New partnership tops in Silodor Open

Nick L'Ecuyer and Stephen Landen scored 65.23% in the first final session and 66.29% in the second to run away with the Silodor Open Pairs.

L'Ecuyer of Montreal QC and Landen of Ellicott City MD are a fairly new partnership. "We've only played once in a regional and two or three times in San Diego," said L'Ecuyer.

The pair credits aggressive bidding for many

of their good results. "We knew we had a huge game going," said

L'Ecuyer. "We had one bad round, but the rest were good."

The winning score was 2299.89 where 64 was top. Chris Larsen of Costa Mesa CA and Joe Kivel of Newport Coast CA were second with 2165.32.

Third place went to Alan Sontag and David Berkowitz with a score of 2124.74.

Four routs set up Vanderbilt semis

There were no close matches in the quarterfinal round of the Vanderbilt Knockout Teams on Friday as teams captained by Pierre Zimmerman, Aubrey Strul, Martin De Knijff and Martin Fleisher cruised into today's semifinals with impressive wins.

The semifinal matchups are Zimmerman versus Strul and Fleisher versus De Knijff.

In Friday's matches, Zimmerman (originally seeded No. 16) took the first quarter against the John Onstott team 42-3 and finished with a 154-79 win.

Strul built an 80-IMP lead against the Carolyn Lynch squad and was ahead 176-67 after three quarters when Lynch withdrew.

Bid Box Alerts and Announcements

When using bid boxes, the ACBL requires that players tap the Alert strip and say "Alert" at the same time.

When making an Announcement, use the Announcement word (such as "transfer") and tap the Alert strip at the same time.

A player who Alerts or Announces a bid must make sure his opponents are aware that an Alert or Announcement has been made.

Monitoring

At this and future North American Championships, ACBL will be monitoring NABC+ events with visible, real-time cameras. The images will be recorded and will be available for later official inspection and review.

By general monitoring of the session and participants' behavior, ACBL has another source of information that may be useful in determining facts and settling issues arising from some types of ethical and behavioral complaints or actions. Please summon a director if a problem occurs at the table.

This procedure is intended to assure everyone that the playing field is level and that misbehavior will not be tolerated.

JUST FOR NEW PLAYERS

Preempts from both sides By Lynn Berg

Preempts are wonderfully efficient bids. They tell partner so much so quickly while (we hope) making things tough for the opponents. Look at the preempt box on the back of the card: What is your partnership agreement about the quality of your preempts?

First, consider preempting in first or second seat when partner's hand is unknown. This is the time for some discipline. Your message: "If my suit isn't trump, I won't take many tricks. I don't have more than one big card outside my suit." When partner hasn't had a chance to bid, your suit should be reasonably good. When you are vulnerable, that's even more important. Then think about preempting in third seat – partner couldn't open, nor could one of the opponents, so it's reasonable to think the player in fourth seat has a pretty good hand. Why make it easy? Preempting delivers your message and makes the auction for challenging for the opponents.

Preempt at the level which describes your hand: six card suits at the two level (not clubs for most of us!), seven cards at the three level and eight cards at the four level. The same bids also work as overcalls in many cases. However, when an opponent has opened with a weak bid, your jump overcalls are not weak – they show strength. For example, your right-hand opponent opens a weak $2 \checkmark$. If you bid $3 \diamondsuit$, that is not weak. It shows an intermediate-strength hand (16 or more highcard points) and a strong suit.

Preempting if your partner has opened is often counter-productive. If you have at least six points, just bid your suit at the one level and bid it again as necessary. Partner should get the message.

If you like the idea of weak jump shifts (e.g., partner opens 1 & and you respond 2), remember the message: Your hand is not strong enough to bid at the one level. You might have

▲KJ76542 **♥**53 **♦**87 **♣**63.

The problem with passing is that if the player in fourth seat also passes, partner might be playing

a 4-2 or 3-2 fit. If you don't play weak jump shift responses, you probably should bid $1 \bigstar$, planning to rebid the suit at the lowest level possible at your next turn.

Your two-bids and their responses are an important part of preempting. RONF, Raise Only Non-Force is a common approach. That means when you open with a weak two-bid, partner's only non-forcing bid is a raise of your suit. Assuming partner is not a passed hand, any other bid he makes cannot be passed. If partner bids a new suit, raise with any three trumps or doubleton honor. Bid an ace or king in another suit. Rebid your suit with none of the above.

