Fast Pairs win

Kansas City squad tops in Mixed Board-a-Match

Four players from the Kansas City area came from nearly two boards out with a session to play to win the Chicago Mixed Board-a-Match Teams by less than three quarters of a board.

The winners are Linda Eakes, Don Stack, and Jack and Nancy Spear. Their victory was the first North American championship for each.

It was especially fulfilling for Stack, who has 22,000 masterpoints but, until Friday, did not have the one qualification he needed to become a Grand Life Master.

"The monkey is off my back," Stack said when it was confirmed that the Eakes team had won.

Mixed BAM winners: Don Stack, Linda Eakes, Jack and Nancy Spear.

The runners-up are Stephen Goldtein, Leslie Paryzer, John Stiefel and Sheila Gabay. The winning score was 36.15. The runners-up had 35.54.

Levin and Geoff Hampson.

Robert Levin and Geoff Hampson are old friends, but new partners (they played one time before in a regional 10 years ago). That didn't stop them from producing two good scores to win the NABC+ Fast Pairs by nearly 73 matchpoints (51 was top on a board).

Winners of the NABC+ Fast Pairs were Robert

"Both our teams were knocked out of the Spingold," said Hampson, "and each was looking for a partner."

The pair scored 62.82% in the first final session and followed with 60.78% in the second.

In second place was the Israeli pair Ron Pachtmann and Eldad Ginossar. They were third with a round to go, but edged ahead of Claire and George Tornay, who dropped to third, 18 matchpoints behind.

The Fast Pairs requires players to finish their two-board rounds in 11 minutes. It has been a regular NABC event since 2000 in Anaheim.

Meckstroth wins 0-1500 Mini-Spingold

The winners of the 0—1500 Mini-Spingold Knockout Teams are Robert Glickman, Matt Meckstroth, Sam Katz and Daniel Goldfein.

The Matt Meckstroth squad won the 0-1500 Mini-Spingold Knockout Teams by a score of 208-139. The winners are Meckstroth, Sam Katz, Robert Glickman and Daniel Goldfien.

The foursome was formed to play last summer in the Schools Team Championship in Bangkok, Thailand. They had some good results. "We were the only team to beat the winning Israeli team," said Katz.

All four come from famous bridgeplaying families. When asked if that were a blessing or a burden, they answered in the positive.

Two left in Mini-Spingold I

The finals are set for the 0-5000 Mini-Spingold Knockout Teams — the James Gordan team meets Bud Biswas.

Biswas is the lowest seed left (originally #30). It looked like their Cinderella run was about to end. They trailed Kelley Hwang by 19 at the first quarter, although they moved to within 3 at the half. The third quarter saw Hwang increase their

lead 38 IMPs, but Biswas pitched a shutout in the final quarter — 46-0 — to win by 149-141.

Other members of the Biswas team are Nathan Glasser, Susan Winkler and Randy Okubo. The Hwang team also includes Lawrence Harding, Rich Regan and James Burgener.

Spingold semifinals set: Cinderella team still in

It's down to the round of four in the Spingold Knockout Teams as the amazing run of the Hailong Ao squad continued on Friday.

The matchups, by captain, are defending champion Nick Nickell versus Christal Henner-Welland and Ao versus Andrew Gromov. Both of the latter two teams are playing four-handed.

The Ao squad has captured the imagination of the NABC as the team, seeded No. 67 out of 74, just keeps on winning. Ao is playing with Jiang Gu, Jian-Jian Wang and David Chechelashvili. Ao and Wang are from the Washington DC area. Gu is from New Jersey and Chechelashvili from San Diego CA. Not much is known about the Ao squad, but interest was heightened when they took out the No. 3 seed, the powerful George Jacobs squad, including Zia Mahmood and Michael Rosenberg.

It hasn't been much easier since then, but the Ao team has met every challenge, knocking off teams captained by Greg Hinze, Bill Pollack and now Carolyn Lynch. Ao led against Lynch (Dennis Dawson, Fred Gitelman, Brad Moss, Joe Grue, Curtis Cheek) from the beginning and survived rallies in the third and fourth quarters. The final score was 166-163.

Life Master News

Carl and Susan Oberwortmann of Tullahoma TN are new Life Masters. They won their points playing in the Saturday-Sunday KO Teams with Cal Rultz of Manchester TN and Henry Arnold of Murfreesboro TN.

Estelle Bogart of Penn Valley PA is a new Life Master. She got her final points playing with Amal Dasgupta of Wilmington DE in the Monday-Wednesday Morning Side Series.

Buddy Conley of Murfreesboro TN is a new Life Master. He went over in the Vol State KO Teams playing with Bob Allard, Don Rizer and John Ainholter.

Edward Stone of Marietta GA is a new Life Master. He needed 1.88 gold points and has won more than 2.33 (and still counting) in the Compact KO Teams. His partner is Richard Starr and his teammates are Ian Grant of Nokomis FL and Trevor Lumb of Atlanta.

