Cheek still recovering but happy to be back

Life was going great for Curtis Cheek. He was at the World Championships in Sao Paulo, Brazil, last September, and looking forward to playing against the other great players in the world. Cheek arrived early to sightsee. A few days after arriving, he began to feel ill. He thought he had a cold or

a case of the flu. He was coughing and running a fever. Cheek says he didn't think too much about it. After several days, however, he didn't improve. In fact, on final day of play, when he coughed, his phlegm had blood in it.

Cheek went to the hotel doctor, who recommended a CAT scan. He was admitted to Albert Einstein, a big, modern hospital in Sao Paulo

Cheek was tested for the H1N1 virus – swine flu – and tested negative. That was good news, or so he thought. It turned out to be a false negative, which reportedly is not unusual.

From that point, Cheek says, he has a memory loss. He doesn't remember the things that happened next, but found out about them later.

Cheek was bleeding into his lungs and his blood pressure crashed. He was tested again and finally diagnosed with swine flu. The doctors intubated him and put him on a respirator. He was put into an induced coma. Later on, kidney dialysis was started.

The lung problems led to circulation problems. His feet became gangrenous and the doctors thought they would have to amputate both feet at the ankles. He also had circulation problems with his hands. Cheek says the nerves in his hands, particularly his left hand, died.

Cheek was in the hospital for about one month. After they withdrew the drugs that kept him in a coma, it took another week for him to come out of it. He was in a dream-like state and thought he was in Washington DC. He says he would think he was having a normal conversation but was saying things that didn't make sense.

"I would wake up and say "The mafia are coming, bid your majors first," he says.

Finally he was well enough to travel. The first two weeks home, he didn't do much but sleep.

Because his left hand is not yet functional, he *continued on page 5*

Five-time world champ Meltzer still aspiring

When Rose Meltzer was a young woman, she wanted to go to medical school, but her father thought it would be a waste of money. Women didn't have careers, he thought. They just got married and had children.

Sam Kiamie, Meltzer's father, eventually came to regret discouraging his daughter's choice of studies.

Meltzer may not have broken any ground in the field of medicine, but she has more than distinguished herself in one of her life's passions – high-level bridge competition.

In naming her the Bridge Personality of the Year for 2009, the International Bridge Press Association noted, "No one has a better record than Rose Meltzer in world championship play over the last decade. She has won a Bermuda Bowl, a Rosenblum Cup, a Transnational Open Teams and two Senior teams . . . She has played in five world championship finals and won them all." Even more impressive about her world titles is the fact that she became the first woman to earn the gold medal in each of the four events (she has won the Senior Bowl twice). She holds the highest rank a player can achieve with the World Bridge Federation - Grand Life Master - and with six North American championships to her credit, Meltzer is an ACBL Grand Life Master.

Lynch, Kaminski in Senior KO final

Midnight finally tolled for the Stephen Shane foursome, upset winners over the No. 1 seed in the Senior Knockout Teams on day two of the event. Shane and company were trounced by the Amos Kaminski team in Tuesday's semifinal 175-91.

Kaminski's opponent in the final will be the Carolyn Lynch team, 139-119 victors over the Steve Robinson squad.

Kaminski, of New York City, is playing with Yeshayahu Levit, Israel; Allan Graves, Barnet VT; George Mittelman, Toronto; Fred Hamilton, Las Vegas, and Arnie Fisher, Clementon NJ.

Playing with Lynch, of Scottsdale AZ, are Mike Passell, Las Vegas; Garey Hayden, Tucson AZ; Melih Ozdil, New York City, and Mark Lair, Canyon TX.

Shane's teammates were Eugene Davidson, Sedat Nassi and N Schwartz.

Robinson's squad was Peter Boyd, Fred Stewart and Kit Woolsey.

Dutch leading in Blue Ribbon Pairs

Sjoert Brink and Bas Drijver, two of the Netherlands' best young players, will start play today in the Edgar Kaplan Blue Ribbon Pairs with the lead. After two qualifying sessions, they are just ahead of Germans Alexander Smirnov and Josef Piekarek.

Brink and Drijver have been playing for the Netherlands for several years. In June, they were on the winning squad in the Open Teams at the Open European Championships in San Remo, Italy. They also came in third in the Open Pairs.

In third place going into today's semifinal sessions are John Solodar and Linda Lewis, followed by Jay Borker and another Dutch star, Jan Jansma.

California pair lead Mini-Blues

Nancy Blaustein of Walnut Creek CA and Erwin Linzner of Santa Rosa CA scored 58.0% in the afternoon and followed with a whopping 69.92% in the evening to take a commanding lead in the Mini-Blue Ribbon Pairs.

In second place are Ed Judy of Iowa City IA and Doug Dye of Wyndmoor PA. Harry Sacks of Hacienda Heights CA and Mark Sacks of Irvine CA are close behind in third place.

Despite all the success, she does not rest on her laurels. "I'm still aspiring," she says.

Meltzer, formerly of Westchester County in New York – she was born in the Bronx – has come a long way from her beginnings in the game. She was in high school when her mother recruited her she filled in adequately. That was the beginning

– and she thanks bridge for her introduction to husband-to-be Cliff Meltzer, who she met in the late Seventies and married in 1983.

"It was a blind bridge date," she recalls. "Outside of having my children, it was the best thing that ever happened to me."