The 2NT response to your two-bid is something else you have to decide as a partnership. It is usually an asking bid. The simplest system of responses is for opener to show a "feature," defined as an ace or king (some include queens).

If you have no outside entry, just rebid your suit. On the rare occasion that you have six to the A-K-Q, you can bid 3NT over the inquiring 2NT bid, promising a solid suit.

Is a new suit forcing over your three-level preempt? It probably should be if partner is not a passed hand. Don't forget, you really can't force the bidding effectively as a passed hand.

The good news about preempts is that they are efficient and can make life tough for the opponents. The bad news is sometimes they make life tough for your partner. That's why I like the idea of reasonably disciplined bids – especially in first or second seat – for those of us who are not great experts or whose partnerships are still developing.

When you are thinking about bidding after partner has preempted with a good hand, evaluate your hand with partner's suit as trumps. His weak hand may not yield much if another suit or if notrump is played, but your good hand will always provide some tricks to help his hand. Always consider both hands, not just yours, and remember to count to 10 -or 11 if partner preempts in a major. If partner promises five or six tricks for

Bidding commentary: After South's strong, artificial 2* opening and North's 2* waiting response, the raise to 3* is constructive. With a weak supporting hand (no ace, no king, no singleton), North jumps to 4*. When North shows one ace in response to Blackwood, East is alert enough to double. The double of an artificial bid (Stayman, transfers, Blackwood responses) is a lead-directing double. At this level, length is not an issue, strength in the suit is. South brushes this aside and asks for kings via 5NT. If North has one king it should be the *K given East's double of 5*. If so, South can count 13 tricks and bid 7NT.

Lead commentary: Partner has asked for a diamond lead. Give partner a diamond lead.

Play commentary: As South, your only losers are in hearts. With losers in one suit and mucho trumps on both sides, save hearts until last and think strip and endplay. The idea is to strip the minors from both hands, ending in dummy before

the preempt, you need four or five tricks for that hoped-for game to be viable.

The other reason for bidding when partner has preempted is to advance the preempt. Holding

▲K 7 6 5 ♥Q J 4 ◆9 8 7 6 ♣3 2, when partner opens 2 ▲ and the next player doubles, put the pressure on immediately with a raise to 4 ▲. Don't wait for the opponents to exchange information at a low level. They probably have game, so put it to them. You have 10 trumps and should be willing to bid to the 10-trick level, especially if the vulnerability is favorable (they are, you aren't).

leading a heart. Win the ◆A, ruff a diamond high, enter dummy with a trump, ruff a second diamond high, back to dummy with a trump and ruff dummy's last diamond. After cashing the ♣A and ♣K, both minors are stripped. Return to dummy with a trump, leaving one trump in each hand (a must) and lead a heart. If East plays low, insert the 9. West wins the 10 but is endplayed.

A heart goes into the A-Q while a ruff-andsluff club return fares no better. If East happens to play the $\forall 10$ or $\forall J$ on the first heart play, cover gently with the queen. West wins, but the A-9 take the last two heart tricks. That $\forall 9$ is a huge card.

Leong started with the $\diamond 2$, an important card. Hamilton knew his partner had more than four diamonds – typically the passed-hand 1NT takeout delivers 5-5 or better in two suits. Reading the situation correctly, Hamilton viewed the $\diamond 2$ as a suit-preference signal for a club switch.

Following his partner's defense, Hamilton won the \diamond K and returned his lowest club. Leong ruffed with the \diamond 9 and played another diamond. In with the \diamond A, Hamilton gave his partner another club ruff. Leong exited with the \diamond K, taken by declarer with the ace.

Now declarer made a fatal error: he cashed the \blacklozenge J, pitching a heart from hand. When declarer played a low spade from dummy to Leong's bare ace, Leong was able to play another diamond to promote the \blacklozenge Q in his partner's hand. Plus 150 was a top for Leong and Hamilton, who won the event.

On the final board, Lewis and Burger scored plus 800 for a top, while the Russians went minus 100 for half a matchpoint. Even with the poor last round, they scored 65.74% for the session.

Lewis, of Sioux Falls SD, and Burger, of West Bloomfield MI, had never played together before the 2010 Spring NABC. "We've been trying to get a game," said Burger, "and we finally did."