Jim Greiner of Loudon TN earned Life Master status in the Bracketed KO Teams. His partner was Rosemary Bruggen, also from Loudon TN. His teammates were Sandra Schneider of Boca Raton FL and Roberta Satin of West Orange NJ.

Lee Webb has advanced to Bronze Life Master, a rank requiring 500 masterpoints. Webb was playing with her husband Chris and Fred and Carol Clemenz, Frazier Roy and Karen Coulter. All six are from Columbia SC.

Henner-Welland defends Open Swiss title

The four-session Open Swiss Teams, a national-rated event that begins with today's two-session qualifier, was first held in 2005. Christal Henner-Welland of New York was a member of the winning squad in the inaugural event, and she repeated her success with totally different teammates in 2006.

Previous winners and runners-up: 2005 1. Christal Henner-Welland, Michael Kamil, Claudio Nunes, Fulvio Fantoni, Frederik Nystrom, Peter Bertheau; 2. Matin Harris, Jacob Morgan, Steve Landen, Pratap Rajadhyaksha

2006 1. Christal Henner-Welland, (photo above) Roy Welland, Cezary Balicki, Adam Zmudzinski, Antonio Sementa, Bjorn Fallenius; 2. Nader Hanna, Nagy Kamel, Greg Hinze, Ira Hessel, Ellen Hessel (npc).

Pre-Alert/Disclosure forms

If your partnership plays special overcalls, you must fill out a pre-Alert/Disclosure form and make it available to your opponents when you play in events that allow Mid-Chart and Super-Chart conventions.

This applies to NABC+, regional or higher knockout and Flight A Swiss games. Look for the light blue forms on the table where convention cards are available.

Look in your registration bag

Some lucky players will find a special surprise in their registration bags.

Necessary Elements (www.jewelryinsterling.com) has donated about 80 pieces of jewelry as surprise gifts. You might receive one, along with the usual assortment of goodies including a travel alarm clock, a blinking guitar pin, GooGoo Cluster candy, a convention card sticker, etc.

JUST FOR NEW PLAYERS

What's carding, anyway?

By Lynn Berg

It's embarrassing if the opponents ask you about your carding and you have no answer — maybe you aren't even sure what is meant by the term. You should discuss carding with your partner, and the opponents have a right to know what agreements you have.

Look at the back of the convention card down in the lower left-hand corner. That's the area where you and your partner indicate which card you would lead under various circumstances, as well as what signals and protocols you use for defense.

If you are unsure what card you would play, note the bold on the grid — it tells you what card is chosen by the vast majority of players. Only if you have agreed to lead otherwise do you need to mark anything on the card. The two most likely differences are leading third best or "jack denies" from combinations such as K-J-10-x. Also, leading the ace from A-K-x is very popular today on opening lead.

Even if you like leading the ace from A-K-x (starting with the king from a doubleton A-K), there are clear exceptions. Lead king from A-K at the five level and higher. Partner will know when the king holds that you have the ace. After all, you might well lead the ace even without the king at such a high level, so do what you can to keep your partner well-informed. If it isn't clear to you why you would make the lead indicated, ask a director or a more experienced player.

Look over at the notrump grid and you will see one bold choice which looks odd: K-Q-10-9 shows the queen in bold. This is a popular lead agreement. When you lead the queen against a notrump contract, it tells partner, "Drop the jack if you have it!" The location of the jack is very important to the opening leader.

This particular lead problem was first identified by the whist players of Bath, England,

three centuries ago. A crafty declarer holding A-J-x will hold up on the lead of the king, hoping that the leader will continue and give declarer an undeserved trick. This little ploy is called the Bath Coup in memory of all those hours spent at the whist tables of Bath. But the defending side won't fall for the Bath Coup if they have agreed to "drop the jack." You should also agree, by the way, that if partner of the opening leader does not have the jack, the card played should show count: low from an odd number, high from an even number.

There are fewer differences between leading against suits and against notrump than you might imagine. Many leads are equally effective against either one. The biggest difference is that it is common to lead away from aces, or even A-K, in notrump, but not at all effective to lead away from aces against suit contracts. Also, usually top of a sequence for notrump leads is from a sequence of three or more (e.g., Q-J-10) or nearly three in a row (Q-J-9), while a sequence of two (Q-J-) is not uncommon against suits.

Besides your lead agreements, carding also means signaling and discarding. Most players use standard count and attitude signals. When the opening leader's card is holding the trick, perhaps on the lead of the ace, third hand usually signals attitude, playing high-low to tell the opening leader to continue the suit, playing a low card to show no interest in a continuation.

The count signal in standard carding is similar: High-low for an even number, low-high for an odd number.

Attitude signals are also used when discarding: A high card tells partner that you have values in the suit discarded. A low card tells partner you have a poor holding in the suit you just played.

