Rudeness repudiated

Zero Tolerance seeks 'improved atmosphere'

The ACBL Board of Directors, citing its commitment to "improving acceptable player behavior at all times", has voted to adopt Zero Tolerance as ACBL policy, effective with the 1998 Spring NABC in Reno.

The Board cited Laws 74, 80F, 81C4, 90A, 91 and 92A (*Laws of Duplicate Bridge*) as the basis for "what is expected of all players during NABCs and other ACBL-sponsored events, as well as in the playing area before and after each session."

Here are examples of commendable behavior "which, while not required, will significantly contribute to the improved atmosphere:"

- · Being a good "host" or "guest" at the table
- · Greeting others in a friendly manner

- · Praising the bidding and/or play of the opponents
- Having two clearly-completed convention cards readily available
- to the opponents. (This one is a regulation, not just a nicety.)
 Here are examples of unacceptable behavior:
- Badgering, rudeness, insinuations, intimidation, profanity, threats r violence
- Negative comments concerning opponents' or partner's play or bidling
 - · Gloating
 - · Constant and gratuitous lessons and analyses at the table

Francis named 1998 ACBL Honorary Member

Saturday, Nov. 15, is a day Henry Francis will long remember. He and his wife, Dorthy, had driven to ACBL Headquarters for the grand openings of the ACBL Hall of Fame and the Albert H. Morehead Memorial Library.

The Francises arrived just in time for the speeches, and they stood in the back of the room as ACBL President Howard Piltch took the podium

Piltch greeted the crowd and acknowledged the 1997 Honorary Members, Tommy and Carol Sanders, who had traveled from Nashville for the ceremonies. That provided the segue into Piltch's Continued on page 8

Board of Governors elect Chris Pisarra

Chris Pisarra of Orinda CA was elected chairman of the Board of Governors yesterday. He will take over his new position when present Chairman Alan LeBendig resigns -probably tomorrow. LeBendig has been elected a member of the ACBL Board of Directors from District 23 (Los Angeles area).

Chicago foursome lead Open BAM

A Chicago-based team captained by Jeff Schuett -- who has already won a North American title at this tournament -- took a two-board lead after two qualifying sessions of the Open Boarda-Match Teams.

Schuett, of Riverwoods IL (suburban Chicago) and Kerry Smith of Milwaukee won the Life Master Open Pairs Saturday.

In the Open BAM, Schuett is playing with Craig Gardner of Streamwood IL; Sangaparil Mohan, Oakbrook IL, and Claude Vogel, Chicago.

Their score of 35.5 was two better than the total amassed by Jim Krekorian, John Rengstorff and Bob Blanchard, New York City, and Doug Doub, West Hartford CT.

Ohio players ahead in Women's BAM Teams

An Ohio-based foursome took a narrow lead after two qualifying sessions of the Women's Board-a-Match Teams.

The leaders are Mary Kay Fletcher and Cheryl Schneider, Westerville OH; Sheryl Langner, Dublin OH, and Terry James, Columbus OH.

Their score of 36 was one-half board better than that of Mildred Breed, Woodway TX; Shawn Quinn, Katy TX; Renee Mancuso, Redondo Beach CA. and Tobi Sokolow, Austin TX.

Breed and Sokolow have just returned from Tunisia, where they were members of the winning team in the 1997 Venice Cup.

Jabbour, Arnold seek fourth straight Senior KO

The team anchored by Zeke Jabbour and Russ Arnold, seeking their fourth straight Senior Knockout Teams title, was among 16 squads entering the second day of play in the nationally rated event.

Jabbour, of Boca Raton FL, and Arnold, of Miami, have never lost a match in the Senior KO, first played in 1994.

Their teammates this year are Mike Levine, Boca Raton; Arnie Fisher, Clementon NJ; Jim Linhart, Piscataway NJ, and P.O. Sundelin of Stockholm, Sweden.

Pettit comes from nowhere to vie for *Top 500* title

Randy Pettit has played tournament bridge for

some 20 years and has a fair share of regional wins to his name. Recently, however, his tournament results have been especially impressive, so much so that the Marietta GA resident is currently in contention to win the 1997 Barry Crane Top 500 contest.

Through Saturday of the Fall NABC, Pettit had won nearly 1900 masterpoints for the year. But Pettit, 54, Continued on page 10 1

Precision bidding system celebrates 30th birthday

The Precision bidding system is celebrating its 30th anniversary. The late C.C. Wei completed his system in 1967, and it was only a year later that Precision was a winner -- in the Far East Championships. The winners from Chinese Taipei were using Precision.

A year later Precision came close to winning the Bermuda Bowl world championship. This was at the time when the Italian Blue Team was running roughshod over the rest of the world. Chinese Taipei got all the way to the final and then gave the Italians a good run for their money before losing.

A special Precision team won the Spingold in both 1970 and 1971. Kathie Wei-Sender, who worked with her husband in perfecting the system, used Precision to win the World Women's Pairs in 1978.

Kathie was instrumental in getting China interested in bridge, and Precision has been the most popular bidding system in that country ever since. The Chinese women's team, now one of the strongest in the world, has finished second in the Women's Olympiad and the Venice Cup over the past two years, and all three pairs use Precision bidding. Kathie had much to do with the early training of the Chinese women, and she brought them to American tournaments on a number of occasions to give them a chance to play against strong opposition.

Even the Italian stars latched onto Precision. Benito Garozzo and Giorgio Belladonna used the system in their heyday.

ACBL Executive Editor Brent Manley and tournament expert David Berkowitz are finishing up the latest Precision book -- Precision 2000. The book should be ready for publication early next year.

Check cashing

The check cashing booth is open daily from 11:30 am to 12:30 pm on the second floor of the Adam's Mark near the registration desk and the el-

evators. The maximum amount a check can be for is \$250. Those wishing to cash a check must present photo identification.

Entry sellers are allowed to accept only Travelers Checks and personal checks for the exact amount of the entry fee.

Win a trip to France!

The 1998 World Championships will be staged in Lille, France, from August 21 to September 4. Here at this tournament you can buy a \$5 raffle ticket that will give you a chance to win two roundtrip tickets to Lille plus hotel accommodations (two rooms) for four nights.

