NABC success formula: hard work and good help

Muriel Altus and Jayne Thomas

When it comes to putting on an NABC, this year's chairs – Jayne Thomas, Muriel Altus and Phil Altus – knew just what to do: recruit the right volunteers.

At the 2010 Fall NABC in Orlando, the payoff was lots of compliments from the players.

"So many people have told me what a nice tournament it has been," said Muriel, "and that really makes us feel good."

Thomas, she said, selected the team that did so well this time around – the fourth Fall NABC hosted by the city of Orlando and the 10th NABC in Florida. There have been seven NABCs in the fall and three in the summer.

"Jayne picked fabulous chair people and just let them go," said Muriel, "and all the chairs had super helpers."

Thomas, chairing her sixth NABC, offered thanks to the players who made the 2010 tournament a success: "Thank you for attending the District 9 2010 NABC. We hope you enjoyed the free coffee, orange juice and sunshine, the

trademarks of all Florida tournaments."

She also recognized the hard work of the various volunteer chairs (see the list at the end of this article). "I want to thank all the volunteers who put in countless hours to make the tournament a success," she said.

In all, Thomas said, players enjoyed more than 70,000 cups of coffee and 35,000 cups of orange juice.

Muriel Altus urged players "to join me in thanking the superb ACBL staff" who made the tournament run smoothly.

Her message to the players: "It has been a distinct pleasure hosting the tournament. We hope you are going home with lots of masterpoints, plenty of fond memories and a little sun tan."

Thomas and Phil Altus have both served as District 9 representative to the ACBL Board of Directors. Muriel is also heavily involved in Florida bridge, her favorite job being the work she

Player of Year race now wide open

Brad Moss is still in the lead for 2010 Player of the Year honors, but his team's failure to qualify for the second day in the Reisinger Board-a-Match Teams increases the chances that he will be makes it to the Reisinger final on Sunday, Stansby will have an excellent shot to become 2010 Player of the Year. Alan Sontag is also in the running.

Nickell leads Reisinger, going for three straight

The team captained by Nick Nickell, winners of the Reisinger Board-a-Match Teams in 2008 and 2009, took the lead after two qualifying sessions as they strive for a third straight title in one of the ACBL's toughest contests.

Nickell has won the event seven times with few changes in the roster. His current team is Ralph Katz, Bob Hamman, Zia Mahmood, Jeff Meckstroth and Eric Rodwell.

The field was reduced to 20 teams for today's two semifinal sessions. Nickell's carryover of 11.47 is less than a board ahead of the second-place team: Magnus Eriksson, Sandra Rimstedt, Shane Blanchard and Bob Blanchard.

Ten teams will play in the final two sessions on Sunday.

Two tied for lead in North America Swiss

Teams headed by Betty Bloom and Jun Liu enter today's place in the Keohane North American Swiss teams in a dead tie, both with carryover of 28.78 victory points.

Bloom, of Duanesburg NY, is playing with her husband, Steve, and the father-son partnership of Bob and Shane Blanchard of New York City.

Jun, of Nanjong, China, is teamed with Yan Wang, Scarborough ON; Jianfeng Luo, North York ON; Shan Huang, Toronto, and Nongyu Li, Sunnyvale CA. In third place are Shawn and Joe Quinn, Nagy Kamel, Jeff Hand, Gail Greenberg and Dan Jacob.

Super Senior Pairs starts today

A new national-level event debuts today at the Orlando NABC: the Super Senior Pairs. The event is open to players age 70 and older. The contest begins with a two-session qualifying round and concludes with a two-session final on Sunday. The contest will be played at 10 a.m. and 3 p.m. each day.

Players should note that a win in this NABC contest does not count toward the rank of Grand Life Master.

overtaken.

Moss was on the John Diamond team, now out of the Reisinger after posting scores of 11 and 12 in the first two qualifying sessions. Average was 12.

At the end of the Kaplan Blue Ribbon Pairs on Thursday night, members of the Diamond team occupied six of the top seven spots in the Player of the Year race. The winner is the ACBL member who earns the most platinum masterpoints in a calendar year. Those points are available only in nationally rated events with no upper masterpoint limit.

Lew Stansby, sitting in fourth place in the Player of the Year standings, is still in the Reisinger, just 66.91 masterpoints behind Moss. If Stansby's team, captained by Martin Fleisher, will earn 200 platinum masterpoints. The Keohane North American Swiss Teams winners will take home 160 platinum points.