Please note, if your first discard is what you want partner to lead, even if it's the 2, you are not using standard carding. Note that fact on the card so the opponents can be properly informed. Here's an example of why this non-standard

method is unwise.

Let's say you have ♠KQJ ♥Q65 ♦6432 ♣975.

Declarer is running his seven-card club suit, and you have to discard. Do you really want to throw a spade? Of course not. In standard carding, you can make the negative discards of the $\blacklozenge 2$, $\blacklozenge 3$ and $\blacklozenge 4$ and the $\blacktriangledown 5$, for instance, and your partner should be able to figure out that you are keeping spades.

Bidding commentary: South has a "picture" weak two-bid. South has a strong suit with a normal range of 6-9 high-card points. Weak two-bids have an actual range of 5-6 to 10 HCP. But a 5- or 10-point weak two-bid is atypical. North is strong enough to raise to game. West has a picture-perfect takeout double of 2v: Opening bid strength plus heart

shortness. West needs another ace to double $4 \, \Psi$, which also would be for takeout.

Defensive commentary: Assuming dummy takes the first trick with the AA, East makes an encouraging signal to show the jack.

Play commentary: As declarer, you can see that the opponents have the ◆A and ◆K, and the suit wasn't led. Translation: West doesn't have both honors. Given the bidding, the diamond honors are almost certainly split. Going further: If East has a diamond honor, West surely has the balance of the missing HCP for the double. Given this ugly diamond position, the idea is to force the opponents to lead the suit first. In order to do that, the hand must be stripped before exiting with a club, an equal-length suit. Win the club lead, draw trumps, lead a spade to the queen, cash the ♠A, ruff a spade, enter dummy with a trump, ruff dummy's last spade and exit with a club.

Defensive commentary: When thrown in with a

club, the defense needs three diamond tricks. If West wins the club, West must hope East has the ◆AJx. If East wins the club, East must hope West has the ◆KJ10, so he will lead a low diamond. As it happens, South has the ◆J, so there is no happy ending for East-West.

A Spingold slam

The four-handed Hailong Ao squad surprised everyone by reaching the last eight of the Spingold, but as this deal from their quarterfinal shows, they are not to be taken lightly.

Gitelman's decision to open 1NT meant the fit in diamonds was undisclosed so a slam was never really in the picture. You want to be in $6 \checkmark$ on these cards, but as it happens a diamond lead will defeat you.

Here North led the ♠8, and declarer won in hand and drew three rounds of trumps and then played on diamonds, claiming 11 tricks.

Very impressive bidding to reach the slam, perhaps the key being East's splinter in clubs.

Would North find the killing lead?

It was difficult to be sure, and when North led the ♣6, declarer was almost home. South won with the king and switched to the ♠Q. Declarer carefully won in dummy, cashed the ♥10, played a heart to the jack, ruffed a club, drew trumps and played a diamond. When everyone followed he could claim plus 920 and 11 well-earned IMPs.

Defying Deep Finesse

Each set of hand records includes analysis of each deal in terms of how many tricks can be made in various strains. Deep Finesse is never wrong, but one must remember that the program's analysis is based on a full view of all four hands. When results vary from what DF says can be made, it's a human thing: One or more mistakes have occurred or the human did not find the double-dummy line of play.

On this deal from the second qualifying session of the NABC Fast Pairs, Rick Kaye of Detroit benefited from an error by the opponents (hands rotated).

Deep Finesse correctly assesses nine tricks as the maximum for North-South in spades, but it doesn't account for errors – and East made a big one.

West started with the \bigstar K, taken by the ace. A diamond went to declarer's king, and Kaye got out of his hand with a club: 9, 10, jack. Had East cashed his \bigstar A at this point, there would be no story to tell, but he may have expected his partner to hold the \blacktriangledown A. The play of the \blacktriangledown 3 at that point was not the best move for the defense.

Kaye let the heart to go dummy's king, and he followed with the top two hearts from his hand, discarding dummy's now-singleton diamond.

From there, he ruffed a diamond, ruffed a club and ruffed another diamond. When he exited dummy with the singleton trump king, East won and returned a diamond. Declarer was down to all trumps, as was West. Kaye ruffed low and was overruffed, but at trick 12, West was on lead with the \$\int J\$ 9. Kaye held the \$\int Q\$ 10. That was 10 tricks, plus 790 and 24 out of 25 matchpoints for North-South.

A new kind of double? By Barry Rigal

Imagine you find yourself in the following defensive quandary: You are playing in the Mixed Board-a-Match Teams, where overtricks are vital. The hands were rotated.

You open $1 \clubsuit$ with the West hand. North bids $1 \heartsuit$, partner passes and South bids $4 \spadesuit$. Now you lead the $\spadesuit K$ and see the above.

The \bigstar K gets the 2 (odd number), and the \bigstar A draws the 3 from partner. Do you trust partner and underlead your club holding for a possible diamond ruff?