Tickets are available for sale in the ACBL Executive Office in Director's Row 26 on the second floor of the Adam's Mark. See Rena Hetzer. Tickets also are on sale for an hour before game time each day at the ACBL Information Desk.

The drawing will take place Friday before the evening session in the second-floor ballroom at the Adam's Mark Hotel. Proceeds will go to the In-

ternational Fund which subsidizes player participation in world championship events.

Battle of wits

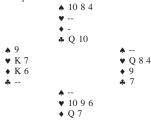

Quite a battle of wits took place between Eddie Wold, the declarer, and Allan Graves, a defender, on this deal from the second final session of the Life Master Open Pairs.

The bidding and final contract were not exactly elegant, but making 10 tricks was all that Wold was thinking about. South started with the ♥J, taken with the ace, and Wold went to work on the spades, cashing the ace and leading another to the queen. But Graves wasn't about to take his king -- he realized this later would put extreme pressure on his partner in the red suits. South pitched a heart on this spade.

Wold countered with a duck of his own -- he led a diamond and allowed Graves to win with the 10. Back came the ♦J, which Wold took with the ace. From the way the play was going, Wold was just about sure he knew the distribution. Since South had thrown a heart, he must have started with five. It sure looked as if North had started with the doubleton jack-10 in diamonds. Clearly North had five spades, so his hand counted to 5-1-2-5, with South holding 1-5-4-3.

Wold crossed to the ♣K and led the ♠J to Graves' king as South discarded a club. Graves refused to take his \$10 -- instead he led a club to Wold's ace, South playing his last club. This was the end position:

Wold led a heart, and South attempted to mislead him by not splitting. But Wold knew the situation -- he finessed the 7 and cashed the VK. Next came the ♦K followed by a diamond to South's queen. South's only remaining card was the ♥10, so Wold's ♥Q took the last trick -making four.

Calling cards activated

The ACBL Calling Cards that are awarded as section top prizes have now been activated. Members can now enjoy the use of the cards whenever they like.

Déjà vu!

Remember the hand in the first Daily Bulletin in which Haig Tchamitch used an intrafinesse to pick up three tricks in the diamond suit? He had to play A 9 5 3 opposite J 8 7 6 for one loser. He led low to the 8, losing to the king, then led the jack, pinning the 10. Neatly done.

But that's not the point here. The point is that this hand came up Friday afternoon, only hours after Tchamitch's play.

Dorthy Francis had an attack of deja vu! She remembered seeing almost the identical diamond layout in that morning's Daily Bulletin. So she decided to see if the intrafinesse would work again. Playing in 4•, she won the opening club lead and took the heart finesse, drawing trumps. Next she got into her hand with a spade and led a diamond to the 7, losing to the king. She ruffed the club return and led the •J. South didn't cover, so she let the jack ride -- and down came the 10! Making five for a fine result.

Tchamitch came by later and said, "It pays to read your Daily Bulletin."

Pisarra Continued from page 1

Pisarra has four main goals he wants the Governors to shoot for:

- 1. Lower the average age of ACBL members by bringing more young people into the fold.
- 2. Find ways to increase ACBL membership.
- 3. Have expenses decline as a percentage of revenue (OK for expenses to go up as long as revenues also show a major gain).
 - **4.** Increase involvement with the Internet.
- "OKbridge is doing wonderful things for bridge on the Internet," Pisarra said. "Lots of people are learning how to play on OKbridge. And many of them are trying live bridge after they get used to the game. In the long run, I think Internet bridge will help, not hurt, clubs, because it will bring more people into the game."

Pisarra feels bridge games like OKbridge have another major asset. "You don't have to commit to a whole afternoon or evening. If you have a free hour, you can sit down at your computer and play for just an hour. If you want to play in the wee hours, you can always find someone somewhere in the world to play with."

A Silver Life Master (almost up to Gold), Pisarra has served many years on unit and district boards. Away from the bridge table he is a painting contractor, although his degrees are in economics (bachelor's) and international management (master's).

Tonight's hospitality

Pastries will be offered to the players in the Rose Garden Room after tonight's evening session. Dollar beer also will be available.

Mimi Waugh, far left, and her three sisters are having a family reunion of sorts at the Fall NABC in St. Louis. Waugh says she and her sisters have been playing bridge together since they were youngsters. "Our mother taught us how to play, she says. The four are Waugh, of Santa Barbara CA, and Tulsa OK residents Sally Jordan, Betty Wills and Katty Beyhan. Waugh and Wills are twins.

The right place

Winning a major event such as the Life Master Open Pairs is almost always a combination of skill and luck, and it doesn't hurt to have a healthy dose of the latter, as LM Open winners Jeff Schuett and Kerry Smith can attest.

Sitting in third place with two boards to go, Schuett and Smith found themselves in the right place at the right time -- and they zoomed into the winners' circle. Here's what happened:

This deal occurred in the third round. Our opponents were the pair who were leading at that point and who went on to win -- Jeff Schuett and Kerry Smith.

Larry and I were 2.5 boards off the lead at that point and I figured we needed something good to happen.

North led a low heart against my 3NT contract. South won the ace and returned the ♥10. At that point I had eight top tricks. My best chance for a ninth trick was the club finesse.

I could see that if the club finesse was wrong I would be down two -- possibly three -- tricks. Considering that nearly everyone would reach 3NT on these cards and that most of them would try to make the contract, I decided to play for the club finesse to be wrong by simply cashing my eight tricks and conceding minus 50. If the club hook did fail, my reward would be a lot of matchpoints.

So I took my eight tricks and scored up minus 50. When I checked on the location of the \$K, I was disappointed to find that the finesse would have worked.

My punishment for the speculation was 12 out of 64 matchpoints.

So here's my tip for winning matchpoint events: if you can't play with Larry Cohen, play against me.

French win Bermuda Bowl for 2nd straight world title

France held off a strong American rally over the final 16-board segment to win the Bermuda Bowl, 328-301. It was France's second success in this event -- their first victory came 41 years ago in 1956. Their victim at that time also was the United States. The French have had two World Team Olympiad championships at the expense of the Americans -- 1980 in Valkenburg, the Netherlands, and 1992 in Salsomaggiore, Italy.

France was clearly a team of destiny. This year, for the first time, Europe was allowed to qualify five teams for the Bermuda Bowl. France finished fifth!