The win represents the first pairs title for Lewis, who has four North American championships in women's teams. Burger won the 1996 Smith Life Master Women's Pairs with Barbara Sion (Lewis and Judy Randel were second), and she has a victory in the Marsha May Sternberg Women's Board-a-Match Teams.

Gromova and Ponomareva were second in the Smith LM Women's Pairs in San Diego last fall.

In second place were George and Rosemary Dragich of Windsor ON. Their final score was 2114.61. In third place: Terry Visentin and Michael Shaw of Winnipeg MB. Their score was 2105.87.

Ritzenberg also won the event in 1987.

(1) Exclusion Blackwood, no Alert.

(2) Agreed break in tempo of more than 40 seconds.

**Facts:** The final contract was 7NT by West making seven for a score of East-West plus 2220 after a low club lead.

The director was called at the end of the auction and again after the deal was played.

There was more than a 40-second hesitation (North-South said one minute) before West bid  $5 \bigstar$ . South mentioned that she thought East made some extraneous gestures while bidding  $6 \blacklozenge$ , but this was disputed by East. West said the delay in the  $5 \bigstar$  bid was due to the rarity of the bid and trying to remember the response.

**Director's Ruling:** Because the director judged that the BIT did not demonstrable suggest the 7 ◆ bid, the table result of 7NT by West making seven, East-West plus 2220, was allowed to stand for both pairs. Law 16B1(a) was cited.

**The Appeal:** North-South appealed the director's decision and all four players attended the hearing.

South briefly reiterated the facts mentioned on the appeals form. The area of major dispute involved the hesitation over the  $5 \bigstar$  bid accompanied by a shrug, followed by a  $6 \bigstar$  bid. South stated she heard mumbling, but did not discern what was said. North confirmed the purported 6—10-second hesitation, and stated he definitely heard inaudible muttering, followed by a shrug, prior to the  $6 \bigstar$  bid.

West spoke first. She stated it was all her fault for taking so long to bid. She said though she has been playing exclusion Blackwood for five years, it never comes up. She said she needed the time to remember how to answer properly, that is, to remember whether the partnership had agreed to use 1430. She additionally said she did not know that the usage of the bid at the five level required an Alert.

East spoke saying he was quite concerned

his partner had forgotten the bid, and was afraid she would pass. He added that he had been playing the bid for six years, so he felt he was more experienced. He first said he gave a slight shrug and then an exhale of air when West bid, but later said it was actually an internal shrug and not breathing that could be noticed by anyone at the table. He vehemently denied taking any time making the 6 ♦ bid.

East then stated that she thought with the  $\bigstar A Q$ , she felt she could make 6NT as easily as  $6 \blacklozenge$ . When East then bid  $7 \blacklozenge$ , West felt 7NT was clear.

When asked when the table director was called, East said after the play of the hand, then after the opening club lead, and then said he didn't remember. North-South were both adamant that the director was called when the bidding cards were on the table, which was confirmed by West.

**The Decision:** The committee considered both breaks in tempo. The first prior to the  $5 \clubsuit$  bid, was undisputed. The second, coupled by a shrug and exhaling of air was disputed, and one the committee needed to evaluate seriously.

In making its determination, the committee needed to decide whether there was a discernible shrug and exhaling of air. The committee felt that East was in doubt about West's bidding correctly, and, therefore, making the alleged 6 - 10 second huddle likely. Additionally, it believed that East had given inconsistent testimony, thereby making a noticeable shrug and exhaling of air probable.

The committee then referenced Law 16 B1(a): "After a player makes available to his partner extraneous information that may suggest a call or play, as for example by a remark, a question, an unexpected alert or failure to alert, or by an unmistakable hesitation, unwonted speed, special emphasis, tone, gesture, movement or mannerism, the partner may not choose from among logical alternatives one that could demonstrably have been suggested over another by the extraneous information."

The committee found that unauthorized information was available that demonstrably suggested bidding over  $6 \blacklozenge$ , and that pass was a logical alternative. Since the criteria of Law 16 B1(a) had been met, the committee adjusted the score for both sides to  $6 \blacklozenge$  making seven.

**Committee members:** Ellen Kent (chair), Tom Peters, Aaron Silverstein, Jim Thurtell and Bob White.

(1) Artificial	game force		

- (2) Top of minimum opening (14 15)
- (3) Asking bid.
- (4) Shortness in spades.