Susan Miller, playing with Bob Sartorius, did so, and this was the full story:

Partner's lowest diamond at trick two should be suit preference, of course. But the reason Susan could underlead without worrying about the overtricks was that she had doubled 4. Overtricks were then irrelevant, of course, so the underlead became so much easier!

East led his club, and declarer took West's 10 with the jack. He crossed to the \triangle A and took a finesse on the way back, East discarding the \blacktriangledown 9. He drew the last trump and played the \blacktriangledown Q. East took the ace and switched to the \spadesuit J. When that held, he played another diamond, and declarer ruffed, cashed the \blacktriangledown K, pitching a diamond, ruffed a heart and played a club to the 9, claiming 10 tricks, plus 620.

There are certainly pairs who play that a jump to 2NT in this situation does not deny four-card support for partner, but it is not clear if that was the position here. In any event, North-South propelled themselves to slam.

West needed to lead spade to defeat this contract, but he tried the ◆5, and now declarer could win and attack trumps. West took the first round and played a second diamond. Declarer won, drew trumps and with fingers crossed, set about the clubs. The 3-3 split meant he was plus 1430 and 12 IMPs to Mahaffey, who trailed 27-14 at the end of the set.

West could have started with a high diamond, dropping the singleton queen in declarer's hand, but East-West cannot untie their suit, so declarer can always arrive at 10 tricks via a spade finesse.

On this occasion, West made it easy for Graff, starting with the fourth-best ◆7, which rode around to the singleton queen. Graff could have made 11 tricks at that point via the spade finesse, but he didn't need to take the risk. He ran nine more winners from there and claimed plus 430 – a cold top.

Established revoke

The Daily Bulletin staff owes an apology to Rozanne Pollack, a member of the Hansa Narasimhan team whose name was omitted from the runner-up squad in the

Wagar Women's Knockout Teams.

What's worse is that the incorrect name substituted for Pollack's was included correctly in the article right below the Wagar report, making the error even more glaring.

TD Olin Hubert thought the mistake was analogous to the revoke in which the culprit leads the suit he showed out of right back. "We tell people not to do that," Hubert said.

Bridge fan

LB Williams is working at the NABC as a caddy, and she's as enthusiastic as anyone when it comes to bridge. She's a player herself, and she has established a bridge club at the Colorado School of Mines, where

she is in graduate school. The club, she says, regularly attracts five tables.

The 26-year-old says she has been playing bridge since age 5, and she is in Nashville with her dad, Daniel, who is also caddying. "I love bridge," she says.

The other night, an allcaddy team, including LB

and her dad, won the midnight Zip Swiss Teams. The others were David Wein and Tim Crank.

LB's real first name is Leslie. She said she adopted the LB moniker because her home town has too many Leslie Williams's already.

Regards to Bill

Charlene Predmest of Delray Beach FL was walking back to the convention center after dinner on Friday when she was accosted by a panhandler. The encounter did not turn out at all as she expected.

The man asked Predmest, "Are you with the bridge tournament."

When Predmest said she was, the man had just one request: "Say hi to Bill Gates for me, will you?" **Priorities**

A player who had lost a wallet and had it returned noted sadly that the money was missing. Someone pointed out that at least none of her credit cards had been taken.

True, she said, noting that the two most important cards are the one that gets her into her exercise facility, "and my ACBL card."

Champion estimator

Inasmuch as they are bridge players, most tournament directors are competitive.

This is especially true when it comes to TD-type activities.

One of them is guess table counts at NABC, and the top dog, by far, is Chris Patrias.

It's not any kind of official competition, but Chief TD Rick Beye has kept track of the estimates and the estimators for nine NABCs leading up to 2007.

The players are TDs Sol Weinstein, Doug Grove, Millard, Betty Bratcher, Patrias, John Ashton, former ACBL Meeting Planner Nancy Foy, current Meeting Planner Jeff Johnston and Beye.

Patrias has made the best guess four times, Foy and Beye twice each, and Weinstein and Bratcher tied for the best guess for the 2004 Fall NABC in Orlando.

For 2007, Johnston had the best guess for St. Louis at 10,300 (nearly right on the money).

Jim Jacoby

For your information, Patrias has estimated that the Nashville NABC will end with 13,400 tables.

Fishbein Trophy

Harry Fishbein

Bjorn Fallenius

The player who earns the most number of masterpoints at the Summer NABC is declared the winner of the Fishbein Trophy, given in recognition of the accomplishment.

The 2006 winner was Bjorn Fallenius who earned 365 masterpoints: 190 for his victory in the von Zedtwitz Life Master Pairs, 125 for his win in the Open Swiss Teams and 50 for making it to the round of 16 in the Spingold Knockouts.