Followers of world bridge will recognize their names -- Paul Chemla, Christian Mari, Hervé Mouiel, Frank Multon, Alain Lévy and Michel Perron, with Jean-Louis Stoppa as non-playing captain.

France now has won two consecutive world championships -- they became World Team Olympiad titleholders in Rhodes, Greece, last year.

Both teams were greeted with thunderous applause when they appeared before the vugraph audience. The French players arrived one by one, and each got a standing ovation. José Damiani, World Bridge Federation president, translated the general feeling of the French players toward their American opponents: "They're happy you didn't play all the time the way you did in that last segment."

Mari said that the Americans and the French have played against each other many times -- "Sometimes they win and sometimes we win, but the sportsmanship and spirit are always top-grade."

Walt Walvick, America's non-playing captain, congratulated the French team, then called out, "Vive la France." On his team were the defending champions from Beijing, China, in 1995 -- Bob Hamman, Bobby Wolff, Eric Rodwell, Jeff Meckstroth, Nick Nickell and Richard Freeman.

From the start, the match reflected that two powerful giants were vying with each other. France took a 1-IMP lead in the first segment, increased it to 4 in the second and extended it to 13 in the third. The score going into segment four was France 95, U.S. II 82. Then the Americans came to life, forging into the lead in segment four. Many times the swings were the result of unexpected distributions or differing judgments. Consider this deal where America gained but under different circumstances might have lost.

of his hand from Hamman. He felt he was far
too good to pass 3NT. After the double and redouble, he was able to bid 4NT to show his twosuiter. He was most content when Mouiel leaped
to 6. And this came close to making -- West
needed the \$\sqrt{10}\$ to go with his kings and jacks.

This is the American team that finished second in the Bermuda Bowl this month in Hammamet, Tunisia. They lost a hard-fought match to France. Left to right: Bobby Wolff, Bob Hamman, Richard Freeman, Jeff Meckstroth, Nick Nickell and Eric Rodwell.

Even more to the point -- if his useless $\bigstar K$ had been either the $\bigstar K$ or the $\blacktriangledown Q$, slam would have been odds-on.

But Multon had to lose two heart tricks as the cards lay, and that was 11 IMPs to U.S. II. The Americans won the set, 39-17, to move ahead, 121-112

Things turned a bit sour for U.S. II in the fifth set. For instance, both American pairs got to game on this board, and the result was 9 IMPs to France, tying the match at 121-121.

The heart game doesn't look all that bad, but the possibility of a bad trump split or a heart ruff detracts from it. Mouiel led the ◆A and a second diamond, forcing Hamman to ruff. Hamman tried the trump queen, ducked, and then the jack. Multon took this and fired back another heart to the king. Then when Hamman knocked out the ♣A, Multon was able to draw the last trump and cash his diamonds -- down four, minus 200.

After Lévy started with the AA, he realized another spade might set up a club pitch for declarer, so he switched to a club. That established the third trick for the defense, so Rodwell went down one for another minus 200 -- 9 IMPs to France.

The French were back in the lead after this set, 167-150. They gained another 22 IMPs in the sixth segment. Much of it came on this deal.

Restored faith

uring the afternoon session Sunday, Juanita Chambers left her purse in one of the restrooms at the Adam's Mark. She was highly impressed when hotel security contacted her during the game to return the purse, which had a large amount of cash in it. All of the cash was there. The purse had been found by a member of the hotel staff. "I understand it was a woman named Irma who turned it in," said Chambers. "I was very impressed. It restores your faith in humanity."

Chemla's preemptive 4. did what it was supposed to do -- it derailed the Americans. Freeman's double was card-showing, not for penalty. Nickell was faced with a tough decision -- he could bid spades, hearts or clubs. He would have been a hero if he had chosen spades -- he might even have had time to set up his long diamond for a pitch. He would have been a lot less happy if he had tried hearts -- the 6-0 break would have made him wish he was somewhere else during this board. After some thought he decided to rebid his diamond suit. But that wasn't pleasant either.

Nickell won the opening club lead and ran the trump 8 to Chemla, who won and cashed the ♣Q. Next Chemla led the ♣7, ruffed with the 4, king and ace in turn. Nickell tried the ♦10, but Chemla won and forced Nickell by leading another club. Down five, minus 500.

Rodwell preempted even more vigorously than Chemla, but the outcome was not nearly as good. Lévy doubled and led the ◆8. Mari ducked when declarer played low from dummy. That guaranteed two defensive diamond tricks to go with a spade and a trump -- down two, minus 300, and 13 IMPs to France.

The French lead was up to 38 after this segment, but the Americans still had plenty of time -- there were 64 more boards to play.

The French onslaught continued into the seventh segment. The next deal is an indication of how things were going for the French and against the Americans.

Nickell liked his hand well enough to cuebid over Freeman's takeout double -- he had good hearts and spades, an ace and a singleton. After that it was easy for Freeman to eventually bid the game after a preemptive effort by Lévy. With hearts and spades behaving well, Freeman had no trouble racking up 10 tricks.

Perron took a pessimistic view of those North cards and bid a simple 1. Chemla decided he didn't have enough to move opposite a partner who could respond only 14, so he passed. Now everything was up to Hamman. Some of the vugraph commentators thought he should have bid 2 ♦ on his previous turn, but the general feeling now was that he should pass. He knew his partner didn't have a big opening bid -- they play a strong club. But Hamman decided to try to push the opposition up a bit -- he bid 2. This had exactly the opposite effect from what he hoped. Yes, it pushed his opponents higher -- all the way to game. On the way they discovered that their hands fit magnificently. It could have been a big gain for the U.S. Instead it was an interesting push.

The picture was getting darker by the moment. After the seventh segment (112 boards), the French lead was up to 64 IMPs, 231-167. The Americans finally rallied a bit in the eighth segment, 62-48, but they still trailed by 50, 279-229. That's how it was when they sat down Saturday morning for the final 32 boards.

Mari opened with a quiet 1♥, although many players would open with a strong 2. This worked out well because it allowed the French pair to determine the heart fit early. Meckstroth tried 1NT -- either real or comic (just a long suit in a weak hand). Lévy's 2NT was a forcing raise in hearts, after which Mari showed where his remaining strength was -- in spades. Later he cuebid his diamond void. When Lévy then leaped to slam, Mari knew clubs had to be under control, so he raised to the grand. Plus 2210.