At the time she met Cliff, Rose was out of college – she earned a master's degree in biochemistry and studied classical piano at Julliard – and was working for the American Can Co. in human resources. An earlier career with General Foods was interrupted by her first marriage, which ended in divorce. At General Foods, she says, "I worked at trying to make chemicals taste like food."

After she and Cliff were married, they bought the Bridge Deck, a club in Westchester, despite the

The event, which concludes today, is a nationally-rated event limited to players with fewer than 5000 masterpoints.

Goodwill Message

Have you said "thank you" to a caddy during this NABC? The caddies pick up slips each round during pair games and move boards during team games, despite players' best efforts to hide the slips and the boards.

A word of thanks will brighten their day, and yours, too.

Ohmann tops 15,000

Bruce Ohmann of Flagler Beach FL has advanced past the 15,000 masterpoint plateau. Ohmann is a Platinum Life Master whose highest NABC finish was third in the Kaplan Blue Ribbon

Pairs. He started traveling to tournaments after retiring as a software engineer in 1991.

Parking

The Manchester Grand Hyatt is offering discounted self-parking for \$17 (no in and out). The rate is good for overnight guests of the hotel and drive-in guests. Valet parking is \$22.

NABC Insider

You know the attendance is good at an NABC when the Daily Bulletin begins a table count report on page one as early as Monday. The table count here in San Diego is running about 5% ahead of the pre-tournament estimates made by the directing staff and the meeting planners. They base their estimates on local, regional and national bridge play trends, previous fall NABC attendance and interviews with local directors. The Supreme Commander bases his predictions on such factors as stock market analysis, host unit demographics, hotel reservation trends and ACBL Web page hits. The Insider, on the other hand, makes his predictions based on phases of the moon, how hairy the caterpillars are and Derek Jeter's batting average. So far, it appears the Insider's system is the most accurate, just as it has been for three of the last four NABC. But, who's counting? Boss Baum was spotted playing in the Blue Ribbon Pairs. No real news there as almost 700 pairs were entered in either the Big Blues or the Baby Blues. The Baby Blues have proven so popular that, starting next year, it will become a three day event just like its big brother. If you have a chance to sit down against Boss Baum, be sure to let him know how much you appreciate the job he is doing as CEO. Membership is at the highest level in years, a truly fantastic museum is under construction, customer service marks are very high and there is money in the bank. Not that the Insider is kissing up or anything, but Boss Baum and his staff deserve a lot of the credit for all of these positives. (And, yes the Insider is kissing up a little bit.) The Insider ran into a room service food runner in the hall last night. The hotel employee noticed the Insider's ACBL logo tattoo and commented on how much everyone at the hotel appreciated our business and hoped we would return soon. To a person, the hotel staff seems genuinely happy to

have us here. The players seem genuinely happy to be here. The S.C. seems genuinely happy to have a 3500 square foot luxury suite. The Insider does not seem so genuinely happy that he let the cute girl at Dream Girls convince him to get that tattoo, but otherwise everything else seems genuinely on the happy side here at the Manchester Grand Hyatt. The Insider is waiting for a counter offer from the hotel sales manager to see when and at what price the ACBL can return. The Insider proposed all the same conditions as this fall with a \$32 room rate in 2015, but we expect to give a little on the rate – stay tuned.

Life Master News

The Larry Willis team in the Sunday-Tuesday KO had two reasons to celebrate on Tuesday. First, Jennifer Paulsrud of Fargo ND became a Life Master. At the same time, Paul Nelson of Petoskey MI moved up to Bronze Life Master status. Paulsrud was playing with Marilyn Anstett, also of Fargo. Nelson played with fellow Petoskey resident Willis.

Child care available

Child care is available during the Fall NABC from noon to 5 p.m. and 7 p.m. to midnight. Activities include swimming, art and bridge lessons (noon to 12:30 p.m.). There will be a pizza party on Thursday. For more information, contact Donna Compton in Room 631 at the Manchester Grand Hyatt.

Judie Hlavka of Racine WI has earned her gold card. No other information was provided.

Arnold Schwartz of Laguna Beach CA and the Dana Harbor Bridge Club made Life Master when his team won the Compact KO on Tuesday morning.

Marjorie Michelin of Laguna Woods CA is now a Platinum Life Master, having surpassed 10,000 masterpoints in the Victor Mitchell Open Board-a-Match Teams.

Richard Colwell of Deer Isle ME is now a Bronze Life Master, going past 500 masterpoints in the Tuesday-Wednesday Bracketed KO. He was playing with his wife, Rosemary. Their teammates were William Swan and Nancy Brooks-Swan of Taos NM.

With her showing in the Poinsettia Pairs on Tuesday, Dianne Segerstrom of Houston did the Lone Star State proud as she became a Life Master. Her partner was fellow Texan Virginia Crawford, also of Houston.

JUST FOR NEW PLAYERS

By Marti Ronemus

Dear New Players— You are in a dreadful contract which you play miserably to boot. You go down five doubled and

vulnerable for minus 1400. (I just happen to have that number on the tip of my tongue from this morning's game. Sigh. You think I'd learn...but that's a story for another day.)

"Oh, well, it's just a game," you whimper pathetically.

Bridge is not "just a game." People have been telling you that since you started playing, and naturally you have believed them. But I am here to straighten you out, tell you the truth, and bust those Fairy Tales.