**Facts:** The final contract was  $4 \checkmark$  by West making four, for a score of East-West plus 620. The director was called after the play of the hand was completed. At the end of the auction, West attempted to correct the explanation but dummy (East) was the only player to understand what was said. East and West are Russian and this contributed to the lack of communication. When the director arrived, North claimed that with the correct explanation, she would lead the  $\bigstar J$ . East claimed that  $3 \bigstar$  systemically shows shortness but may only have evidence in Russian to support that claim.

**Director's Ruling:** Several players were polled; all led the  $\blacklozenge$  J with either explanation. All felt that the difference in information made the lead of a spade neither more nor less attractive.

As East-West couldn't provide evidence that shortness is the correct explanation, misexplanation (and misinformation) is deemed to have occurred. When the MI causes no damage to the non-offending side, however, and does not advantage the offending side as the polling indicates, there is no adjustment. Therefore, the table result of  $4 \checkmark$  by West making four, East-West plus 620 was allowed to stand for both sides.

**The Appeal:** North-South appealed the director's decision, and North and South were the only players present at the hearing.

North stated that she felt that the  $\blacklozenge J$  was a possible lead, and it was going to be her lead until it was explained that  $3 \blacklozenge$  showed shortness. Then it seemed to her that a spade lead through dummy would combine safety with the potential for tapping declarer.

**The Decision:** The committee found that the directors correctly assessed the MI aspect of this case. The committee judged that North, however, was very unlikely to have led a spade with correct information. The poll result made no sense — a spade lead is clearly more attractive when declarer has shown short spades, Further, the spade lead was not a serious error per Law 12c1(b).

The committee, therefore, adjusted the result to 4♥ down one by West — East-West minus 100 and North-South plus 100.

**Committee members:** Aaron Silverstein (chair), Abby Heitner, Ed Lazarus, Tom Peters and Jeff Roman.

# NAOP-C Pairs compete for President's Cup

Players in the North American Open Pairs Flight C, a grassroots event limited to players who have not yet become Life Masters, will begin competition today for the President's Cup.

The trophy was presented in 1942 by Morgan Howard, ACBL president that year. The trophy was previously awarded to the winners of the President's Pairs event, held at the Summer NABC.

The competition began last summer at the local club level and qualifiers then advanced to unit competition. Those qualifiers advanced to the district finals and three pairs from each district more, depending upon attendance - qualified for the North American final.

## The Insider

The Insider spent some time with the ACBL meeting planners to find out how they select locations. There is a list of preferred cities — places proven to be popular with bridge players like Washington DC, Orlando, Las Vegas and others. The planners try to rotate sites to avoid going to the geographical area again and again. They try to find sites where the whole tournament can be held under one roof. Reasonable room rates are always a prime consideration. In addition to looking for large, well-lit, well-ventilated, comfortable bridge play rooms, other primary concerns include the availability of a variety of dining options, shopping, local attractions, convenient air service, reasonable on-site parking costs, alternative hotels and the interest within the local bridge community. Working with these and other guidelines, the planners work out a tentative agreement to present to the ACBL Board of Directors. If the Board approves, the planners work out the final details and sign contracts to confirm the proposed site. Most of these agreements are made five to seven years in advance of the actual tournament. Then, of course, things the economy, the number of cheap flights, the hotel ownership, or a hundred other things — change and the planners need to adjust to try to be sure that what seemed like a great thing when the contracts were signed really is once the bridge tournament comes to town.

The S.C. is always willing to add his input to this process, especially when there is a free meal at an upscale steak house involved. The Insider figured the S.C. must have had this in mind vesterday. He and Right-Hand Maiden were seen slipping into a limo from one of the downtown casinos at about ten minutes before cocktail hour. He returned several hours later and called Boss Baum, the meeting planner and the Insider up to the 42nd-floor luxury suite to let them know about all the great things happening in downtown Reno. He simply glowed as he talked about the new baseball stadium, the great bowling stadium, the plans for new restaurants and shopping, several new meeting venues and the overall alive vibe! downtown. (He actually used those words, "alive vibe!") It must have been one heck of a steak to get him going this much — as both of you know, he seldom invites anyone up to the 42nd floor luxury suite.

The Insider is still trying to get all of his brackets straight. About the time he figures out who he thinks will win the Vanderbilt, word comes in that his favorite has withdrawn during the third quarter. Cornell is the Insider's new favorite in the NCAA men's version and, of course, UConn is his pick — along with everyone else in the universe — on the women's side. As usual, the Insider will officially state his Vanderbilt pick in Monday's Daily Bulletin. (He has been correct three out five times since he began disclosing his picks on Monday!)