What happened here? Wolff raised to 6♥ instead of stopping along the way to show his club control Why?

Wolff later said that he knew that 6♣ was the correct bid, but he was afraid that disclosing that control would induce the non-vulnerable opponents to save at the seven level. Hamman's pass of 5♣ and pull to 5♥ did not show extras, so Wolff wasn't sure enough of a grand slam to be willing to risk giving the information to the opponents.

Wolff accepted the blame for the 13-IMP loss, but he added, "I had my reasons and I knew what

Meckstroth and Rodwell got to a thin game on Board 141, but Meckstroth found the key and took 10 tricks. Perron and Chemla stopped in a partial -- 10 IMPs to the U.S. Two boards later Chemla and Perron stopped low, but in the wrong place -- in their 5-1 club fit -- down two vulnerable tricks. Rodwell and Meckstroth also stopped at the two level, but in their 4-3 diamond fit. With the defensive trumps breaking 3-3, Rodwell was able to take exactly eight tricks -- 7 IMPs to U.S. II. When the set ended one board later, those two gains just barely kept American hopes alive -- they trailed by 51, 306-255.

In the closed room the French stopped in 34. down one when declarer misguessed trumps. Here Wolff opened 1NT and Hamman blasted into game despite his relatively meager values. The defense quickly cashed four spades, and Perron shifted to a heart. Wolff, of course, rose with the ace and cashed five diamonds. Now everything depended on the club guess -- and Wolff got it right for a 10-IMP gain.

The Americans played ferociously and bravely throughout the set, actually closing to within 21 IMPs at one point. But the French refused to be flustered. They continued playing their natural game. They won by 27, but they were ever so thankful that there were no more sets to play. The Americans had come to life -- but just a little bit too late.

ACBL Calling Card

The ACBL is pleased to present a new calling card program. You are invited to drop by at the Calling Card booth at the ACBL Prod-

uct Store on Level 2 at the Adam's Mark any day during the tournament from 11:45 a.m. to 12:15 p.m. and from 6:45 p.m. to 7:15 p.m.

Michael Rahtjen from Digital Network Services will be on hand to answer any questions.

The new calling card program, as described in the CEO's message in the November Bridge Bulletin, is a low-cost service for ACBL members. The charge is 17.91 cents per minute, billed at a 30second initial minimum with six-second increments thereafter.

Rudeness Continued from page 1

- · Loud and disruptive arguing with a director's ruling.
- If a player at the table behaves in an unacceptable manner, the director should be called immediately.

The following procedures have been given to ACBL tournament directors for implementation at NABCs. This policy may be instituted at clubs, sectionals and regionals at the sponsor's discre-

- 1. At the start of each event, the director shall make an announcement that the tournament will be observing Zero Tolerance for unacceptable behavior. It is requested that the director be called whenever behavior is not consistent with the guidelines outlined above.
- 2. The director, when called, shall attempt to determine the facts. If it is established that there was unacceptable behavior, an immediate 1/4 board disciplinary penalty (3 IMPs in team games) shall be assigned to all offenders.

This may involve any one or all four players at the table, irrespective of who initiated the unacceptable behavior.

If both members of a partnership are guilty, the penalties are additive (1/4 board each = 1/2board!)

The Board of Directors strongly believes that assignment of disciplinary penalties will improve the overall behavior at our tournaments.

3. If it is determined that a second offense has occurred in the same event, the offender(s) shall be ejected from future competition in that event.

An offender removed from an event shall be deemed to have not played in the event, no masterpoints will be awarded and no refunds will be made.

In the case of a serious offense and in the case of multiple offenses (three) during a tournament, a disciplinary committee may be convened to determine whether the offender(s) should be allowed to play in other events at the tournament and/or whether additional sanctions may be appropriate.

- 4. Warnings are strongly discouraged and will be given only when there is no clear violation or in cases where the facts cannot be determined. Offenders are to receive immediate penalties. Regardless of who may have initiated unacceptable behavior, ALL offenses are punishable. Retaliatory behavior is a punishable offense. Frivolous accusations will also be considered as offenses under this policy.
- 5. In accordance with the Laws of Duplicate Bridge, a director's decision to impose a disciplinary penalty is final; however, all such decisions may be appealed.

An appeals committee may not overturn the director's decision but could recommend that the director reconsider the imposition of a penalty. It should be noted that the committee may feel that the penalty assessed was not severe enough and may refer the matter to a disciplinary committee.

6. A Zero Tolerance Report Form shall be available for players to report incidents which occur away from the table and for directors to document complaints and action taken. The DIC shall provide a summary report of all behavioral penalties to the Tournament Chairman and/or Recorder.

(1) Gambling 3NT showing a long suit with no outside ace or king.

Gene Freed was faced with quite a tough decision after North preempted with 3NT. He didn't like the idea of doubling because of his singleton spade, so he overcalled 4♥ and bought it there.

He let the opening diamond lead ride around to his 7 and then led the trump queen. South ducked, but took the next heart. South tried another diamond, but not surprisingly North was out of trumps and the 10 won. At this point Freed was reasonably sure of the distribution -- it appeared that the defensive spades were 3-3. So he cashed dummy's top spades and ruffed the suit good. Next came a diamond to the king followed by a spade on which he threw his last club. South was able to ruff, of course, and he still had another trump coming. But that was all the defense scored -- South's three trump tricks.

West led the ♣K and shifted to a low spade. Declarer must play for the ♠K to be onside to have any hope of taking nine tricks because by running four spades declarer will squeeze his own hand. Therefore cash three spades ending in the dummy and run the ♥10. West has to exit either with a spade (best to squeeze South) or the ♣A and a club, establishing a winner for South.

South is now in control -- if a spade is led, South discards a heart, plays a heart to the jack, winning, and then a diamond toward the queen. That gives declarer four spades, two hearts, two diamonds and a club for the contract.

If West exits with the \$A and a club, declarer wins in hand and plays a low diamond toward the queen, winning. Then he cashes the fourth spade and repeats the heart finesse. Q.E.D.

(2) Meant to indicate spades or the minors -- forgotten by South.