Bridge is *not* a game; it is an Alternate Universe. When you enter this Universe, you should know it has its own Laws of Physics and Time Lines. It operates quite differently from ours. Keep reading.

Law 1. If you are going down big, you are *always* vulnerable. Always. This violates normal thinking, but it's true. I can personally prove this ... I'll show you my private score sheet.

Law 2. The world starts over every seven minutes in the Alternate Universe. Every time a new hand comes out of the board, you get to start all over again, past mistakes in the past. Lessons remembered – so you hope – but a fresh start every seven minutes. In thinking about this, I should mention that the fresh start every seven minutes is also partly due to the fact that as we get older, our short-term memory doesn't last a whole lot longer than those few minutes. In our daily universe, you don't get to start over very often.

Law 3. Karma carries over from our regular universe to the bridge Alternate Universe. Did you zip into that empty parking spot, cutting off that little old lady? Don't expect your finesses to work

today. At work, did you take credit for an idea that wasn't yours? Forget helpful leads. Do you volunteer regularly? Did you recently adopt a pet? Well, lucky you. All your needed kings will be onside, all leads will be friendly.

Law 4. The laws of statistic do not apply to some people in some cases in the Alternate Universe. For example, in all the years I've been playing, "Eight ever, nine never" has never once worked for me the way it's supposed to. For those of you who are too new to know what this is ... when you are missing the queen in a suit, if you have eight pieces, take the finesse. If you have nine cards in the suit, play for the drop ... in other words, play your ace and then your king. The queen should drop. Law 4 states, though, that for some people, it won't work. See me if you don't believe this is true.

For me, "eight ever, nine never" works a little differently. If I need the queen to make the contract and I am vulnerable (see Law 1), she will not show up when needed or where needed. If I am *not* vulnerable and I don't really need her, she will behave just as the laws say. If you doubt this, ask my partners. They've seen proof.

A good friend of mine swears she always gets a bad trump split on primenumbered boards. A lot of people sneer, but I, understanding the laws of the Alternate Universe, understand...and take this into consideration when we're bidding on a primenumbered board. If you want some laughs, watch us play as we apply our individual Laws of the Alternative Universe.

Law 5. Unlike our regular universe, you can perform Death-Defying stunts, live on the outer edge, walk the tightrope without a net, and if you fall ... so what. Unlike the regular universe, no harm done. If you remember Law 2, it will be over in seven minutes, you can dust yourself off and get going. In addition, no one will remember in eight minutes. This means you can have a whole different persona in our Alternate Universe.

trick with the $\mathbf{\Psi}Q$. Why? West knows you have the $\mathbf{\Psi}Q$ from East's discouraging signal and East knows you have the $\mathbf{\Psi}Q$ from West's lead of the $\mathbf{\Psi}J$. When both opponents know you have a card ($\mathbf{\Psi}Q$), get rid of it! Treat it as a hot potato, a scalding hot potato.

Defensive Commentary 2: As West, after South wins the $\mathbf{v}Q$, cashes the $\mathbf{*}A$ and $\mathbf{*}K$ and leads a diamond, the ball is in your court. You know declarer has three heart tricks from partner's negative signal. Once declarer gets to dummy with a diamond, he will have five club

You don't have to play it safe, be conservative or color inside the lines. This certainly adds to the excitement.

So there you have it. Bridge is not a game; it is a visit to an Alternate Universe without needing a spaceship or a wormhole. It is chance to learn new Laws of Physics and test the old ones. It is an alternate reality. It is many things, but it is *not* a game.

Now that we've tackled that Fairy Tale, maybe we should talk about Santa Claus. mronemus@comcast.net

Angione brings new players

Kathie Angione is club manager of one of the ACBL's fastest growing clubs: Eastlake Bridge Club in Chula Vista CA, a San Diego suburb. Angione brought several of her players to their first NABC yesterday.

"The directors are calling me a mother hen," says Angione.

What's her secret to building a successful club? "I bring lots of food," she joked.

Opening lead: ♥J.

Bidding commentary: Although a little "off center," it may be hard to describe the South hand if it is not opened 1NT. All's well that ends well. North-South have arrived at the best contract.

Defensive commentary: East plays the \checkmark 4 at trick one, denying a high honor: no encouraging signal, no overtake with honor doubleton, no overtake with K-x-x-(x) or A-x-x-(x) in case partner has led from the A-J-10 or K-J-10. (If the lead of a jack denies a higher honor, South does not overtake with K-x-x-(x), but rather signals encouragement.

Play commentary: As declarer, take the first

tricks plus a diamond for nine tricks. In addition, South is known to have 9 HCP in hearts and 7

HCP in clubs for a total of 16 HCP. Partner must have the A and may well have the A and may well have the A. Grab the A and shift to the A, followed by a another spade. As East, do not signal encouragement with an honor when partner leads the AK. You are signaling with the setting trick! After all, if partner has two spades, declarer has four and you definitely need to keep all your high spades to run the suit. She also has a terrific web site at: www. eastlakebridgeclub.com.

fact that both still had full-time jobs (Cliff with IBM). They sold it when they moved to California in 1997, when Cliff joined Cisco Systems. They now live in Los Gatos, about 50 miles south of San Francisco.

Although her interest in bridge had progressed from casual to serious – she says she learned a lot from two early mentors in New York, Rick Zucker and Jo Morse – it wasn't until the early Nineties that Meltzer jumped in with both feet.