# Open Swiss Teams begin play today

The Open Swiss Teams begin play today with the Jacoby Trophy going to the winners. This is a foursession event with two qualifying sessions and two final sessions.

The trophy is named for Oswald and Jim Jacoby - one of the premier fatherson pairs in ACBL history, the first father-son to win a national championship together and the first father-son to be elected to the ACBL Bridge Hall of Fame.

The senior Jacoby (1902-1984) won his first major title - the National Team Championship of

the American Whist League - in 1929 and his last major title - the Reisinger Board-a-Match Teams - in 1983.

In between, he won the McKenney Trophy (now the Barry Crane Top 500) four times. He was the first player to win 1,000 masterpoints in a single year and the first player to earn 10,000 masterpoints.

Jacoby won seven Spingolds, seven Vanderbilts, two Reisingers and more than a dozen other major titles. He was named to the ACBL Bridge Hall of Fame in 1965.

He and son Jim are the co-authors of Jacoby Transfer Bids, Jacoby 2NT and other bidding ideas. Together, they won the Reisinger in 1955 - when Jim was 22 - and the Vanderbilt in 1965.

Jim Jacoby (1933-1991), elected to the Hall of Fame in 1997, won the Bermuda Bowl in 1970 and 1971, the World Mixed Teams in 1972 and the World Team Olympiad in 1988. He won more than 14 NABC titles and captured the Barry Crane Top 500 in 1988 - the same year he won the Olympiad title.

De Knijff, playing against the French squad led by Romain Zaleski, prevailed 167-109.

# World Bridge Series Championships set for Philadelphia in October

Philadelphia will be the bridge capital of the world in October as the city welcomes players from across the globe in a 16-day tournament that will feature something for just about everyone.

It's the World Bridge Series Championships, organized by the World Bridge Federation and including an impressive variety of games. It runs from Oct. 1 to 16.

Additionally, an ACBL regional tournament will be played concurrently with the world

championships. The regional will award WBF masterpoints in addition to the usual ACBL awards. The host hotel for the tournament is the

Philadelphia Marriott Downtown. There are other

hotels nearby, including the Courtyard by Marriott, less than half a block from the headquarters hotel, and the Hilton Garden Inn, a block and a half away.

Play will be at Marriott.

All events will be transnational, meaning players from any countries may play together. This is the lineup of events: World Mixed

Pairs, World Open Knockout Teams (Rosenblum Cup), World Women's Knockout Teams (McConnell Cup), World Senior Knockout Teams (Rand Cup), Generali World Open Pairs, Generali World Women's Pairs, World Senior Pairs (Hiron Trophy) and World Mixed Swiss Teams, a new event.

There are concurrent events for players and teams that fail to qualify for various stages of the primary events.

While the world events and ACBL regional are in progress, the 13th World Youth Team

Championships will take place – the World Junior Championship (26 and younger for zonal team representatives) and the World Youngsters Championship (up to 21 years of age, for the Jose Damiani Cup). A new series, the World Girls Championship (zonal teams 26 and younger for the Gianarrigo Rona Cup) is also scheduled.

The Philadelphia tournament is the first to be played on American soil since 1994, when the championships were in Albuquerque NM.

Detailed information about the events, entries, conditions of contest and accommodations can be found at www.worldbridge.org.

# **Today's hosts**

Each day, a different group of units will host the NABC. The host for today is Area 5 and their representative is Molly Harris.

### **Portland Unit 487**

Unit 487, consisting of Portland and its Oregon suburbs, is located in the city considered one of the most environmentally friendly (or "green") in the United States. The city and region are noted for strong land-use planning and investment in light rail. Home of the Trail Blazers NBA basketball team, Portland is also known for its large number of microbreweries and for its dedication to bicycling.

Portland enjoys warm, dry summers (usually for at least a month), and rainy but largely temperate winters. The surrounding countryside is green much of the year, and the climate is ideal for growing roses. In early June, the metropolitan area celebrates its bountiful flowers with an annual Rose Festival, which includes a wide variety of activities extending over a two-week period.

With more than 847 members, Unit 487 is by far the largest unit in District 20. It also provides more than its share of district leadership and tournament direction staff, as well as volunteer chairs for this NABC.