The Fishbein Trophy was donated by ACBL in memory of Sally Fishbein and in recognition of the untiring efforts of Harry

Fishbein, who served as ACBL Treasurer and refused to accept the customary compensation.

Fireman too hot for Narasimhan By Mark Horton

The key to this auction was South's decision to rebid 3*, after which North was always going to bid a slam.

West started with the ◆A and another diamond, and declarer won with dummy's king, drew trumps and then played three rounds of hearts. When West delivered the missing honors, declarer had a parking spot for her third spade: plus 920 and 10 IMPs for the trailing team.

By jumping in diamonds and then bidding spades twice, South certainly got her shape across on what was clearly a tough hand to express.

Declarer ruffed the club lead, unblocked the ♥A, crossed to dummy with a diamond and played two top hearts, pitching spades. When that suit broke she cashed the other top diamond and claimed when the suit broke 2-2, plus 640.

Would North-South at the other table find the slam?

The answer was a resounding no.

East led the AA, and declarer could do no better than discard a spade. East switched to a trump, and after taking dummy's ace, declarer came to hand with a diamond, drew trumps and played a spade. When East ducked, declarer had "escaped" for one down, minus 100 and a loss of 12 IMPs.

All but one of those points went back on the next deal when Sokolow-Molson reached 6♠ needing to bring in a trump suit of AQJ743 facing \$\&\ 8 \text{ for no loser. The \$\&\ K \text{ 10 9 2 were} offside, so the contract was two down - they stopped safely in game at the other table.

There was one more slam deal to cope with:

As you can see, 7 ♦ is easy to make – but not so easy to bid.

Once South had opened $4 \, \mathbf{v}$, the only way her side could get to diamonds was if she bid them over 5♣ – hardly an obvious move.

Five clubs cost minus 500 – could North-South improve on that at the other table?

I think Jill Meyers made a series of great bids on this deal. First, she decided to open at the one level, which kept diamonds in the picture. Then she jumped to show her potential playing strength. Finally she jumped to 64, clearly showing a void and terrific diamond support. It was up to North to apply the finishing touch to what would surely have been the auction of the year by jumping to 7♦

Even so, this was a fine effort that earned 14

There was not much in it going in to the third quarter, and for a while the teams were separated by only 1 IMP. Then Fireman struck two significant blows:

Few pairs have put as much work into building their bidding system as the German stars. Here, $1 \clubsuit$ was strong, $2 \blacktriangledown$ was a game force with the minors, making it easy for North to avoid any speculative venture. Declarer lost a spade, a heart and a club, for plus 420 and another 11 IMPs.

West made the only safe lead of a spade. Commentating on Bridgebase, I had predicted that Daniela would not only bid 6NT, but also that she would make it.

If declarer takes her 10 major suit winners ending in dummy she will be down to ♦A Q and ♣K. If West has blanked the ace of clubs, declarer exits with a club forcing a lead into the diamond tenace. If West blanks the ♦K, then declarer may elect to drop it – after all, West did bid a vulnerable 4. Plus there is still time to change your mind and take a diamond finesse – who cares if you go two down.

Alas, declarer won the spade lead in dummy and took a diamond finesse – one down, minus 100 and 13 IMPs that might have gone the other way.

Still, that kept the match reasonably close, and although Fireman tacked on another 10 IMPs early in the last quarter their opponents did not give up.

Mid-Atlantic: More than Gatlinburg

The Mid-Atlantic Bridge Conference thanks all ACBL members who once again made the annual Gatlinburg regional an unprecedented success. This is just one of our 10 regionals each year, so take a look at what you might have missed elsewhere.

Wilmington, NC, totaled 2,337 tables, a 22 percent increase from two years ago. We return Feb. 16-22, 2009.

Richmond, VA, attracted 1,921 tables, 8 percent more than two years ago. Next Memorial Day: Raleigh.

Bethesda, MD, drew 2,354 tables, by far the largest of the ACBL's six July Fourth regionals. Our first-time site was a real winner, and we'll be back.

Greenville, SC, may well have set a record for the greatest attendance increase from one regional to the next. The 2,114 tables was 41 percent more than the 2005 total. We're preparing for even more in 2009.

* Still to come in 2007: Hunt Valley, MD; Atlanta; Charlotte; Virginia Beach; Myrtle Beach. Next winter and spring; Williamsburg, Hilton Head, then Gatlinburg on April 14-20. Bookmark www.mabcbridge.org, your gateway to the ACBL's biggest and best regionals.

Mahaffey upsets Cayne

By the time South bid 3NT, he was known to hold a huge balanced hand, so North made a general try with 4NT.

South won the spade lead, cashed the top hearts and played a heart. West discarded a spade and declarer ruffed and advanced the *Q, covered by the king and ace. He ruffed another heart, cashed the *A and ran the 10 to West's queen. He took the diamond return in dummy, ruffed a diamond and claimed for plus 920..