The key to her greatest success, as it turns out, was a recommendation from Alan Sontag and Peter Weichsel that she form a partnership with Kyle Larsen, which she did 10 years ago.

Taking the advice of longtime friend Rita Shugart, Meltzer began playing only in open events, and was almost immediately successful in the partnership with Larsen, who made his mark in bridge as a young player in San Francisco.

In 2000, Meltzer, Sontag, Weichsel and Polish stars Adam Zmudzinski and Cezary Balicki won the World Transnational Open Teams in Bermuda during the world championships there.

A few months later, Meltzer, Larsen, Weichsel, Sontag, Chip Martel and Lew Stansby won the Spingold Knockout Teams, of the ACBL's premier events.

Meltzer is a sponsor, which to some has less-than-admirable connotations, but she works hard to pull her weight, "and I think I have been instrumental in all of our wins."

Larsen agrees. "Rose is a very tough competitor," he says, "and the more important the event, the better she plays."

Meltzer can't say enough about Larsen's support and help with her bridge development. "In 10 years, he has never said an unsupportive thing," she notes, "and I *have* tested him."

It's easy being on Rose's team, says Larsen. "The karma is always so much better because she knows everyone is trying their best. She's totally in everyone's corner all the time."

Meltzer's crowning moment came in the fall of 2001, when her Spingold team from the previous year went to Paris for the Bermuda Bowl and came home with the gold medal, rallying from a significant deficit against a tough team from Norway.

In the final, the Meltzer and company fell behind early, trailing 131-59 after three of the eight sets. "I was the only happy one on the team," she recalls. "I was thinking that the worst that could happen was that I was going to get a silver medal."

Before the rally, Meltzer remembers walking into the playing area with Larsen, who said firmly, "Let's get back some of those IMPs."

They lost a close fourth set but won the next two by the combined score of 110-31. The following day – her birthday – Meltzer made history as the first woman ever to win the Bermuda Bowl. Geir Helgemo and Tor Helness, two members of the Norwegian team from Paris, apparently decided that if they couldn't beat Meltzer, they should join her, signing on to play with her in the Open Knockout Teams in Verona, Italy, in 2006. With another victory, Meltzer became the first woman to win the Rosenblum Cup. Competitive by nature, Meltzer is also realistic. "The thing about bridge," she says, "is that you lose more than you win. You have to pick up the pieces and go on. I keep trying every day." Meltzer has traveled the world playing bridge, but she believes she can get the best test of her playing ability at NABCs. "Our team events," she says, "are harder than any world championship I've played in."

TOURNAMENT APPEALS

In order to keep the bridge public informed of appeals results in a timely fashion, the NABC Daily Bulletin staff publishes write-ups. Every effort is made to ensure that these reports are accurate and complete. Before they are published in the NABC Appeals Casebook, however, revisions may be made.

(1) Forcing and unlimited.

(2) Intended as exclusion Keycard Blackwood.

(3) Meant as cuebid over a diamond cuebid.

Facts: The final contract was 6♥ by West

making six for a score of East-West plus 1430. The opening lead was the ± 10 . The $5 \pm$ bid was made after a slight hesitation, according to North. North said that if East knew $5 \pm$ was exclusion Keycard Blackwood, $5 \pm$ showed 0 or 3 (they play 1430), and West should have passed.

Director's Ruling: The director judged that the authorized information conveyed by $5 \clubsuit$ (going past $5 \checkmark$) allowed West to bid $6 \checkmark$. Therefore, there was no violation of Law 16B1, and the table result of $6 \checkmark$ by West making six, and East-West plus 1430, was allowed to stand.

The Appeal: North-South appealed and all players except South attended the hearing. North

said that East thought for about 15 seconds before bidding 5. This suggests that East was not responding to exclusion Blackwood. North did not lead the A (his original choice) because he was told that 5. was exclusion.

East-West agreed that East thought for about 10 seconds or so. West said that 1NT was unlimited and East said up to 13. West intended $5 \diamond$ as exclusion, but did not know the responses to it. East took $5 \diamond$ as a cuebid, so he cuebid $5 \diamond$ to show the $\diamond K$ or void, plus the $\diamond A$ by inference. East-West is not a regular partnership -- they play once or twice a year. East did not believe they used exclusion Blackwood on any auction.

The committee discovered in questioning the following:

1. There is no mention of exclusion on the East-West convention card,

2. Their responses to Keycard Blackwood are 1430,

3. Exclusion was discussed before the opening lead,

4. The director was called at the end of play and 5. Though unsigned, the team captain was aware of the appeal.

The Decision: It is not sensible to play 1430 after exclusion, even if played after regular Keybard Blackwood. In this case, West did not even know what the responses were and clearly was not intending to stop below slam unless the response was $5 \checkmark$. So a pass of $5 \bigstar$ is not a logical alternative. Therefore, the committee allowed the table result of $6 \checkmark$ by West making six and a score of East-West plus 1430 to stand.

The argument that a slow $5 \bigstar$ suggests that the $5 \bigstar$ bid as exclusion was misunderstood seems plausible, and, together with East-West's evident uncertainty as to what they were playing, is sufficient to believe that the appeal had merit.

The committee: Gail Greenberg, chair, E. J. Kales, Ellen Kent, Ed Lazarus and David Stevenson, scribe.

By Process of elimination By Mark Horton

A frequent question is, "I want to improve my dummy play, what should I do?'