The Portland Unit sponsors three large sectionals each year, and co-sponsors the annual regional (The Oregon Trail) held at the Vancouver Hilton in February. In addition to the annual unitsubsidized election party (in March), there are numerous holiday potlucks and occasional catered dinner events at the clubs.

Our Clubs: The Ace of Clubs and the Eastside Bridge Club offer duplicate games six (and often seven) days a week, as well as most evenings. Both of these clubs are located in attractive large windowed spaces in modern office buildings, and provide pre-dealt boards with hand records. Both clubs sponsor annual events with perpetual trophies, but there is a special honor at the Ace that deserves mention: the Dick Braniff trophy (established in 2008) for outstanding service to the club.

Games at the Ace are generally followed by an open invitation to one of the local watering holes, where the postmortems begin in earnest. The Eastside club features delicious home-baked treats (and other snacks).

In addition to these wonderful clubs, there are several private sanctioned duplicate games in Portland, which contribute substantially to our membership and tournament table count.

Our Classes: Our busy ACBL-trained teachers are instructing at senior centers, private clubs, and even OHSU (Oregon Health Sciences University), where bridge is considered brain exercise that is useful for the prevention of dementia.

Welcome: The Portland Unit welcomes you to the Spring NABC 2010 here in Reno, and hopes that our large cadre of volunteers is helping you to have the best of experiences at this District 20-sponsored tournament.

## **Entry fees**

Players must be ACBL members whose service fees or dues are current in order to compete in any of the following nationally ranked events: NABC+ Platinum Pairs, Silodor Open Pairs, Vanderbilt Knockout Teams, Leventritt Silver Ribbon Pairs, Rockwell Mixed Pairs, Lebhar IMP Pairs, Whitehead Women's Pairs, Jacoby Open Swiss Teams, and the Machlin Women's Swiss Teams. The entry fees for these contests are \$20 per player per session. Players must also be current ACBL members to play in the Bean Red Ribbon Pairs. The entry fee is \$17 per player per session.

Regional championships are \$16 per player per session for ACBL members, \$18 for non-members.

All other events are \$15 per player per session for ACBL members, \$17 for non-members.

(Note: There is no entry fee for any flight of the North American Pairs, but participants are still required to be paid-up members.)

# Convention card reminder

Each player is required to have a convention card filled out legibly and on the table throughout

a session. Both cards of a partnership must be identical and include the first and last names of each member of the partnership.

If a director determines that neither

player has a substantially completed card, the partnership may play only the Standard American Yellow Card and may use only standard carding. This restriction may be lifted only at the beginning of a subsequent round after convention cards have been properly prepared and approved by the director. Further, the partnership will receive a 1/6-board matchpoint penalty for each board played, commencing with the next round and continuing until the restriction is lifted. In IMP team games, penalties shall be at the discretion of the director.

If the director determines the partnership has at least one substantially completed convention card but has not fully complied with ACBL regulations, the director may give warnings or assign such penalties as he deems to be appropriate under the circumstances.

The objective of these warnings and penalties is the encouragement of full compliance with ACBL regulations.

### Today's sponsors Ray Ward Ray Ward was an

Emerald Life Master when he died at age 65 in Jan. 2009, due to complications from surgery for esophageal cancer. He earned Emerald Life Master ranking, despite giving up serious bridge for many years in order to devote more time

to his family. His most precious accomplishment during this break from bridge was the influence that he had on his stepson, Garret, teaching him to play baseball, and chess and explaining molecules. Garret is now in a doctoral program in chemistry at Colorado State University.

Ray was known for his laughter — his table always seemed to have more fun than others in team events — and his kindness to beginning players. He loved his family and his friends. Ray loved playing poker, fantasy baseball, going to Phoenix with friends for major league baseball spring training, and was a connoisseur of good food and wine. Ray was an inveterate games player who loved to analyze games for their inherent strategies, trounce his opponent — always with a smile on his face — and then share a beer as friends afterwards. His friends, family and partners miss him and have contributed to naming this day in his honor.

### Portland OR Eastside Bridge Club

The Portland OR Eastside Bridge Club is also a sponser. Ouida and Paul O'Brien own and operate the club, located in the Northeast quadrant of Portland. Their plan is to bring new players into the game by focusing on the basics: counting, logic and good bidding, and do it through a strong lesson program.