Last year's Player of the Year was Jeff Meckstroth.

The top 10 as of Thursday night: 1. Brad Moss, San Anselmo CA 660.02 2. Fred Gitelman, Las Vegas NV 630.70 3. Eric Greco, Philadelphia PA 620.02 4. Lew Stansby, Dublin CA 593.11 5. Table count **11,148** through Friday evening Have you ever wondered what happens on a board you just played at other tables? You can find out some of what happened by looking at the recap sheet – some pairs went minus 100, others were plus 110 – but you don't know exactly what happened or how the bidding went. On Friday, Dave Smith followed boards 1 and 2 around the room in the Reisinger Boarda-Match Teams to record the action at every table. His report is on page 6.

Here's a reminder that the preferred way to call a tournament director is to raise your hand and say, "Director, please."

Convention card reminder

Each player is required to have a convention card filled out legibly and on the table throughout a session. Both cards of a partnership must be identical and include the first and last names of each member of the partnership.

If a director determines that neither player has a substantially completed card, the partnership may play only the Standard American Yellow Card and may use only standard carding. This restriction may be lifted only at the beginning of a subsequent round after convention cards have been properly prepared and approved by the director. Further, the partnership will receive a 1/6-board matchpoint penalty for each board played, commencing with the next round and continuing until the restriction is lifted. In IMP team games, penalties shall be at the discretion of the director.

If the director determines the partnership has at least one substantially completed convention card but has not fully complied with ACBL regulations, the director may give warnings or assign such penalties as he deems to be appropriate under the circumstances.

The objective of these warnings and penalties is the encouragement of full compliance with ACBL regulations.

Electronic Device Policy

The electronic device policy is revised as follows:

1. For all NABC+ rated events at NABCs: Electronic devices, including but not limited to, phones, cameras, PDAs, and others capable of sending or receiving electronic communication are excluded from the playing areas during any session of play. This does not apply to health-related equipment.

2. For all events at an NABC other than a NABC+ rated event: Except for health-related equipment, or by permission of the Director-in-Charge of the tournament, cell phones, audible pagers or similar equipment may not be operated or operable in any manner in the playing area during a session of play. Any such equipment must not be visible during the session. Sponsoring organizations of other ACBL-sanctioned events are encouraged to adopt a similar policy.

3. These restrictions in numbers 1 and 2 above apply to all pairs, team members, captains, coaches, play recorders (except those designated by ACBL) and kibitzers and are in force throughout any actual playing session or segment of play.

4. A violation of any of the restrictions in numbers 1 and 2 above will result in a disciplinary penalty of one full board (12 IMPs at that form of scoring) for the first offense. A second offense will result in disqualification from the event for the pair/team. Kibitzers violating this policy will be removed from the playing area for the remainder of the session. offers orange juice at 9 to 11 a.m. and 1 to 3 p.m. and coffee at the same hours plus 7:30 to 10 p.m.

After the evening game, all players are invited to enjoy snacks and entertainment at 10:30 p.m. in Crystal Salon J.

Bid Box Alerts and Announcements

When using bid boxes, the ACBL requires that players tap the Alert strip and say "Alert" at the same time.

When making an Announcement, use the Announcement word (such as "transfer") and tap the Alert strip at the same time.

A player who Alerts or Announces a bid must make sure his opponents are aware that an Alert or Announcement has been made.

JUST FOR NEW PLAYERS

Dear New Players—

Rise and shine! Only two days left, so we need to make the best of them.

First, let's start out with your responses to my "speechless" story yesterday about the women who, because

they don't understand or like notrump, never bid it or play in it. My goodness! This seems to have struck a chord with many of you.

"How can you play bridge without notrump?"

"How does this work. I don't like it, either."

"Is this legal?"

"Who are they? I want to play against them!"

"Is it even bridge if you don't play notrump?"

"I don't like spinach, but I eat it anyway."

"Can they do that?!"

I talked to a few director friends, and we all agreed that legally, indeed, they can do that! You can't compel someone to bid notrump if they don't want to. We all also agreed that, in the interest of full disclosure, those ladies should inform the opponents when they first sit down that they don't bid or play notrump. They should be prepared for the same stunned amazement that we all felt when we first heard that, and they should be ready to tell people to just keep their questions and comments to themselves!!