If you could only give one answer I would say in a trump contract if you can eliminate a suit from both your hand and dummy, you should do it almost 100% of the time. That way, you reduce the defenders' options and they may have to open up a suit to your advantage. Here is a simple example from the second session of the Bobby Nail Life Master Open Pairs final:

The defenders cashed two heart tricks and then North switched to the A and a club. Declarer won in hand with the king and took the right view in trumps, crossing to the king and returning to the ace. It was tempting to play North for $Q \ge Q \ge Q$, but unlike Oscar Wilde (who could resist everything except temptation) declarer calmly exited with a club. North won with the jack and had to play a diamond, but when declarer played low South's queen was caught.

(As an aside, declarer can also exit with a club before touching trumps, which might be even better.)

"I still have short-term memory loss," says Cheek. "Because of that, I was worried it might affect my bridge, but my bridge is just fine."

Cheek played two practice matches to get ready for the San Diego NABC. He played one online, and another with friends (Fred Gitelman and Sheri Winestock) who came to his home in Las Vegas. He says he wanted to practice using the card rack holder.

"I'm skipping the Blue Ribbon Pairs," says Cheek. "I want to be sharp for the Reisinger, which starts on Friday. My teammates were worried that I might be tired. I feel pretty good, but I know I'm

Rabbinical tales

I'll start with a little *amuse-bouche* – you are defending $2 \bigstar$ with a combined trump holding of $\bigstar Q$ 10 opposite $\bigstar K$ J 6. How many trump tricks would you expect to take?

Believe it or not, the number you are looking for is five!

| Dlr: Sou | ith 🔺 🤇 | Q 10 | |

South led the $\diamond 10$ and North won and played another diamond, declarer ruffing and playing the $\diamond Q$, covered by the king and ace. After cashing the $\Rightarrow J$, declarer played a diamond and ruffed with the $\Rightarrow 7$. South overruffed with the jack and returned a club, ruffed by North. The next diamond was ruffed by the 8 and king. A fourth club allowed North to score the $\Rightarrow Q$, and a fifth diamond saw South score the $\Rightarrow 6$. When a shell-shocked declarer mis-guessed the heart suit, the contract failed by two tricks.

Conventional wisdom is that you should lead from a long suit against notrump, but there are exceptions:

This strange-looking auction is explained by the fact that East thought West was showing a five-card heart suit. Realizing that declarer might well have some modest hearts, North led the $\checkmark 6$. Declarer put in the queen and the Rabbi won with the king and switched to the $\blacklozenge 9$, covered by the king and ace. Declarer won the heart switch with the ace and cashed the $\blacklozenge K$ and $\blacklozenge Q$, expecting to be able to claim. When diamonds did not split, declarer carelessly played a third diamond to the ace and could make no more than nine tricks.

Down one.

Once North shows out on the second diamond it costs declarer nothing to simply cash all his winners in the black suits. On the last of these the Rabbi will be reduced to $\forall J$ and $\diamond J 8$ and can be thrown in to lead into dummy's diamond tenace.

Lest you think this is an isolated example, here is another deal where this tactic proved effective:

West's 2♣ opener was natural and limited. 2♦ asked for more information.

If you put your trust in your five-card suit, declarer will have an easy time regardless of how he tackles the diamond suit. Say South is allowed to win with the queen and switches to a spade? Declarer wins with the king and simply plays three rounds of clubs to endplay South.

However, North started with the $\bigstar J$ and the contract was doomed. Declarer won in hand and tried a low club, but North went in with the queen and played the $\bigstar 10$. Good night, Vienna, as you might say.

There is a good rule in bridge – support your partner whenever possible, but it can be taken too far:

East led the $\diamond 10$. Declarer took West's king with the ace, cashed the $\diamond Q$ and ruffed a diamond. The $\diamond 8$ ran to East's ace, and when the defenders switched to clubs declarer ruffed the second round and drew the outstanding trumps. All that remained was to play the $\checkmark A$ and a low to justify the Rabbi's 83 years of youthful optimism.

Teacher of the Year award created

Not every bridge teacher has authored a bestseller, written a newspaper column or become well known enough to receive an entry in the Official Encyclopedia of Bridge.

Nevertheless, there are many teachers who continue to inspire their students day in and day out, promoting the game in their community and answering any question clearly, concisely and without judgment, whether it's how to take a finesse or Roman Keycard Blackwood. Their work too often goes unrecognized, yet it is vital to the future of the game.

Starting next year, thanks to Master Point Press and the American Bridge Teachers Association (ABTA), these anonymous-yet-praiseworthy mentors will finally have an annual award to call their own: the ABTA Master Point Press Teacher of the Year Award.

"This is really for the unsung heroes of the bridge world," Barbara Seagram, co-author of the bestselling 25 Bridge Conventions You Should Know, chair of the ABTA Teacher of the Year Committee, and a bridge teacher herself, said in a statement. "At last there is an award for those in the trenches."

To nominate someone, students are encouraged to e-mail one or two paragraphs to Seagram (bseagram@ca.inter.net) explaining why their teacher deserves consideration. Nominees must have at least five years' teaching experience, and teach at least 75 hours a year. Nominations will close on April 1, 2010.

The award will be given to a teacher who exemplifies what Seagram calls "love for the game. They may not have a famous name, but their communication skills and enthusiasm promote bridge's future, adding to your enjoyment."

