## Ventin Leads John Roberts Teams

At the end of Day One, the team captained by Juan Ventin (Andrea Buratti, Chris Compton, Gaylor Kasle, Pablo Lambardi, Massimo Lanzarotti) had 129 VPs, 16 VPs ahead of the second-place Seymon Deutsch squad (Billy Cohen, Walid Elahmady, Tarek Sadek, Ron Smith, Paul Soloway), who with Balicki-Zmudzinski in place of Elahmady-Sadek led the event last year at the end of Day One (and eventually finished second to the Wigoder team-a new version of which is currently in seventh place). Tied for third place, just 1 VP back, are the Jim Mahaffey (Gary Cohler, Garey Hayden, Mark Lair, Barnet Shenkin, Chris Willenken) and Roy Welland (Bjorn Fallenius, Bobby Levin, Steve Weinstein) teams. The complete standings and match-bymatch results are on p 3. The final three matches will be played today beginning at noon in Pavilions $1 \& 5$.

## Opening Brunch Buffet Terrific—As Usual

This year's opening brunch buffet was once again simply wonderful. While everyone enjoyed the bountiful repast, our resident bean counters Bob Blanchard, Donna Compton and Billy Rosenbaum drew the pairings for Match One of the John Roberts Teams.

Despite the dim lighting, we caught this dynamic trio doing their thing.

Don't forget to dress up and show up tonight for the lavish and exquisite Cavendish Pairs cocktail party and auction, beginning at $6: 15$ in Pavilions $2 \& 4$.

## Conditions of Contest: Expansions and Clarifications

In general, it is our intent to allow methods with which other contestants are expected to be familiar. It is also our intent to allow reasonable artificiality in auctions where the bidding side has guaranteed sufficient (high-card) values to invite game. Along with the current "prize-pool only" team format there will be no minimum play requirement for individuals; however, teams should make certain that all team members are listed on the entry before play commences. If you have any questions about your own or your opponents' methods, the person to see is Barry Rigal.

## Special Notice: World Bridge Productions Pairs Pre-Auction

In order to generate interest and facilitate the live WBP Pairs auction, to be held on Saturday morning, May 8, provisions have been made to accept bids prior to the start of the live auction. Here's how it will work:

Arrayed around the Registration Desk will be preliminary owners' cards for all expected participants. (Not all of these pairs may attend, but the vast majority are expected.) If you wish to bid on a pair you may do so by entering the amount of your bid on the pair's card and signing your name opposite the bid amount (minimum bid
$=\$ 1000$ ). These bids will be considered binding, just as if they were made in the live auction. If your bid is not topped in either the pre- or live auctions you will become the owner of the pair and have all of the attendant rights and responsibilities. Remember, each pair must buy back 10\% of their purchase price and may buy back up to $40 \%$ of themselves if they are so inclined.

Please confirm your bids with the appropriate parties at the Registration Desk.

## The John Roberts Teams: Day One

## Match One:

Not everybody managed to reach 4 here, and of those who did, not everybody made it.

Two of the successful declarers were Vince Demuy and Bobby Levin. Demuy played 4s as South on the auction:

| West | North | East | South |
| :--- | :--- | :--- | :--- |
|  |  |  | Pass |
| 20 | Pass | Pass | 2 |
| Pass | 4 | All Pass |  |

He ran the heart lead to his queen, then led a diamond to the jack and king. Back came a club so he put up the jack, covered by the queen and king. Now he played a second diamond and West took his ace to try and give his partner a heart ruff. Demuy took the PA pitching a club, and knew enough of West's high cards to lead the $\Delta \mathrm{Q}$ to hold his spade losers to one.

Bobby Levin had an even harder task. He played 4a as North on the auction:

| West | North | East | South <br> Pass |
| :--- | :--- | :--- | :--- |
| $2 \varnothing$ |  |  | Pass |
| Pass | Dbl |  |  |
| Pass | $3 \boldsymbol{Q}$ | Pass | $4 \uparrow$ |
| All Pass |  |  |  |

He received the QJ lead to the queen, king and ace. He ruffed a heart, then led a diamond to the jack and king. Now he ducked the $\diamond 10$, and when a club came back he played low from dummy and won his king. He needed West to be $1=7=3=2$ now, assuming that the $\diamond A$ was on his right, hence he too knew that the odds favored a singleton a or 10 over the king, and thus he also guessed to lead the $₫ Q$ and pin the ten.

When Paul Lewis declared 48 here as South after an artificial auction in which West had shown both minors and a weakish hand, Fallenius led a low club. (The k would have worked, or a spade of course.) Welland won and found a spade shift-his best chance to set the hand if partner had $\leftrightarrow J x$ or $\varsigma Q x$. Lewis won his $\varsigma Q$ and ran the $\varsigma 7$, ruffed the club return, drew trumps and ruffed another club. At this point (see the diagram below) he had a lock for the contract, assuming East had the K :

| ¢ A8 |
| :---: |
| $\bigcirc 10$ |
| $\diamond$ AQJ9 |
| *--- |
| - Q62 |
| ¢ J9 |

He could lead a diamond to the jack, and even if the finesse lost, whatever East returned would concede his tenth trick.

Match Two:

After the opponents open the bidding it is always tough to reach a slam, and if both opponents bid it is even tougher. Chris Willenken and Gary Cohler managed it with no problem though:

| West | North | East | South |
| :--- | :--- | :--- | :--- |
|  |  | 10 | 10 |
| 30 | Dbl(1) | Pass | $4 \%$ |
| Pass | 4 NT | Pass | $5 \boldsymbol{2}$ |
| Pass | 6 | All Pass |  |
| $(1)$ Minors |  |  |  |

On a heart lead Cohler won and took an immediate spade finesse to pitch his second heart, then simply drew trump and gave up a club.