That said, I would love to have access to those ladies for a few lessons. They must be extremely creative in their bidding to make up for the lack of notrump in their lives. They also must play the cards like demons, because obviously they are in the wrong contract a huge majority of

This is your penultimate lesson on card

combinations, so pay attention. You need to know

the time! I bet I could whip them into shape in no time!

I would suggest to them that when they get home, they get on their computers, go to www.acbl.org, and *find a good local teacher* who will unveil the mysteries of notrump. It will change their lives!!

Last night, I was running a class for some beginners, and when we were playing our practice hands, one came up where the bidding was a little strange. There was a 1NT opener, followed by a 3NT response. The pair ended up getting the highest score. It seems that opener had a five-card spade suit, but had tucked one of her spades in with her clubs by mistake, causing her to bid notrump. The responder had a four-card spade suit, and forgot about Stayman. A "cascade of errors," as my friend Shirley would say.

They were the only pair in 3NT ... and with a nine-card spade suit that sure makes sense, no? Everyone else in the room made 4 A for 620. The confused pair made 4NT, and got a top board with 630.

I hope our Notrump Refusers are reading this today. Maybe that story will inspire them a little!!

As I look over the list of Life Skills my friend gave me to consider, my eyes keep returning to one that she highlighted, underlined and circled: *Evaluating future consequences of present actions for self and others*.

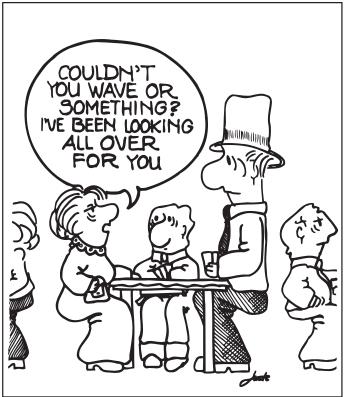

Hmm. I wonder which of my (many) fiascos she's referring to. Maybe it was when I went down 2000 points?

(Listen: here's what happened. See if you wouldn't do **exactly** the same thing! I held

▲ — **♥**A Q 10 8 4 2 **♦**A K Q 9 7 **♣** 5 3.

My LHO opened $1 \bigstar$, Pard passed and RHO bid $4\bigstar$, showing a weak hand with a huge spade fit. I stopped (briefly) to think and then bid $5\heartsuit$, which I thought then and still think, was reasonable. LHO doubled me. How was I to know that LHO was void in diamonds,

Thinking bridge By Eddie Kantar

had ♥K J 9 7 5 and the ♣A K? It could happen to anyone, right? Right?)

Was it when she was in a slam off two aces? I admit it, I got confused. I thought we were playing RKC 0314, and I told her I didn't have any aces. But we had agreed we were playing RKC 1430. She interpreted my bid to mean I had one ace. She had every right to do so. But it's easy to be confused, isn't it? I bet it's happened to you, right? No? You keep track of those things? Oh...

Well, enough of this. I'm just making myself depressed.

Today when you are playing, think of me. Maybe I should, in the interest of full disclosure, warn my students and readers regarding those two stories. But as my Dad used to say (usually when I asked why I couldn't start smoking!) "Do as I *say*, not as I *do*."

Evaluate your consequences, and pay attention to what you have agreed to play with your partner!! And use that fabulous notrump whenever you can.

Keep me posted with your unbelievable stories! mronemus@comcast.net

Bidding commentary: Some hands just don't

Opening lead: Opening lead: \blacklozenge J.

Play commentary: You have eight top tricks outside of clubs, a suit you must set up for four tricks. If clubs are 3-2, you are home free. If either player has four to the ace, you are a cooked goose. The one thing you can do something about is if one player has the singleton ace and you can arrange to have that player play second to the trick not leading an honor from your hand. As East is void in diamonds (he showed out at trick one), if anyone would have a singleton club it would be West, so win the opening lead in your hand and lead a low club. It's your best chance if clubs are not 3-2.

(1) Alleged break in tempo (BIT).

The facts: East played $3 \blacklozenge$ doubled down one for North-South plus 100 after the lead of the $\bigstar A$. The Director was called after East's $3 \blacklozenge$ bid. North-South claimed that there was a BIT by West after South's $2 \bigstar$ bid. East-West denied that there was a BIT.