North-South had a major accident in the bidding. South clearly thought they were playing Kokish, so he had shown a balanced hand, but North obviously though his partner had a heart suit.

West led a diamond for the queen, king and ace and declarer played a low heart to dummy's 10 and East's queen. He won the diamond return in dummy, cashed three rounds of hearts followed by three rounds of spades and two top clubs. That was 10 tricks, plus 420, but 10 IMPs for Cayne.

Mahaffey made a strong start to the third quarter even though at one table declarer missed a beautiful opportunity:

South led the ♦J, and North took the first two tricks and exited with a spade. Declarer drew two

rounds of trumps, and then played a club to the ace, North dropping the queen, ruffed a club, and crossed to dummy with a spade.

These cards remained:

At this point, if declarer ruffs a club and then plays a spade to dummy, he can exit with a club, endplaying South.

On the system card I could see, North's 1NT is 12-14 and he had already shown up with $\blacktriangle J$, $\blacklozenge A Q$ and $\clubsuit K Q$, so he could not have the $\blacktriangledown K$.

If this is still current then perhaps declarer should have found the winning line. As it was, he took a heart finesse and was one down for minus 100.

Nystom's 1♥ rebid showed five or more hearts and 16-19 high-card points or a hand with 20-plus HCP.

North led the ♦5, and declarer won with the jack. One possible line now would be to play a heart to the 9, hoping to find ♥J-x or J-x-x on side

Declarer opted for a spade to the king and when that held he played the AQ. That also held, and a third spade saw South win with the ace. He switched to a club, but it did not matter, declarer won in dummy, cashed the long spade and played a club – nine tricks, plus 600.

The vagaries of system put South on lead, and he found the testing ten of clubs, won by declarer's jack. Declarer made a good start by playing the ♠Q and South took the ace at once and played the ♣8 to declarer's queen. Declarer took three rounds of spades, South and dummy discarding a heart, North the ♦4. Now declarer made the human play of taking the diamond finesse and when North won he played back a club giving the defenders five tricks, plus 100 and 12 IMPs.

The computer simply exits with the ♣K (or cashes the ♠A first) and if South cashes his club winners North gets squeezed.

Once West was unable (or unwilling) to bid 3NT over 3♥, his side were in difficulties. A second double from East might have saved the day, but his actual choice of 5♦ was rudely dealt with.

Declarer won the heart lead, cashed a second heart, discarding a club and ruffed a heart. He then tried to eliminate the club suit, but saw North ruff away his ace. The •A and another diamond meant declarer was two down for minus 500 and a massive 15 IMPs for Mahaffey.

Mahaffey won the set 50-7, posting an insurmountable lead and they advanced to the last eight.

On this deal from the Mixed Board-a-Match Teams, the room played 3NT. It's best from the North hand to prevent the defenders attacking spades if East has the \$\infty 9\$.

In fact, when 3NT was played by South on a club lead, the defenders still have the tempo to establish clubs for the fourth defensive winner – but they have to be careful.

At our table, declarer received the lead of the ♣7, which went to the ace. Declarer won the second club and led a heart to the queen and ace. He took the third club in hand and played the ♥8 and ran it. Now West could be kept off play, and the long heart in dummy was good for the 10th trick.

Of course, if East ducks the first heart, declarer is likely to lead back to dummy's remaining top honor. Now West's ♥J represents the entry to the long club.

A curiously paralleled theme to the previous deal is contained in the following.

Dlr: East **▲** K Q 10 Vul: Both ♥ Q 10 9 4 ♦ Q963 ♣ K 8 **♦** 8 5 **▲** J 9 7 6 3 **♥** K 5 3 2 **♥** A 7 ♦ K 7 5 ♦ 4 2 ♣ Q 10 6 2 ♣ J 7 5 4 **∧** A 4 2 ♥ J86 ♦ AJ 108 ♣ A 9 3

How should South play 3NT on the lead of the fourth-highest \$2? The natural reaction is to duck, win the second club and take the diamond finesse. If you do, you will live and die by the success of that finesse.

A better approach (it can't lose and might gain) is the win the ♣A at trick one, simulating a show of strength, and immediately advance the ♥8. West might duck the ♥A K, East might fall from grace and duck the ♥8 – and the latter did happen at our table. If you are sure that clubs are 4-4, playing hearts just gives you a small extra chance. You can revert to diamonds if the heart loses.

"I don't play with my Dad that much," said Katz, "but I can ask him about any hand and get the *right* answer." His father is Ralph Katz, his mother Martha Benson Katz. Both have played internationally.

"My Dad is my biggest fan," said Meckstroth. His father is many-time world champion Jeff Meckstroth. "My Dad was watching our match on Bridge Base Online and was yelling at the computer screen. 'Pass 4♥, pass 4♥!'" Jeff could see that Matt shouldn't bid higher. "He says it makes him more nervous to watch me than when he is playing himself," added Meckstroth.

Glickman also comes from a bridge-playing family.

