 10. I don't feel like bridge today, thanks. I'd
- rather jog and work out.

Wernher Trophy is Open Pairs II prize

Winners of the four-session Open Pairs II will win the Wernher Trophy, donated by one of the originators of the masterpoint system, as a reward for the winners.

Last year's winners, Chris Willenken and Ron Smith, overcame horrible results on their first three boards in the first final session. On the first board of the afternoon, Willenken-Smith went minus 800. On the second board, they played 3NT making three when 4♠ was cold. On the third board, they went minus 800 again.

At this point, their kibitzer left. Despite that start, "we were able to stay focused and not do silly stuff trying to get it back," said Willenken.

This deal is from the first qualifying session:

South led the ♠K, ducked all around, and continued with the ♠J. Smith won dummy's ♠A and led the ♥10, overtaking with his ace. He led the ♣9 and finessed dummy's jack. Next he cashed the ♣A, pitching his losing spade.

A heart was ducked around to South's king. South continued with the ♠Q and Smith ruffed. Now he ruffed a heart and led a club. North, down to all diamonds, ruffed low and Smith overruffed.

Smith led a heart and ruffed with dummy's ♦K. A club was led from dummy. North ruffed and Smith overruffed, conceding the last two trumps but claiming two-thirds of the available matchpoints.

The Werner Trophy was donated in 1934 by Sir Derrick J. Wernher and presented to the winners of the National Men's Pairs Championship.

The event was contested at the Summer NABC until 1962 and subsequently at the Spring NABC. From 1969 through 1971, it was played as a three-session champion-

In 1992 the event became Open Pairs II, a four-session event which consists of two qualifying rounds and two finals rounds.

Wernher (1889-1947) was a resident of London, England and Deal NJ. A leading personality in American bridge in the Thirties, Wernher was president of the American Bridge League (ABL) in 1933, chairman of its Master Plan committee and a member of the board of directors of the American Whist League (AWL).

Wernher placed second in the Asbury Challenge Teams (now the Spingold Knockout Teams) in 1936 and won the Reisinger (played in conjunction with the New York regional) in 1930.

The auction went 1NT-3NT to Radin (West) and she passed, admitting, "Pass was pretty wimpy, especially for me."

The conservative action paid off, however, as Moss cashed the first five diamond tricks. Radin high-lowed in hearts and Moss shifted to the ♥9. Radin cashed five heart tricks for down six.

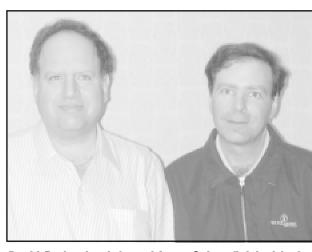

Since East-West can make only 140 at hearts, plus 600 was worth all the matchpoints available.

This is the 72nd Women's Pairs. At stake is the Whitehead Trophy, donated in 1930 by Wilbur C. Whitehead of New York, a great bridge authority and a member of the team that won the Vanderbilt Cup in 1928, the first year it was in play.

Whitehead (1866-1931) was president of the Simplex Automobile Company, but bridge held such a fascination for him that he retired from business in 1910 to devote his life to bridge.

He was the inventor of many bidding and play conventions, the quick-trick table of card values, the Whitehead system of requirements for original bids and responses and the Whitehead table of preferential leads.

Whitehead was instrumental in standardizing procedures in auction bridge and later in contract bridge.

David Berkowitz, left, and Larry Cohen finished in 2nd place in Open Pairs I.

The Hamman Syndrome

By Mark Horton

Do you recall Bob Hamman's remark that the best play badly and the rest are awful? Take a look at these three consecutive deals from the Nickell-Feldman encounter in the Vanderbilt. Steve Landen and Pratap Rajadhyaksha opposed Jeff Meckstroth and Eric Rodwell.

East led a diamond and West took the king with the ace. It looks obvious to switch to a trump, but West played the ♥Q. When that held he continued with the jack and then cashed the ♣A before playing a third heart. Declarer needed no further help. He ruffed, cashed the \mathbf{Q} and played a diamond, West discarding a club. After ruffing his last heart with the ♠Q, declarer ruffed a diamond, cashed the ♠A and exited with a club, forcing East to lead into the spade tenace. That was plus 110.

| Pass | Pass | 1♠ | Pass | | |
| 1NT (1) | Pass | 3NT | All Pass | | |

If East has to rebid 3NT, then this deal is no recommendation for the forcing 1NT. East must have been worried that a bid of 3♣ would be passed, but with 6♣ just about laydown and 7♣ playable this was a poor effort.

All Pass

(1) Precision.

(2) 8-10 balanced.

The crowd of spectators around the table made it difficult to follow the auction, but it's not clear why Rodwell preferred to play in notrump rather than spades, as he knew his partner's shape.

West led the ♣Q, and when East produced the king declarer won, crossed to dummy with a diamond to the ace and led the ♠10. East covered with the jack and the queen lost to the king.

West switched to the ♥J and declarer won in hand, crossed to the ♦Q and played a spade to his 8. When West discarded a diamond, declarer knew his fate. The only chance now was to exit with a low diamond to East's jack, hoping that he had started with only one club and would be endplayed. No luck and the club return put declarer two down.