Director's ruling: Law 16B1(a) requires that "the partner may not choose from among logical alternatives one that could demonstrably have been suggested over another by the extraneous information." Law 16B1(b) provides that "A logical alternative action is one that, among the class of players in question and using the methods of the partnership, would be given serious consideration by a significant proportion of such players, of whom it is judged some might select it." The Director ruled that even if there was a BIT by West, pass was not a logical alternative bid by East. Pursuant to Law 16A1(a), the table result was allowed to stand.

The appeal: North-South appealed and all four players attended the hearing. North-South argued that pass was a logical alternative to bidding 3 ♦ by East. East-West argued that West is always deliberate and thus there was no BIT, and that East has no defense against a spade contract, but has a good playing hand opposite a takeout double.

The panel polled four players in the 3000 to 8000 masterpoint range. Three of the four felt that pass was a logical alternative to bidding $3 \blacklozenge$ with the East hand. At the very start of the screening process, West explained that her hand had extra values for her takeout double. West's extra values lend credence to the allegation that she had a problem over $2 \clubsuit$ and that a BIT occurred.

The decision: The panel ruled that there had been a BIT. The hand itself suggests that West had something to think about and West's initial comments in the screening process suggest that there had been a BIT. The polling results from the panel indicate that pass was a logical alternative to bidding $3 \blacklozenge$ with the East hand. Pursuant to Law 16B1, the panel determined that East not be allowed to bid $3 \blacklozenge$ when it might have been suggested by the BIT. Therefore, the result was adjusted to $2 \bigstar$ by South, making two, for plus 110 for North-South.

The panel: William Michael, chair, Bernie Gorkin and Tom Marsh

Slow Play

Slow play, as opposed to careful or thoughtful play, is discourteous to your opponents -- and to all other competitors as well. Players and pairs who take more than their allotted time are subject to penalty. In general, pairs who are rarely late will be warned while pairs who are habitually tardy and/or pay no attention to time limits will be penalized.

Curious view

Steve Shirey and Allan Stauber were playing in the Mitchell Board-a-Match teams the other night. When they finished the round early, one of their opponents, a woman, asked if she could read their convention cards.

Shirey plopped them both down in front of

a tale on himself, as this anecdote he provided demonstrates.

Gowdy was returning to the playing area after a poor effort in the Blue Ribbon Pairs, and his partner asked Gowdy if he had misplaced his sports jacket.

The finesse had to be winning By Phillip Alder

When asked for a deal after their most impressive win in the Edgar Kaplan Blue Ribbon Pairs, both Jay Borker and Jans Jansma talked about Board 3 of the final session (rotated to make South the declarer):

Jansma control bid 6.4 to confirm he had firstround control of the suit. And Borker jumped to the grand slam because he was sure from the auction that West would have the $\mathbf{V}K$.

West led the $\blacklozenge Q$. Declarer ruffed in the dummy, drew trumps, played a club to his ace, and ran the $\blacklozenge 9$. When the finesse worked, as expected, and the suit divided 3-2, Jansma claimed.

Plus 1440 was worth 37.5 matchpoints out of 38.

The other pair to reach the grand slam was ACBL CEO Jay Baum and Billy Esberg. This was their sequence:

Baum realized that his partner had a 2.4 opening with both red suits and a spade void. He pictured:

club good and claim her grand slam.

So Kaplan played the A and a club to the king. Disaster! RHO showed out and she went down.

In a post-game discussion of the deals, Kaplan was bemoaning her bad luck when an Italian friend said, "Peggy; Peggy! Just run all your tricks! You will have complete count on the hand and know

the woman, who looked them over and said to him, "I'm going to read your partner's because his handwriting is better than yours."

"That's interesting," said Shirey, "because Allan lost his card the other day, so we took mine and made photocopy of it for him to use."

Achieving average

Two expert bridge players, one a world champion many times over, were playing in a regional pairs event this week and started off spectacularly with two cold tops on the first round.

Then the world champion's cell phone went off and he – and partner, of course – was penalized a full board for his sin. Just another average round.

Bad karma

John Gowdy of Toronto is not averse to telling

A voice from behind – a person who knows Gowdy well enough to give him a good-natured hard time – added about the jacket, "Yeah, it was filled with stupid."