Master Point Press co-founder Ray Lee is "delighted" to be working with the ABTA to create the Teacher of the Year award.

"It is the bridge teachers who bring new people into the game, and we want to recognize their hard work and dedication," he said.

The first winner will be presented with a "Teacher of The Year" plaque and a cash award next July in New Orleans at the ABTA's 2010 convention.

The ABTA is a professional organization of bridge teachers from Canada, Mexico and the USA. Its mandate is to help those who teach bridge to do it better.

Master Point Press is the world's largest publisher of books on contract bridge with more than 150 titles in print. Most recently, MPP has expanded its reach by starting a blog site at www. bridgeblogging.com, aimed at providing a forum for discussion on all things bridge, and a sister site www.masteringbridge.com designed for teachers and students.

For more information, contact Barbara

Seagram (e-mail or at 416-487-8321) or Linda Lee (416-781-0351, www.masterpointpress.com), or visit the ABTA website at http://www.abtahome. com.

World Bridge Series Championships

set for Philadelphia next year

Philadelphia will be the bridge capital of the world next October as the city welcomes players from across the globe in a 16-day tournament that will feature something for just about everyone.

It's the World Bridge Series Championships, organized by the World Bridge Federation and including an impressive variety of games. It runs from Oct. 1 to 16.

Additionally, an ACBL regional tournament will be played concurrently with the world championships. The regional will award WBF masterpoints in addition to the usual ACBL awards. The host hotel for the tournament is the Philadelphia Marriott Downtown. There are other hotels nearby, including the Courtyard by Marriott, less than half a block from the headquarters hotel, and the Hilton Garden Inn, a block and a half away.

Play will be at the spacious, modern Pennsylvania Convention Center.

All events will be transnational, meaning players from any countries may play together.

This is the lineup of events: World Mixed Pairs, World Open Knockout Teams (Rosenblum Cup), World Women's Knockout Teams (McConnell Cup), World Senior Knockout Teams (Rand Cup), Generali World Open Pairs, Generali World Women's Pairs, World Senior Pairs (Hiron Trophy) and World Mixed Swiss Teams, a new event.

There are concurrent events for players and

teams that fail to qualify for various stages of the primary events.

While the world events and ACBL regional are in progress, the 13th World Youth Team Championships will take place – the World Junior Championship (26 and younger for zonal team representatives) and the World Youngsters Championship (up to 21 years of age, for the Jose Damiani Cup). A new series, the World Girls Championship (zonal teams 26 and younger for the Gianarrigo Rona Cup) is also scheduled.

The Philadelphia tournament is the first to be played on American soil since 1994, when the championships were in Albuquerque NM.

Detailed information about the events, entries, conditions of contest and accommodations can be found at www.worldbridge.org.

Slow Play

Slow play, as opposed to careful or thoughtful play, is discourteous to your opponents -- and to all other competitors as well. Players and pairs who take more than their allotted time are subject to penalty.

In general, pairs who are rarely late will be warned while pairs who are habitually tardy and/or pay no attention to time limits will be penalized.

Tournament Terminology 101

If you're confused by the terms used to describe the different types of bridge events played at clubs and tournaments, you're not alone. Here's a list of common bridge events with explanations.

Knockout Teams: an event in which a team (of four, five or six players, with four playing at a time) plays another team. The losers are eliminated or "knocked out" while the winners play other winners until only one winning team remains.

The length of a KO match may vary from a single session to a full day (the Vanderbilt and Spingold) to a multi-day event (the Bermuda Bowl).

Bracketed Knockout Teams: a KO event in which teams are divided into groups, usually of 8, 16 or 32 teams, based on their masterpoint holdings. The top group (Bracket I) and all other groups compete in a separate event with their own set of winners.

Compact Knockout Teams: a shorter version of Bracketed KO teams.

Swiss Teams: an event in which a team (of four, five or six players, with four playing at a time) plays other teams in seven-, eight- or nine-board matches. Team A sits North-South at Table 1 and East-West at Table 2 while Team B sits East-West at Table 1 and North-South at Table 2. The results are compared and scored by International Match Points (IMPs).

Pairings for the first round are random. Pairings for succeeding rounds are determined by a team's win-loss record or Victory Point total.

International Match Points (IMPs): the most common method of scoring Swiss Team matches. Scoring example: if Team A scores plus 620 for bidding and making 4*S* on a particular deal and Team B scores only plus 170 (they didn't bid the game), the difference is 450, which converts to 10 IMPs. The IMP chart is shown on the inside of your convention card.

Victory Points (VPs): a method of scoring Swiss Team matches. After the scores are compared and converted to IMPs, the IMP total is converted to Victory Points. A team's VP total may be used to determine its next opponents and its final standing.

Side Game Series: a series of single-session pair games that pay red points. These series include at least three sessions and may have as many as six. You may play in as many sessions as you like, but only pairs who play in at least two sessions are eligible for overall gold points. Your best two sessions are used for determining overall winners.

Flighted pairs: When flighting is used, the field is divided by expertise or experience or both into several separate games. Flight A ("unlimited masterpoints") will be open to all players while the remaining flights will be limited. Flight B might be 0-500 MPs or 0-1000 MPs while Flight C might be 0-300 or 0-500.

Each flight is scored individually, and

masterpoint awards are made for each flight.

The masterpoint holdings of the players determine their flight. If one player is quite expert while his partner is new to the game, the pair must compete in Flight A.