North can take 11 tricks in spades without any fancy plays. $4 \, \Psi$ was a disaster, going down 500 and handing Levin and Carpenter one of six tops that helped them to the win.

Jabbour, Arnold look for fourth Senior Knockout win

When play began in the Senior Knockout Teams yesterday, Zeke Jabbour and Russ Arnold were aiming for their fourth consecutive win in the event, limited to play-

ers 55 and older.

The Florida men -- Jabbour lives in Boca Raton, Arnold in Miami --teamed with Richard Hunt, Las Vegas; Dan Morse, Houston; Chuck Said, Nashville, and John Sutherlin, Dallas, to win the inaugural event at the Fall NABC in Minneapolis in 1994.

Their team at the 1995 Fall NABC in Atlanta was Mike Levine, Ann Arbor MI and Boca Raton FL; Billy Eisenberg, also Boca Raton; Benito Garozzo, Palm Beach FL, and Tommy Sanders, Nashville.

Last year's squad captured the title at the Fall NABC in San Francisco. The team included Jabbour, Arnold, Sanders, Eisenberg plus Mary Chilcote, Cleveland, and Fred Hamilton, Fresno CA.

This year's team, Jabbour, Arnold, Levine, Arnie Fisher, P.O. Sundelin and Jim Linhart, won their opening match.

Winners of the Senior KO will have their names engraved on the trophy presented by the U. S. Playing Card Co.

Taking steps

By Barry Rigal

Board-a-match team games give you the chance to risk everything in the search for that extra trick. Two very similar examples came along Saturday evening. Each of them was a variation on a stepping-stone position.

The first one requires suspension of belief -we will conceal the auction from you. Suffice it to say that North played in 2♥! Yes, West did not hid