Peggy Kaplan was feeling put-upon on a deal from the Open Board-a-Match Teams. She found herself in 7♦, needing four tricks from &K Q 10 3 2

At one point in the auction, Kaplan's righthand opponent, Wafik Abdou, had doubled a heart bid by her partner, and she won the opening lead (no ducking in a grand slam) with the $\mathbf{v}A 5 4$ opposite five to the J-9.

She thought about cashing the ace and finessing the 10, but if the suit was no worse than 4-2, she could ruff a club to make dummy's fifth

Good chemistry

Jon and Sally Lusk of Ypsilanti MI gave kudos to the Partnership Desk for their talents in matching them up with teams. For the Wednesday B/C/D Swiss, the Lusks and their teammates from the PD came in second in the event. Four days later, the Lusks tried their luck again, and their PD teammates helped them win the Sunday B/C/D teams.

Through an expert's eyes

When you play bridge, you only have 13 cards. Should be a simple game, right?.

One of the beautiful things about bridge is its complexity. There are so many variations. The bidding of the same deal can be so different, depending on the players' methods. The card play obviously varies as well. Who's on lead, what do they lead — all this affects the final result. One declarer pulls trumps, another one works first on side suits. If the game was easy, most players would move on to something else.

Yesterday, a Daily Bulletin reporter followed boards. 1 and 2 in the first qualifying session of the Reisinger Board-a-Match Teams. The best players in the world are playing in that event. Why not see how they bid and play?

(There were 12 rounds, but board No. 1 was observed only 11 times. The play at one table was missed because of a late play at another.)

What contract would you want to play as East-West on this deal?

Dlr: North	▲ K Q 4	
Vul: None	♥ 10 8 6	
	♦ Q 6 5 2	
	♣ A K 2	
▲ A 10		▲ J 8
♥ A K 7 4 2		♥ 9 3
♦ A K J 8		♦ 10 9 4
\$ 97		♣ Q J 10 8 4 3
	♠ 976532	
	♥ Q J 5	
	♦ 7 3	
	* 6 5	

On board No. 1, a club partial by East-West looks normal, but the opponents interfere, and it's not so easy. This is the auction at one table:

West	North	East	South
Jacobus	Schermer	Wold	Chambers
	1♦	Pass	1
Dbl	2	3*	Pass
3♥	Pass	?	

At several tables, North made a support redouble. That allowed East to bid 2♣, then later rebid the suit. In the auction at one table (shown above), however, John Schermer raised to 2♠. Eddie Wold bid 3♣ and Marc Jacobus bid 3♥. East and West had defined their hands fairly closely and 3♥ was the final contract. Schermer led the ♠K to the ace and Jacobus advanced a low heart. South won and switched to the ♦7. Declarer won, drew trumps and eventually conceded one spade, two clubs one heart and one diamond for down one.

In each of the heart contracts, declarer led a low heart after gaining the lead. There are layouts where leading the \checkmark A K and another would allow the defenders to play a fourth round, before tapping declarer by leading spades. Because the defenders have two heart honors and good spots, they can set $3 \lor$ two after this. By leading A K and another, South can ruff high. This allows North-South to take one spade, two clubs, two hearts and one diamond. Of the 11 times the board was observed, the deal was played in six different contracts. The most common contract was 3♥ down one (four times). It was also played in 4♥ down two (twice), in 5♣ down one (twice), in 2 (by South) doubled and down three (once), in 3* making four (once) and in $3 \blacklozenge$ making three (once).

turn was Alerted as 12-14 high-card points. East wanted to bid 2 after West's takeout double, but was afraid his partner would interpret that as a cuebid. He bid 1, therefore, and was raised to game. This was down two.

Bob Blanchard and Magnus Ericsson bid to 3. for a great result:

West	North	East	South
Blanchard	Cohler	Ericsson	Mahaffey
	1♦	Pass	1 🛦
Dbl	Redbl	2*	Pass
2♥	Pass	Pass	2
Pass	Pass	3*	All Pass

Eriksson lost the obvious three tricks and scored plus 130. A plus score was golden.

Bjorn Fallenius and Mike Moss had the only other plus score while declaring the contract. They bid to an interesting $3 \blacklozenge$ contract:

-				
	West	North	East	South
	Fallenius	Diamond	Moss	Platnick
		1NT (1)	Pass	2 🗸 (2)
	Dbl	Pass (3)	Pass	Redbl (4)
	Pass	2	Pass	Pass
	Dbl	Pass	3*	Pass
	3♦	All Pass		

(1) 14-16 high-card points.