Katz is a sophomore at Illinois Wesleyan University majoring in economics. Goldfein is a junior at Cornell with a double major in computer science and mathematics. Glickman is a senior at the University of California at Berkeley. He is studying computer science. Meckstroth just graduated from the University of Florida with a degree in Spanish. He plans to teach for two or three years before going back to graduate school.

In the other matches on Friday, all but the Gromov-Mahaffey encounter were relatively close.

The Russian-Polish squad led by Gromov (Aleksandr Dubinin, Cezary Balicki, Adam Zmudzinski) turned a tight match into a rout with a big fourth quarter. Leading by only 17 with 16 deals to play, Gromov smoked their opponents (Jim Mahaffey, Mark Lair, Jhao Jie, Fu Zhong, Fredrik Nystrom, Peter Bertheau) 74-37 in the last set to win 192-138.

By contrast, Nickell trailed against the Richard Schwartz (npc) squad 88-72 with a quarter to go but rallied to win 115-95. Nickell is playing with Hemant Lall, subbing for an under-the-weather Dick Freeman, Jeff Meckstroth, Eric Rodwell, Bob Hamman and Paul Soloway.

The Schwartz team was Drew Casen, Micheal Polowan, Bjorn Fallenius, Peter Fredin, Piotr Gawrys and Bartosz Chmurski.

Henner-Welland's match against Steve Robinson was close as well, as Henner-Welland won by 23.

- (1) 15-17 high-card points.
- (2) Clubs plus another suit.
- (3) Transfer to hearts that was not Announced.

Final Contract: 3♥ by West.

Opening Lead: 48.

Table Result: Down one, North-South plus 50 **Facts:** The director was called after the play of the hand. East-West are a pickup partnership and both are experienced. No agreement existed concerning super-acceptance of a transfer.

Director's Ruling: The failure to properly Announce the transfer was judged to be UI for West. Had the transfer been properly announced, the 3♦ bid would clearly be some sort of superacceptance, which East would hope that West interpreted correctly. The result was adjusted to 4♥ down two, North-South plus 100. See Laws 16A2 and 73C.

The Appeal: Neither North nor South attended the hearing.

Both East and West were aware that this auction was undiscussed. West judged that the chance of East's interpreting 2♦ as a transfer was high enough to warrant a 2♦ response. East did not know whether his partner had diamonds or hearts, but decided that a 3♦ bid would cater to both possibilities. He did not play superacceptances with any of his usual partners other than a jump bid in responder's suit. West thought that his hand had too many losers to make game at all likely. Had he wanted to be in game, he would

20 0 T. 1.1

have tried $4 \clubsuit$ in an effort to get his partner to bid $4 \blacktriangledown$.

The box on the convention card in the notrump section, "system on over ____" was blank on both East's and West's convention card.

The Decision: Players are required to Alert or Announce conventional bids that they have explicitly discussed or implicitly understand through partnership experience. East-West had no agreement about the meaning of West's 2♦ bid, so not only did East properly not Alert, but West should not have been expecting an Alert. Thus, there was no UI to West regarding East's 3♦ bid. He was free to bid whatever he judged best.

Additionally, the committee agreed with West's bidding judgment that even if East was showing a good raise of hearts, with most of the defensive strength sitting over partner's hand, it was well against the odds for West to drive to $4 \checkmark$.

Finally, if West had chosen to play 4♥, he would have done so through a retransfer. Playing 4♥ from East's side would likely result in the same result that was achieved in 3♥ from the West side —- minus 50.

The committee restored the table result of $3 \checkmark$ by West, down one, North-South plus 50.

The Committee: Doug Doub, chair, Tom Carmichael, Jeff Goldsmith, Scott Stearns and Jim Thurtell.

(2) Break in tempo (BIT), North-South estimated to be 13-15 seconds, East 15-20 seconds.

(1) Club raise.

Final Contract: 6♥ doubled by North. **Opening Lead**: ♦7.

Table Result: Down one, North-South minus 100.

Director's Ruling: 6* by East, making seven, East-West plus 940.

The Facts: The director was called during the auction and after play had concluded. The BIT was acknowledged as above.

The Ruling: The director judged that a pass to 6♣ was a logical alternative (LA) call that would have been less successful and that bidding was demonstrably suggested by the BIT. In accordance with Laws 16A and 12C2, the director adjusted the result to 6♣ by East making seven, East-West plus 940, because it was the most favorable result likely had there been no BIT.

The Appeal: North stated that after his 4♥ bid, the subsequent bids of 5♣, 5♥ and 6♣ were very fast. He did not feel that his pass of 6. was different from his normal tempo. South said that he had wild distribution and that his seven-card suit had been vigorously supported by partner when he had only promised five of the suit. 6♥ was unlikely to cost more than the value of East-West's game and might even make on a good day. Had South been on lead against 64 he would not have expected a heart lead to do any good and would have tried a spade as the best chance to build or take a trick. East said that North's hesitation suggested South's $6 \lor$ bid. As to the opening lead, although a spade lead is logical, it could be the only lead to give away the contract.