In flighted events, you may play up but not down. That means you may play in Flight A or Flight B even if your masterpoint holding qualifies you for Flight C. Conversely, you may not play in Flight B or Flight C if you are a Flight A player.

Stratified Pairs: The idea is to compete against everyone but to be ranked only with your peers.

Each pair is assigned a stratum or "strat" based on the masterpoint holding of the partner with more masterpoints.

Example: A = 1000+ masterpoints; B = 300-1000; C = 0-300.

Thus, the most experienced players are placed in Strat A, intermediate players in Strat B and less experienced players in Strat C. Masterpoints are

awarded for placings in all strats but gold points are awarded only in A and B.

The game proceeds normally; the difference comes when the scores are tabulated and ranked.

In a three-strat game, the scores are ranked three times. The first ranking is done as in a regular open game. These are the Strat A results.

If a B or C pair does well in this ranking, they receive full credit for that performance. It is not all that uncommon for a Strat C pair to place first overall, and they receive the full masterpoint award for that game.

Note: A pair is eligible for only one set of masterpoint awards and automatically receives the highest award.

The second ranking compares the scores of only the B and C pairs: The scores of the Strat A pairs are eliminated. Once again, if a C pair does well, they receive points for their finishing position in the Strat B results.

The third and final ranking compares the scores of only the C pairs: All the scores of the Strat A and B pairs are eliminated.

Strati-Flighted Pairs: The top group plays in a game of their own -- Flight A. The rest of the field in divided into strats and plays as in a regular stratified pairs.

There can even be stratification within Flight A. Flight A may be listed as 3000+ MPs while Flight X may be listed as 0-3000 MPs.

Confused about all the colors of masterpoints? Here's some information.

Masterpoints: the unit which measures bridge achievement in competition. Masterpoints are awarded at ACBL clubs and tournaments in amounts proportional to the size and classification of the event and the rating of the club or tournament.

• **Black points**: awarded at club games. Some special club games award red, gold or silver points.

• **Red points:** awarded for section placements at regional tournaments and NABCs. Also awarded at clubs for special events such as the qualifying rounds of the North American Open Pairs and the Grand National Teams.

• **Gold points:** awarded for section firsts and overall placing in regionally rated events that have no upper masterpoint restrictions.

Platinum points: awarded for NABC+ events.

Gold points are also awarded for sectional firsts and overall placing in regional events of two or more sessions that have a masterpoint limit of 750 or more points.

One gold point is awarded to section winners in the annual ACBL Instant Matchpoint Game in sections of seven or more tables.

In addition, new players may now win gold points in their own NABC events: 1.50 gold in the National 199er Pairs at the Summer NABC and 1.00 gold in the National 99er Pairs at the Fall NABC (the remainder of the award is in red points).

A major source of gold points is the bracketed

Convention card reminder

Each player is required to have a convention card filled out legibly and on the table throughout a session. Both cards of a partnership must be identical and include the first and last names of each member of the partnership.

If a director determines that neither player has a substantially completed card, the partnership may play only the Standard American Yellow Card and may use only standard carding. This restriction may be lifted only at the beginning of a subsequent round after convention cards have been properly prepared and approved by the director. Further, the partnership will receive a 1/6-board matchpoint penalty for each board played, commencing with the next round and continuing until the restriction is lifted. In IMP team games, penalties shall be at the discretion of the director.

If the director determines the partnership has at least one substantially completed convention card but has not fully complied with ACBL regulations, the director may give warnings or assign such penalties as he deems to be appropriate under the circumstances.

The objective of these warnings and penalties is the encouragement of full compliance with ACBL regulations. knockout teams. The overall awards for the top brackets are all gold while the lower brackets may receive a percentage of gold points and the remainder in red points.

• Silver points: awarded for sectional firsts and overall placing at sectional tournaments. Also awarded at Sectional Tournaments at Clubs (StaC).

Barry Crane Top 500 race: This trophy is presented to the ACBL player who wins the most masterpoints during a calendar year.

Mini-McKenney races: In 1974 the ACBL Board of Directors voted to recognize masterpoint achievements among player below the rank of Life Master. The Bridge Bulletin recognizes leaders ACBL-wide. At the unit level, winners in each category receive recognition and special medallions.

All points won during a calendar year are counted in these races.

Ace of Clubs contests: This competition was created in 1984 to recognize achievement at the club level. Winners are recognized at the unit level.

Cell Phones and Electronic Devices: Know the Rules

• If you're playing in a national-level event: All electronic devices are banned from the playing area.

"Electronic devices, excluding health-related equipment, capable of sending or receiving communication, including but not limited to, headphones, earphones, cellular phones and minicomputers: (1) shall not be allowed in the playing areas, adjacent hallways, restrooms or accessible break areas; and (2) shall not be used during a session.

These restrictions shall apply to all pairs, team

members, captains, coaches, recorders and kibitzers and shall apply throughout any actual playing session or segment.

A violation of this policy shall result in a disciplinary penalty of one full board (or 12 IMPs at that form of scoring) for the first offense. A second offense shall result in disqualification from the event for the pair/team.

Kibitzers violating this policy shall be removed from the playing area for the remainder of the session."

Participants will be reminded not to approach the playing area with a personal electronic device in their possession, even if the device is turned off.

• If you're playing in a regional or Intermediate-Newcomer event: Turn those phones and pagers off.