(2) Transfer.

(3) Denies three spades (North downgraded because

he held a minimum and 4-3-3-3 distribution).

(4) Retransfer.

After Fallenius showed a strong hand with red suits, Moss passed $3 \blacklozenge$. John Diamond led the $\clubsuit A$ and switched to the $\bigstar K$. Declarer won the ace and played $\checkmark A K$ and another, ruffing with the $\blacklozenge 10$. A club was led from dummy to the 9 and Diamond's king. North cashed the $\bigstar Q$ and followed with the $\bigstar 2$, hoping his partner, Brian Platnick, could ruff with a high diamond. South did the best he could by ruffing with the $\blacklozenge 7$, overruffed with the 8.

Declarer led a heart and ruffed with dummy's 9. He continued with a diamond to his ace to lead his last heart. North had to ruff and was endplayed. Diamond had to lead from his \diamond Q 6 into West's \diamond K J — making three.

Where would you want to play as East-West on board No. 2?

2 (4)	Pass	3♥	All Pass

(1) 14-17.

(2) Puppet, original version.

(3) Forced response.

(4) Four hearts, invitational.

The contract of $3 \checkmark$ made with an overtrick. Of course, $3 \checkmark$ would be a great contract if the $\blacklozenge A$ was behind the king or if trumps had split poorly. The field pushed to game, however, and the two pairs who stopped in $3 \checkmark$ paid a steep price.

The bidding at table 12 showed that there are different routes to the same destination:

West	North	East	South			
Molenaar	Michielsen	Groenenboom	Dekkers			
		1*	Pass			
1 (1)	Pass	1NT	Pass			
2 + (2)	Pass	4 ♥ (3)	All Pass			
(1) Promises at least four hearts.						

(2) Artificial ask.

(3) Four hearts and 14-16+.

The $\diamond Q$ was led to declarer's king. Declarer advanced a low spade and South took her queen. She cashed the $\diamond J$, and a low diamond, ruffed by declarer. A club was led to dummy's ace and the $\diamond 10$ was led. Declarer ducked and South won her $\diamond K$. She exited with the $\diamond 6$. Declarer drew trumps ending in hand and claimed four.

Here's another auction in which East didn't open 1NT:

(1) Could be a doubleton.

East-West were playing a version of the Precision club. East had a maximum in their system, so he jumped to $3 \checkmark$ at his second turn. East-West had a way to show shortness, so the 3♥ rebid was a good description of the hand in their methods — a good 14 or 15 HCP with no singleton. Morse led a low club and Stauber won his ace. He led the $\diamond 2$ to the king and another taken with the jack. Sutherlin continued with the &J, taken with the king. Declarer ruffed a diamond in dummy with the \mathbf{v} 7. He followed with a low spade from dummy, won by South, who lead a club to North's queen. At this point, declarer had transportation to ruff two diamonds in dummy, so North exited with the 13th club, hoping South had better trumps. Stauber discarded a spaded from dummy and ruffed in the closed hand with a low trump. He played the ▲ A and ruffed a spade, drew trumps and claimed.

At one table, the final contract was 4♥ by East!						
West	North	East	South

1♣ was Polish club and 1♦ showed any of several different hands. North's pass at his second

♥ 9 4
♦ Q J 10 6
♣ J 10 4

This looks like a deal where East would open a strong 1NT, West would locate the 4-4 heart fit and bid game. In fact that's what happened at nine of the 12 tables. Two pairs stopped in $3 \checkmark$ and made four and one declarer went set in $4 \checkmark$.

The 1NT range made a difference. Where it was 15-17, pairs had no trouble reaching game. In the cases where 1NT showed 14-16, it was harder.

West	North	East	South

Another pair use a range of 14-17 HCP and that made it hard to bid game.

thank them when you see them. They really know how to put on a tournament down here in Florida.