On the lead of the ♣10 I played dummy's ace perforce and cashed my top two hearts. When West discarded I led a low spade from hand, and East erred by taking the ace. She cashed the ♥J and played her last club, which I ruffed. I crossed to the ♠Q and ran the trumps. This was the ending as I led the last trump:

```

On the last trump East threw a diamond. Now a spade to the 9 and a diamond back endplays East into leading away from the spades.

There was a certain symmetry to another board in this set.

In 4♠ by South on a low heart lead, you win the 10 and run all six trumps. West has to keep three hearts and three clubs in the six-card ending. North duly discarded his ♠A (a fine play), but I cashed the ♠A and then three rounds of clubs to endplay West in the two-card ending to lead into dummy's ♠K-J. Twelve tricks won the board against 650 at the other table.

She tipped her cap

It's no fun to be endplayed, but a good sport is willing to acknowledge a well-played deal. Shireen Mohandes received a poor score on this deal from the second final session of the Life Master Open Pairs because of astute play by her opponent, and she wanted to give him credit. Mohandes and Andy Bowles, both of England, were playing against Andy Robson, formerly of England but now listed as a Carmel CA resident. His partner was Rita Shugart.

All Pass Mohandes led the ♥J, taken in hand by Robson with the queen. He played the A, followed by a spade to dummy's jack as Mohandes discarded the \$5 (discouraging).

Bowles won the ♠K and returned the ♦J, ducked all around. The \$10 continuation was taken with the king in dummy. Robson then cashed the *K and the *Q (South discarded a heart).

Next Robson played a diamond to his ace, cashed the A, stripping Mohandes of her last black card, and played a heart toward dummy, leaving Mohandes two losing options. If she played low on the heart, Robson could play the 7, cash the king and exit with a diamond. Mohandes would then have to play her last card -- a heart to Robson's ♥A.

In practice, Mohandes put in the ♥9. Robson won the ♥K and exited with a diamond, putting Mohandes in. At trick 12, she had the ♥10 6, Robson the VA 8. The overtrick was quite useful -- plus 630 was good for 44.5 out of 64 matchpoints.

Smoking is permitted in only a few places at the Adam's Mark. There is a foyer at the east end of both ballrooms -- smoking is permitted in the

foyers. Smoking also is permitted in the corner area near Rooms 21 and 41. These are the only areas where smoking is permitted.

Many players are lighting up as they leave the play ing area dn head for the smoking areas. This is NOT permitted. Please wait until you get to the smoking area before lighting up

Martel-Stansby conduct Romex auction of year

Chip Martel and Lew Stansby, one of America's strongest pairs, earned the Romex Award for conducting the best auction of the year. The report was written by Brent Manley, executive editor of the ACBL Bridge Bulletin. Here is Manley's report:

Chip Martel and Lew Stansby are known for their hard work when it comes to trying to build a better mousetrap. One area where they have improved on standard methods is the Roman Key Card Blackwood response when you have a void. Usually 5NT shows two aces plus a void, six of a biddable suit for one or three aces with a void, and six of the trump suit for one or three aces and an unbiddable void. But what if the void is already defined?

Here Martel knew that if he played 7♠ he could not use his partner's diamond suit because of the blockage, since he would have to ruff clubs in dummy. So he settled for the diamond grand slam. Nicely bid.

Jeanne Stenger passes 10,000-point hurdle

9

Jeanne Stenger is the first player to go over 10,000 masterpoints at this

Jeanne Stenger of Bethesda MD went over the 10,000 mark in masterpoints Friday, playing in the Senior Pairs with Gail Rust.

"I played throughout the fall with my husband Charles, but he isn't the one that got me there," said Jeanne.

Jeanne has come close to winning a North American championship on two occasions -- she was third in the Women's Pairs in Mi-

ami in 1963 (the event that was cut short because of President Kennedy's assassination) and she had another third in the 1971 Master Pairs in Boston.

Jeanne and Charles celebrated their golden wedding anniversary last year. They play primarily on the Senior circuit.

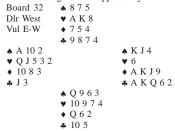

Jeanne has been treasurer for several North American championships, and she often has been in charge of hospitality at Mid-Atlantic regionals.

Help your opponent to make a mistake

By Barry Rigal

Dick Katz found a really thoughtful way to encourage his opponents to go wrong on the following hand. After all, if you can give the opposition a gentle shove in the wrong direction, why not take advantage of the opportunity?

Both tables played 3NT from the East seat after West had bid hearts, and both Souths led a low spade. Our declarer put in the 10, which held, and then took the diamond finesse. Sue Picus now did well to shift to the ♥10, and I cashed my heart winners to hold declarer to 430.

Katz took a different line. He overtook dummy's \$10 with his jack and returned a spade to dummy's ace before taking the diamond finesse. Now South knew he could set up a spade by playing a third round (and that would have been reasonable if he had had a heart entry). Of course, as the cards lie, playing the third spade allows declarer to wrap up 11 tricks. While you might argue with South's defense, Katz nevertheless gave him the opportunity to make the mistake.

Francis Continued from page 1

next announcement, which knocked The Bridge Bulletin's editor emeritus for a loop.

Francis, who retired last June after 25 years as executive editor of the magazine, had been voted earlier in the day by the ACBL Board of Directors as the 1998 Honorary Member, awarded to an ACBL member for long and meritorious service

The honor puts Francis in some pretty good company. Other Honorary Members include Charles Goren, Easley Blackwood, Alfred Sheinwold, Edgar Kaplan and Bob Hamman.

Piltch, who had been concerned about keeping the vote a secret until his announcement. walked up to Francis after he had made the announcement.

"That was a tremendous surprise," said Francis, smiling. Piltch smiled back, gave his friend a big hug and kissed him on the cheek. Francis said later, "I was a little dizzy after I heard Howard's announcement."

The honor capped a year of mixed emotions for Francis, who was among dozens paying tribute to former Bridge Bulletin editor Sue Emery at the Goodwill Committee meeting in Dallas. In Albuquerque, the tables were turned and Francis was the object of several emotional accolades.

Although retired, Francis still works part-time for the ACBL, handling It's Your Call for The Bridge Bulletin and editing the Daily Bulletins at the NABCs, among other things.

Francis joined the ACBL staff in 1972 after 25 years as a writer and editor for the Boston Herald and Boston Traveler. For much of that time, he also worked as a tournament director, and distinguished himself as a player in the New England

Francis has edited several editions of The Official Encyclopedia of Bridge and many world championships books, and he has been a fixture at world bridge championships, editing daily bulletins, for decades, Last year, Francis was elected president of the International Bridge Press Association. \square

Helgemo gets Le Bridgeur

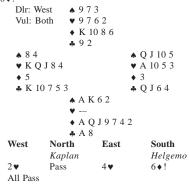

Award for Best Play

Geir Helgemo of Norway earned the Le Bridgeur Award for the Best Play of the Year. He made the play in the Open Swiss Teams at the Spring NABC in Dallas. The journalist who reported the play was the late Edgar Kaplan. Here is his write-up:

My team had a rather short run in the Vanderbilt, but there was a consolation prize at the finish. With a somewhat different team, Norman Kay and I won the concluding Open Swiss Teams. Our teammates were Bart Bramley, Brian Glubok, Geir Helgemo and Walter Schafer.

Helgemo is the young Norwegian who has been producing superb results for the last five years. The reason for this became clear when I played a match with him and he produced a brilliant dummy play on this deal, which hinged on an eight-spot.

When an opposing weak two-bid is raised to game, the fourth player holding a good hand must guess well. Helgemo took a reasonable shot at

Helgemo ruffed the opening heart lead, happy to have escaped a club lead. The ♦A removed the missing trumps, and it was now necessary to score three spade tricks. The only obvious chance was a 3-3 split, but Helgemo saw another possibility. He led a spade to the 7, a rare finesse against an 8 on the first round.