"Cell phones, audible pagers or any similar communication equipment may not be operated or operable in the playing area during a session of play at NABCs except for health-related equipment or by permission of the director-in-charge of the tournament or event."

ACBL members can now discuss their favorite game on Facebook and Twitter, the popular social media web sites. Players can enjoy conversations on these free forums, allowing participants to meet other bridge enthusiasts from around the world, get the inside scoop on bridge news and events, and even leave messages for the ACBL staff.

"This provides a space for players to talk to each other and us," said Vicki Campbell, ACBL's marketing director.

To become a fan of the ACBL on Facebook, go to the ACBL home page and click the "Find us on Facebook" button.

To follow the ACBL on Twitter, go to www. twitter.com and follow @ACBLbridge.

Book signings

The book store on the second floor of the Hyatt (outside the regional playing area) will feature book signings by three authors, starting today with Mel Colchamiro at 6 p.m. Colchamiro's book is How to Play Like An Expert Without Being One.

On Thursday, Eddie Rose will sign his new book, BRIDGE - From A to Z; Taking Your Game to the Next Level, a half- hour prior to the afternoon and evening sessions.

Also on Thursday, Fred Parker will sign his book, Win at Duplicate Bridge, at 2 p.m. and 6:30. He will repeat the schedule on Friday.

Monitoring At this and future North American

Championships, ACBL will be monitoring NABC+ events with visible, real-time cameras. The images will be recorded and will be available for later

official inspection and review.

By general monitoring of the session and participants' behavior, ACBL has another source of information that may be useful in determining facts and settling issues arising from some types of ethical and behavioral complaints or actions. Please summon a director if a problem occurs at the table.

This procedure is intended to assure everyone that the playing field is level and that misbehavior will not be tolerated.

Philadelphia, an historic city 1 1/2 hours from New York City and 45 minutes from Atlantic City. For the "World Bridge Series" Championship. Most of the events will be held at the Marriott Hotel Downtown with a few at the Convention Center connected to the Hotel. You will find all the information (dates and schedule of events, entry fees, reservations in partner hotels) on the official websites of the World Bridge Federation www.worldbridge.org and of the USBF www.usbf.org

The order of events: Mixed Pairs; Open Women's and Senior's Teams; Open and Women's Pairs; Mixed Teams. All these events are transnational. The timings - 10:30 and 15:30 have been chosen to enable participants to have their evenings free. A full 16 Day Regional Schedule will be offered at the same time in the Convention Center.

San Diego 1994: A look back

There were many well-played hands when the NABC was in San Diego in the last time. Here are a few of them:

Careful defense pays off

This deal led to an 11-IMP pickup in the Junior Trials:

| Dlr: West | ▲ K Q 10 4 |

prestigious six-session Life Master Pairs championship. This deal was played in the first semifinal session:

West led the \blacklozenge 8. Levin played low and won East's jack with the ace. He led the \clubsuit 2 and East won the queen with the ace. East shifted to a trump, won in dummy with the jack. Levin continued clubs, leading the 3 from dummy as East played low and declarer's 9 lost to West's 10. West couldn't afford to lead diamonds again, so he played another club, felling the king as South ruffed. When both opponents pitched a spade, Levin played the A and a spade. West won, and finally had to lead diamonds. (It does no good for West to unblock — East can't lead diamonds either.)

Neither opponent can afford to pitch a diamond in the five-card end position. If East blanks the king, a low diamond drops the king and the $\diamond Q$ is good. If West blanks the $\diamond 10$, the $\diamond Q$ is led from dummy, East must cover, and West's 10-spot is blotted out, establishing South's 9.

Fast squeeze in Fast Pairs

Roger Bates was playing in the Fast Open Pairs, so he had only five minutes to play this tough game hand. According to Steve Greenberg, the squeezed defender, it took Bates less than two and a half minutes to bring home his game.

At the other table, East–West played 2NT down one. Against 2, West led the \checkmark A. East discouraged, even though he held the king. West switched to the \bigstar 3, declarer put up dummy's king and East won the ace. He returned the \bigstar J to dummy's queen and declarer played a diamond to the king and West won the ace and gave East a spade ruff.

East cashed the $\diamond Q$ and $\checkmark K$ before exiting with a heart. When declarer ruffed with the $\clubsuit 6$, West overruffed with the 8 and played a fourth round of spades. East alertly ruffed with the $\clubsuit A$ and played a fourth round of hearts, promoting West's 10 for the fourth undertrick. The defense had taken nine tricks for plus 400 and an 11-IMP gain.

A neat ending

Bobby Levin and Jeff Wolfson won the

Levin drew the three outstanding trumps, ending in dummy. When he cashed the &J, this was the position:

| | A 73 | |

| | ∀ A 9 |
| | ◆ A |
| | ♣ A Q 8 2 |
| North | South |
| | 1 🔺 |
| 1NT | 3 |
| 4 ▲ | Pass |

West led the \diamond 8 and Bates won and passed the \diamond Q. When it held, he cashed the ace of trumps. He ruffed a diamond and gave West the lead with the \diamond K. West got out with a club to the 9 and ace, and Bates led a low heart to East's \diamond J. The heart return was won by the ace, and Bates cashed his remaining trumps.

With three cards remaining, what should East hold? Dummy still had the $\diamond 10$ and the $\bigstar K 6$ while South held $\clubsuit Q 8 2$. East couldn't guard both minors and the squeeze operated perfectly.