The S.C. sent a note today asking that all 165,000+ ACBL members remember to think of others this holiday season. The Insider was touched until he realized he meant that each member send \$5 donation to the Commander's Fund to help offset some of the costs of the S.C.'s upcoming holiday party. Although no ACBL employee has ever been invited, it is common knowledge that this party is the social event of the Metro Horn Lake holiday season. Over a thousand dignitaries from all over the world flew in for last year's party and with the addition to the dining room, the S.C. expecting an even larger crowd this year. The Insider wishes you and yours and equally extravagant holiday season and some great bridge between now and the Spring NABC. Thank you and good night -- see you right here (assuming the Bulletin Boys don't smarten up) next March in Kentucky.

What to bid? By David Brough

What to bid with a freak hand is always a problem, especially at teams. So, when this hand came up in the first round of the Tuesday-Wednesday Knockout Teams, it was bound to present lots of problems, and opportunities at the same time.

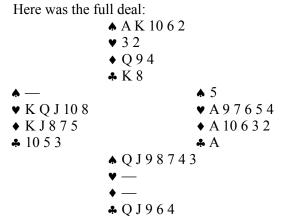

With none vulnerable, you pick up:

▲Q J 9 8 7 4 3 ♥— ♦— ♣Q J 9 6 4 2 in fourth seat, and hear this unlikely auction in front of you: $1 \checkmark$ by left-hand opponent, $1 \land (!)$ by partner, 3♠ (splinter) by RHO. Now what?

I have given this hand to several good players, and most have groaned and been very unsure of how to proceed. There were bids ranging from pass to an immediate $7 \bigstar$. The consensus seems to be 6. But what would you bid? Think about it before reading the rest.

At the table, this hand decided to make the consensus $6 \bigstar$ bid. It then went pass, pass to his RHO. This person had an interesting problem as well, but decided against the bold 7♥ call with:

▲5 **♥**A 9 7 6 5 4 **♦**A 10 6 3 2 **♣**A, not fully trusting his partners pass of 6. He doubled, hoping to cash a couple of aces. Declarer quickly claimed making six for plus 1210 his way, when he held the A K and the K.

The result at the other table was the same 1210 for a push board! The auction started the same, but this South bid $4 \clubsuit$ over $3 \bigstar$, trying to find out if he should save over $7 \bullet$ or not. When his RHO bid $4 \bullet$ over that, he also leaped to $6 \bigstar$, which was doubled and made.

Vero Beach Bridge Club Stati-Flighted A/X and B/C/D Swiss Teams

During WWII, Vero Beach FL had been a naval base, but by 1960, the Navy was gone, leaving Vero's small population singing "The Little Town Blues." Good news: several energetic players started a duplicate bridge game. Bad news: they couldn't find a club house. They floated from one place to another for 35 years until finally they struck gold – a broken-down bowling alley. The members bought bonds to pay for renovations and in incredibly fast order, the bowling alley became a spacious, attractive bridge club.

Sponsored Games

Now we are the 10th largest bridge club in North America. We play 363 days a year, including several weekly games for our expanding group of novices. At the beginning of our games, the cards have been shuffled. At the end, the results, hand records and printouts are ready. We have five popular sectional tournaments a year. The food prepared for these tournaments is legendary. Our teaching program caters to students at all levels. Additionally, we host a "celebrity series," with teaching greats like Larry Cohen and Marty Bergen. The Vero Club provides a relaxed and collegial atmosphere. Our members are always polite to their partner and opponents, and never belligerent. Never? Well, hardly ever.

Martha McGhee Bracketed KO Teams 9

Martha McGhee, a career teacher, totally immersed herself in bridge after arriving in Orlando from Maine. Her love for the game and drive to share her passion helped to created a large, solid player base for the Orlando Metropolitan Bridge Center. For 25 years, Martha has taught, directed and guided players from the 'Learn-to-Play' level to holding thousands of points. The OMBC is proud to recognize her positive impact on our club!

Ronna Kosack tells us: Pat Janis (1937-2008) was a Bronze Life Master and the best friend and bridge partner anyone could ever want. She was a good ambassador for our game as she was always kind to her opponents as well as her partners. She is missed by her many friends in Unit 102.

Monitoring

At this and future North American Championships, ACBL will be monitoring NABC+ events with visible, real-time cameras. The images will be recorded and will be available for later official inspection and review.

By general monitoring of the session and participants' behavior, ACBL has another source of information that may be useful in determining facts and settling issues arising from some types of ethical and behavioral complaints or actions. Please summon a director if a problem occurs at the table.

This procedure is intended to assure everyone that the playing field is level and that misbehavior will not be tolerated.