East made a tricky play by winning with the jack and returning the 5. Helgemo guessed what was happening -- he played low from his hand, won with dummy's 9 and threw dummy's club loser on the fourth round of spades to make a slam that failed in the replay.

There were two psychological clues to this remarkable winning play. East's spade return was slightly suspicious, since he could obviously have led a heart. And if West had been able to win the third trick he might have done so, or at least hitched fractionally

None of the experts who were shown South's problem found the solution, and all were in awe of Helgemo's effort. If East had returned an obvious heart at the fourth trick, South could still have succeeded by ruffing, crossing to dummy and leading the \$9.

Pettit Continued from page 1

shrugs his shoulders at the mention of this.

"If I win it, that's great, but if not, that's fine, too," says the semi-retired financial planner, who credits his recent success to changes in his personal life.

Pettit says he had an experience akin to being born again in Christianity during a church service, which he was attending with his girlfriend. The upshot of the event, which occurred more than two years ago, was a change in Pettit's outlook -and his demeanor at the table.

"I used to be such a tyrant," says Pettit, who explains that the spiritual change has profoundly influenced his behavior.

"I love the game, but my view of it has changed. I am more interested in enjoying the company of my partners and teammates, so the competitive aspect has diminished somewhat."

Pettit says that he admires other expert players who have a similarly relaxed view of the game, and who understand its place in the context of the bigger picture of their personal lives.

"When my attitude toward the game became one of 'I can take it or leave it', I found that my performance was actually enhanced.

"I'm trying not to discuss boards or criticize teammates anymore," he says.

Pettit also credits his results to playing with excellent partners.

"I frequently travel to events without having any firm dates. Sometimes I sit out several sessions at a tournament because I don't have a partner, but that's OK. I guess I've played with 45 different partners this year, and some of them are the best players around."

One of them, Nashville's Chuck Said, agrees that Pettit's profile these days is one of a more relaxed, happier person. Said recalls an occasion when two friends of Pettit arrived in Atlanta, bound for the regional in Gatlinburg TN. The car they were to use, however, was in terrible shape, so Pettit lent them his car and rode to Gatlinburg on a motorcycle.

Said gives Pettit high marks in bridge skill. "Randy is a very good card player," says Said, "and he has some very good theories of bidding."

Pettit does some professional bridge work but "not much yet, either because I'm not well known or I'm not good enough. I'm trying to eliminate the former."

When he is not playing bridge, Pettit can often be found on his motorcycle, which he continues to enjoy despite two accidents in the last couple of years.

The first occurred in October of 1995, when he had a blowout doing 75 mph during rush hour in Atlanta. Pettit went over the handlebars of his cycle and broke his collarbone in four places, plus an elbow, a rib and his right kneecap. He spent the night on a gurney in the hospital without treatment because several shooting victims were ahead of him. The next day, a Friday, he went to a private physician to get patched up. After all, he had plans for the next day. He and a friend were driving 200 miles to play in a qualifying game for the North American Open Pairs.

The next accident occurred on his trip from Atlanta to Gatlinburg.

On that occasion, Pettit landed in an emergency clinic in Gatlinburg, where he refused to take stitches in his leg because doing so would cause him to miss the first round of a knockout teams at the regional.

Pettit's enormous tournament success this year has put him in the #2 spot for total number of masterpoints earned in 1997. As of the last masterpoint cycle produced at ACBL Headquarters, Pettit trailed perennial *Top 500* leader Paul Soloway by 10 masterpoints. Soloway earned some masterpoints at the world championships in Tunisia in October, so the gap may widen slightly when the next cycle is run, but Pettit could still win.

"My goal is simply to win 2000 masterpoints this year. Even if I were to lose by one point, it wouldn't bother me," he says. "You have to remember that it's just a game. There are more important things in life." □

Dbl (1) Pass (1) Break in tempo

The Facts: 44 made four, plus 620 for E/W. West considered his bid for about 30 seconds before he doubled 44. This was agreed by all four players. The Director was called when the 44 bid was made. The Director ruled that the 44 bid was suggested over other logical alternatives and changed the contract to 44 doubled down one, plus 100 for E/W.

4 🛦

All Pass

The Appeal: East explained the virtues of his call. He thought his defensive prospects were not good, despite the double, and if his partner had as little as a good doubleton in spades it might be profitable to play in 4. He also said he made the same bid he would have made if the double had been in tempo. East was asked why he had not opened a weak two-bid in spades. He said that the hand was not good enough. When asked what 2., instead of 1., would have meant, he said the bid was undiscussed. N/S noted that the agreed-upon break in tempo suggested uncertainty about the double and therefore suggested bidding, when passing was a logical alternative.

The Committee Decision: The Committee disagreed with East's analysis of the auction. The ♥Q was not necessarily a wasted value. The ♣Q could also be a defensive value, and if partner has only a doubleton spade, then the ♣KQ were defensive values. There are hands consistent with the auction where 4♠ would be the winning call, but pass was very clearly a logical alternative to the 4♠ bid. The Committee unanimously agreed that the 4♠ bid could not be allowed. The Committee considered several defenses and lines of play and decided that in a 4♥ contract, down one was substantially the most likely and the most probable result. The contract was changed to 4♥ doubled down one, plus 100 for E/W.

East stated that he had never appeared before a National Appeals Committee. The Committee knew him to be an expert with a great deal of tournament seasoning. E/W were believed to be sufficiently knowledgeable about the game and its rules to be held to NABC standards for presenting appeals. Under the current ACBL policies, the Committee retained the \$50 deposit for an appeal lacking substantial merit.

(2) Break in tempo before and after looking at convention card marked as penalty; not Alerted

The Facts: 4♠ made six, plus 480 for N/S. South was considerably more experienced than North. After West's 3♦ call, North was uncertain about the best action. The Director was called at the time of the break in tempo and was called back to the table after the hand was over. The Director ruled that unauthorized information was present and the removal of the penalty double could have been suggested by the tempo. Since pass was a logical alternative to 3♠ for South, the Director changed the contract to 3♠ doubled made four, plus 870 for E/W.

The Appeal: N/S appealed the Director's ruling. South asserted that he had played tournament bridge for 50 years and that he did not play negative doubles. His approach to doubles was modeled after the S. J. Simon book, Why You Lose at Bridge. He stated that the double was a suggestion, not a command, and that he should have about four defensive tricks in his hand to pass the double. South thought his hand warranted the 3.

North admitted uncertainty about her choice of calls. When asked why she didn't bid 3\$\(\text{A}\), she said she didn't want to bid "just a king-jack suit." She said "I'm doubling to let him make the decision." South submitted that the North hand was not one that called for a double in their methods. He also stated that he had system notes at home which could substantiate and corroborate the criteria he used to decide which penalty doubles to pull and which ones to pass.

The Committee Decision: The Committee believed that if North's spade and diamond suits had been interchanged, the hesitation was not likely to have occurred. The hesitation thus conveyed the information to South that the penalty double was not based on length and strength in trump. While South did not have an ideal hand for defense, his hand was within the range that his partner could have anticipated when she chose the penalty double. The unauthorized information suggested that bidding 34 was more likely to be successful than passing so South was not allowed to select that action. Since E/W would most probably win ten tricks, the contract was changed to 3♦ doubled made four, plus 870. The \$50 deposit was returned.