If declarer had run the ♠6 he would have made 11 tricks, as he would have been in dummy to cash the ♥A before repeating the spade finesse.

A complicated contract

3NT by East-West is a fun spot, but many East-Wests stopped off to double 3♦. This looks like an easy one down on the defense of two rounds of trumps. But what does West do next? Say he plays a heart. Declarer ruffs, draws the last trump and leads the ♠K. West must duck. Then another spade goes to West's ace. He exits with his last heart and North plays three rounds of clubs and tosses West in. West has only spades left so he must give declarer the entry to hand to pitch two clubs. Contract made!

West of course can do better by exiting with his third diamond at trick three. Note that a spade play does not work – declarer runs it to hand, then leads the $\clubsuit 10$. He can come home if he reads the layout in clubs. But the diamond play leaves West with a heart exit on winning the third club to ensure down one.

Bus Shuttle

Shuttle service is offered between the JW Marriott and the Westin Galleria hotels from 8:30 a.m. until the last departure at 12:30 a.m. Barring any unforeseen traffic problems, the shuttle will depart from the JW Marriott at :30, :50 and :10 past the hour. The shuttle will depart from the Westin Galleria on the hour and at :20 and :40 past the hour.

Those requiring shuttle service with handicapped accessibility should call Sandy with Sierra Stagecoaches. Her cell phone number is 713/444-2675. She will set up an appointment time for departure from either the JW Marriott or the Westin Galleria hotels.

Because security bars keep buses from entering the parking lot in front of the Westin Oaks, we suggest you walk through the mall to the Westin Galleria to board the shuttle.

She reached the final

Lisa Barton, a 17-year-old from Austin who's been playing bridge for only a little more than a year, reached the final of the NABC Mixed Pairs. She went into the event with only 80 masterpoints. Her partner was Marc Glickman, 19.

A twist in the tale

By Mark Horton

Deals which include a small but vital technical point are infrequent visitors to the table, but this one cropped up in one of Wednesday's pair games:

Playing together for the first time, Leonard Helman and Sascha Wernle knew what was happening up to the point where East bid 3. Then the waters were muddied because West thought it was possible that East had five hearts and four spades, in which case the Moysian fit was probably a good place to play.

With 3NT certain to fail on a club lead, 4♠ certainly was the correct spot, but there was still a twist in the tale.

North led the ♣10 and declarer took South's king with the ace, crossed to dummy with a trump and ran the $\blacklozenge 10$. Having no idea that West had six diamonds North ducked and declarer played a second diamond, ruffed by South. The ♣Q was the last trick for the defense and plus 450 was a fine score.

If North had been inspired enough to win the ♦K and return the suit, South would have been able to ruff and the fate of the contract would depend on which club West played from dummy to the first trick. A low club would mean that South could cash only the club winner, but playing the jack would allow South to put partner in with a club for a second diamond ruff. If you want to know which club West played you will have to ask the Rabbi!

Pselma Psatisfied

As was their habit, Pselma and Petunia were found in the far corner of the Celestial bar psipping Psychic Red. Mr. M had congratulated them on their predictions in Houston. He was considering hiring the phamous pseers for Washington the psummer aphter their fine Houston perphormance (10 and 4 with the phinal remaining).

"I told him; let's psee how things go at the United States Bridge Championships," said Pselma.

"Has that cute Mike Becker hired us for the USBC?" Petunia asked. "Well, Prem, old girl, he didn't mention hiring two pseers, but I told him that we are a pair! Also, we had more correct guess....well, predictions, in Houston than your average psychic."

The waiter came to the table and said there was a call. "Please take it, Pet," said Pselma as she emptied the phourth bottle of Red. Petunia returned after a while. "It was our cousin, Oscar the Omniscient. He wanted to congratulate us but was amazed that we missed Baze and Pavlicek in the quarters. He ophphered to come help at the USBC."

"Help," said Pselma. "The last time he helped me we were barely over 50%. Few women and no men have our abilities. I should have known better than to ask Oscar."

Well, they couldn't count the exact number of bottles of Red that were dispatched (after five they lose track); however, they had an empty bottle phor every one of Petunia's toes.

Pselma pswayed, Petunia phlipped. In unison they psang (to the tune of Dixie), "Vandy, how I love you. How I love you. My dear old Vandy. I'd give the world to be among the folks in T-E-X-A-S."

"Congratulations to both Milner and Nickell on their fine perphormances in the 2002 Vanderbilt. Milner will need many more consonants to confuse the ex-quiz kid Freeman. Nickell gives no quarter and Ham-man brings home the bacon."

Aphter that pronouncement, the two twits....that is, phamous pseers, pslipped pslowly to the phloor for the night.

Players are asked to flash a ZT card at an offend-

ing player (or players) when they feel intimidated or

abused. If the bad manners continue, the offended

players can call the director and get a ZT ruling. "There are too many new players who are simply afraid to call the director when unruly behavior occurs," said Bricklin. "These cards can be very use-

ful. I think they are a very good reminder."