The Decision: North had to make a high-level decision after three bids had been thrown at him in a very short time. In a "normal" game the time it took North to pass might not be considered a BIT, but in a fast pairs it probably was. Further, although North might have been considering a double with his actual hand, he might also have been thinking about bidding 6Ψ , which is the normal assumption. So, the committee did determine that the BIT demonstrably suggested that South bid 6Ψ .

However, look at the South hand. It has freakish distribution with a void in the opponent's suit and two additional cards in the suit that partner had jumped to game in. Although it need not work out best to bid $6 \checkmark$, it would be difficult to find a player who would not bid $6 \checkmark$ on the given auction. The committee did not consider pass to be a LA. Therefore, the committee restored the table result of $6 \checkmark$ doubled by North, down one, North-South minus 100.

The Committee: Doug Doub, chair, Tom Carmichael, Jeff Goldsmith, Scott Stearns and Jim Thurtell.

				NAME TO STATE OF THE STATE OF T	ECOND FINAL CE

Living on the edge

Matchpoint bridge is a strange animal, and sometimes you have to take big chances. Playing in the second final session of the NABC+ Fast Pairs, Jim Krekorian and John Onstott defended this deal.

Onstott led the ♠5 against 2♥ doubled and redoubled. Declarer won and led a club to the jack which held. He then led the ♦5 to the queen and West's king. Onstott cashed the ♠K and led another spade to Krekorian's jack.

Declarer now had to lose a club and two hearts for down one —- plus 400 for East-West, and a 51 on a 51 top.

Deep Finesse says that North-South can make $2 \checkmark$, so what could declarer do? When he led a diamond, if he had put in the 49, instead of the queen, that would force the 40K and he would have a discard for his club loser. Sometimes the difference between a top and a bottom is that

Tomorrow's schedule is on page 19.

Shuttle service

A system of shuttle services is being provided throughout the tournament to assist you in transportation needs. These shuttles cover the following:

- 1. Service to or from the Nashville Convention Center and the host hotels in the downtown area (Sheraton, Best Western, Doubletree, Courtyard by Marriott (4th & Church), Hampton Inn (behind Hall of Fame) and
 - 2. Dinner service to restaurant areas.

Please note – While these services are provided as a convenience to help you enjoy your visit with us, we are not equipped to move everybody. All of the unattached host hotels and many fine restaurants are within a relatively easy walk from the Convention Center. The transportation is there in case you find it too steep, too hot, your puppies are just too tired, or you can't believe you ate the whole thing. If it rains, be prepared, because not all will be able to ride.

What to Look For

Service can be provided by any of three shuttles:

- 1. Large Anchor 55 passenger usually white,
- 2. Medium A Black Mini Bus (has replaced the White Mini Bus),
 - 3. Small- Black 15 passenger van. Look for signs in the front curb side window

(opposite the driver). Each has a "Bridge Buggy" sign as well as another sign to identify the mission (route) it is currently on.

Hotel Service

Service begins at 8 each morning, and it will run continuously through most of the day. There will be planned breaks in service for an hour at 10 a.m. and for a half hour at 1 p.m. Service will be more frequent before and after the bridge events.

Hotels served include the Sheraton, Best Western, Holiday Inn Express, Hampton Inn (4th and Korean War Veterans), Courtyard Inn (4th and Church) and Doubletree. Guests at the Wyndham should walk to the Holiday Inn.

LAST CALL FOR SERVICE IS 12:45 a.m. Dinnertime

The shuttles run a continuous loop among the host hotels and the downtown eating establishments on lower Broadway and 2nd Avenue.

In addition, the black van will transport you to either Nashville's famous Swett's for great soul food or to Magic Circle for electric choices.

Request these locations to the van driver and he will arrange a time to retrieve you.

Convention Center is the Hub

Important: The Convention Center loading and unloading point is the Commerce Street entrance. This also applies to tours or any other special transportation.

Look for the Bus!

Generally, the services are to be provided in a continuous loop, and there will not be scheduled arrival or departure times. No announcement will be made in the hotels. Please: it is important that you actively look for the bus so that you make the connection! The bus will wait only a couple of minutes at each "stop," and if no patrons are seen, the driver will move on to the next location. Especially on the dinner routes. Be prepared to get the driver's attention. Many of these streets are very busy or narrow, and they are not conducive to any type of long-term stop or blockage of other traffic.

Hotel Service Frequency (note – these are estimates)

Sheraton: 8 a.m. to 10 a.m., 11 a.m. to 1 p.m., 10 minutes; all other service periods – 20 to 30 minutes. All other hotels, 20 to 30 minutes during service periods.

Drivers do appreciate tips!