CASE THREE

Subject: Misinformation

Event: Life Master Pairs, 22 Nov 97, First Session

Board: 9 Jeff Meckstroth Dealer: North A Q J 9 6 Vul: E/W ♥ A 6 ♦ K 7 4 3 ♣ J 8 3 Zeke Jabbour Dan Morse **▲** 8 7 5 ▲ A K 10 4 ♥ K Q 2 ▼ J 10 7 4 3 ♦ 10 9 8 2 ♦ A 6 ♣ K Q 9 ***** 7 6 Perry Johnson **♠** 3 2 **9** 9 8 5 ♦ QJ5 ♣ A 10 5 4 2 WEST NORTH EAST SOUTH 1NT (1) 2 (2) Pass All Pass 3♦ Pass 3NT (1) Announced; 10-12

(2) Alerted; explained as "diamonds, I think"

The Facts: 3NT made three, plus 600 for E/
W. Before the opening lead, East informed his
opponents that he believed that in their methods
2♣ showed the majors. East suggested that the
Director be called. N/S stated they wished to reserve their right to call the Director later if necessary. After the play was completed and East's hand
was revealed, N/S called the Director and stated
that they thought pass was a logical alternative to
bidding 3NT. The Director ruled that 3NT had not
been demonstrably suggested as a logical alternative over other possibilities such as 3♥ and allowed
the score to stand.

The Appeal: N/S appealed the Director's ruling. North, South and East attended the hearing. N/S stated that they thought a 3♦ bid would mean that West had long diamonds and playing strength for a diamond contract. They stated that West knew his partner had made a vulnerable overcall which should show values and that if 3NT were the correct contract, West should bid 3NT over 2♣. From East's point of view, if his partner could not bid 3NT, there was a real danger that there was no club stopper. They thought that 3♥ by East would show four hearts along with diamonds, that East might have considered bidding 4♦ or passing, and that the presence of the unauthorized information made 3NT a logical alternative.

East stated that he tried to bid as if he had not heard his partner's explanation of his 24 call. He thought 3♦ showed a forward-going hand suggesting 3NT as a possible contract. This was the second time E/W had played together. They had agreed to play Landy and transfers over 12-14 notrumps. East did not believe there had been any discussion for weaker notrump ranges. East stated that he thought a bid over a 10-12 notrump should show a better hand than a bid over a 12-14 notrump because of the danger of missing game. He stated that, had the weak notrump required a pre-Alert, he would have agreed with his partner that they would play the same method as over 12-14 notrumps. East stated that he thought it was just unlucky for N/S that E/W were able to make 3NT because the A was onside and the diamonds blocked.

The Committee Decision: The Committee decided that E/W did not have the agreement that 2♣ showed diamonds over the 10-12 notrump (Law 75D2) and that West's explanation created unauthorized information. N/S were obligated to call the Director when they were told about the misinformation (Law 9B1a) rather than stating that they wished to reserve their rights to do so later (Law16A1 for ACBL sanctioned events.) East was also required by law (75D2) to call the Director rather than suggesting to North that he do so. The Committee agreed with East that the 3♦ bid could not be made on a very weak hand with diamonds.

CASE 3 Continued from page 13

West should not have \bullet KQxxxx with no other values, but even if he did, clubs may split 4-4. They also agreed that had the \bullet A been the Ψ A, passing $3\bullet$ would be clearly indicated but agreed that some would still consider passing with the given hand. In the presence of the unauthorized information, however, the Committee believed that 3NT became a logical alternative. In a $3\bullet$ contract, the Committee determined declarer would lose three diamonds, one heart, and one club. For this reason, the Committee unanimously decided to disallow the 3NT bid and change the contract to $3\bullet$ down one, plus 100 for N/S.

CASE FOUR

Subject: Unauthorized Information Event: Flight A Pairs, 22 Nov 97, Second Session

Board: 9 Alan Miller Dealer: North A Q 8 4 Vul: E/W ♥ A Q 5 3 ♦ Q853 **4** 10 4 James Bachelder George St. Pierre ♠ K 10 9 ♠ AJ653 **v** 4 ♥ J 9 7 2 ♦ K 10 6 4 7 • A 9 7 5 2 ♣ K 8 3 Judy Bianco **↑** 7 2 ♥ K 10 8 6 ♦ AJ92 **♣** Q J 6 WEST NORTH EAST SOUTH

Pass	Pass	2 🛦	Pass
Pass	3♦	Pass	Pass
3♠	Dbl	All Pass	
The I	Facts: 3♠ d	oubled made f	ive, plus 1

The Facts: 3♠ doubled made five, plus 1130 for E/W. Before West passed 2♠, he reached for bid cards, retracted, then passed. N/S called the Director when East bid 2♠. East stated he had not seen his partner's actions. The Director ruled that since unauthorized information was present, the 2♠ bid would not be allowed because pass was a logical alternative. The contract was changed to 2♠ down two, plus 100 for E/W.

The Appeal: E/W appealed the Director's ruling. N/S did not attend the Committee hearing. West stated he had no intention of bidding. He had reached for his bid box and when he looked up his hand was about three inches too high. He re-oriented himself and extracted the pass card from the proper location. He admitted his motion could have been construed as uncertainty. He stated he never considered bidding with only three spades, four diamonds and such a bad club suit. East stated he had planned to balance over 2♥ if that option became available. E/W stated their general overcall style was sound, that they played together about once a month and that they use bid boxes often at their local club.

The Committee Decision: The Committee decided that unauthorized information was present. The Committee unanimously decided that the 2 hid was automatic and that pass was not a logical alternative with the East hand. The Committee allowed East's 2 hid and allowed the table result, 3 houbled made five, plus 1130 for E/W to stand. The Committee reminded West to be more careful when selecting bids in the future. Since this was a busy night for appeals, a fifth member for this Committee was not available. The Chairman designated herself as a non-voting member of the Committee.

Double trouble

When you're playing IMPs, those double game swings can certainly come in handy. This deal from the Bracketed Knockout Teams helped Jason Ciano of Boston MA and Gavin Wolpert of Toronto ON to eke out a win.

East led a top heart and switched to the \$Q. Wolpert made five on the deal when he later guessed the diamond position. That was plus 650 for North-South.

At the other table, Ciano and Wolpert's teammates, John Anderson and Mike Lohman of Baton Rouge LA, had this auction:

West	North	East	South
Anderso	n	Lohman	!
		1 🚓	1 ♦
1♥	1 🛦	2♥	Pass

Anderson made four, plus 620 East-West. The team picked up 15 IMPs on the deal, a handy sum since they won the match by only eight IMPs.

Try Café de France

Chef Marcel Keraval of Café de France is internationally celebrated for his dining creations. The restaurant is within walking distance -- north on Fourth Street a few blocks to Olive Street and half a block to the restaurant. The feature here is classic and creative French cuisine. Dinner reservations are accepted Monday through Thursday until 9:30 p.m. and on Friday and Saturday until 10:30 p.m. Call 231-2204 for reservations.

Tournament attendance

Attendance has been quite good for the past two days, with well over 500 tables per session. The total table count through Sunday is 3537.5. We're not up to the numbers posted by the 1987 NABC here, but that tournament was a Spring NABC, which usually have larger attendance than Fall tournaments.

Good steaks and seafood

Visit 100 North Seventh Street, within easy walking distance, for some fine steaks and seafood at Mike Shannon Steaks and Seafood.

St. Louis Cardinals

The St. Louis Cardinals have made a contribution to the tournament to help with the hospitality.

Partnership desks

The Intermediate/Novice (0-199) Partnership Desk is located on **Level 4** at the Adam's Mark (near the Rose Garden Room).

The regular Partnership Desk is on Level 2.

IMP Pairs idea works

Yesterday a one-session stratified IMP Pairs event was run in the evening for the teams that dropped out of the various Swiss Team events. This event replaced the usual Swiss consolations.

The event proved very popular -- 56 tables signed up. Of this field half came from teams that dropped out of the Swiss and half were new entries.

Our thanks to Roger Lord for suggesting this new event.