Another tough slam. Passell-Wold coped with the deal beautifully:

| West | North | East | South |
| :---: | :---: | :---: | :---: |
|  | Pass | Pass | Pass |
| 18 | Dbl | $2 \diamond(1)$ | 3* |

| (1) Heart raise, 7-10 |  |  |  |
| (2) Last Train |  |  |  |
| (3) Spade cue-bid |  |  |  |

For Hallberg-Wigoder the problem was not how to reach slam...it was how to stop!

| West | North | East | South |
| :--- | :--- | :--- | :--- |
|  | Pass | Pass | Pass |
| $2 \diamond$ | Pass | $3 \diamond$ | Pass |

Down one. We suppose you could say it was a little unlucky...but not that unlucky.

Match Three:

| Pass | 34 | Dbl | Pass |
| 4NT | Pass | 5* | Dbl |
| All Pass |  |  |  |

Greed is a terrible thing: Part I. Steve Weinstein had a very tough call as West here. Passing 3a doubled nets his side +100 but he went for the jackpot with 4NT for the minors. South doubled $5 \boldsymbol{d}$ with visions of big numbers floating in his head. South began with ace and a second spade. Levin ruffed and tried a diamond. South won to play a third spade, which allowed Levin to ruff and draw trumps using the $\diamond Q$ as his late dummy entry. While it may seem that 200 or even 500 is possible on a trump lead, Deep Finesse says declarer can always hold it to down one. (We hate to be shown up by a computer program.)

On Board 20 Cheek-Grue had the following perfect auction to reach 7e:

| West | North | East | South |
| :---: | :---: | :---: | :---: |
| Pass | 12 | Pass | $2 \diamond$ |
| Pass | 28 | Pass | 24 |

| Pass | 4* | Pass | $4 \diamond(1)$ |
| Pass | 49 | Pass | $5 \diamond$ |
| Pass | 5NT | Pass | 74 |
| All Pass |  |  |  |

Cheek's $2 \diamond$ response showed $12+$ HCP, and his subsequent 3. $4=0=5=4$ distribution. So the Blackwood responses showed the missing key cards since the VA woould be ignored. Easy!

Greed is a terrible thing: Part II. Gary Cohler declared $3 \varnothing$ doubled on the auction:

| West | North | East | South |
| :--- | :--- | :--- | :--- |
|  | Pass | Pass | 10 |
| Dbl | $2 ワ(1)$ | 3 | 30 |
| $\mathrm{Dbl}(2)$ | All Pass |  |  |
| (1) Weak |  |  |  |
| (2) Strong, balanced |  |  |  |

South started with three rounds of spades, Cohler ruffing to play a club to the jack and queen. East returned a trump and when Cohler ducked West won the king and placed his partner with a $3=1=4=5$ shape for his pass of 30 doubled. He returned a second trump keep declarer from ruffing his club losers in dummy...and the rest is history!

Match Four:

You can always rely on Charles Wigoder to find a call unused by the rest of the field. Here, after his partner opened 3* in second chair, he had the problem of how to keep the opponents out of the bidding without jeopardizing his plus score. He found the obvious answer-a preemptive 3NT! West led from his spade sequence and Wigoder claimed nine tricks. Alas for him, he was not the only player to find the bid: Vince Demuy achieved the same +600 by an identical auction.

It may only have been for an undertrick but we liked Demuy's defense as South here. On the opponents' auction 1-1NT; $2 \diamond-2 \checkmark$ he led the $Q$ and Gavin Wolpert overtook to cash the $\vee A$ and return the 4 . When declarer hopped up with the $\mathrm{m}_{\mathrm{K}} \mathrm{K}$ Demuy unblocked the J . His logic was that when his partner overtook at trick one it guaranteed that he had decent club spots. Otherwise he would have ducked the club to ensure proper defensive communication.

Two stories here：Hamman－Zia bid to $5 \diamond$ on the unopposed sequence： $1 \diamond-1 N T ; 24-2 \diamond ; 3 \diamond-4 \diamond ; 5 \diamond$ ．Against this sequence Sementa found a great lead，the $₫ Q$ ！The defense continued the attack on spades，promoting the $\diamond$ J for their third trick．（This story is slightly spoiled by the fact that at the other table Martel－Stansby beat $4 \diamond$ on the same lead！）

Hansa Narasimhan and JoAnna Stansby were holding the same cards and showed how to do it．

Try to beat $5 \diamond$ played by the weak hand（but don＇t try too hard．．．you can＇t）．

Maybe there is something about this hand that is suitable for the Polish version of standard bidding．Lev－Pszczola bid unopposed：1ヶ－1NT；3ワ－4↔；4Ґ－4ワ；6ワ．Balicki－Zmudinski had the same auction except that Balicki used keycard over his partner＇s $4 \triangle$ bid．Sounds simple，doesn＇t it？But these pairs were the exception rather than the rule；most played $4 \triangle$
here，the key to getting to slam being the $4 \boldsymbol{i}$ cue－bid．

In the match between the two leading teams，both Norths ended up in a heart contract．Both Easts made no mistake， leading a spade to the ace，cashing their spade winners，and leading a fourth spade as West ruffed with the $\nabla \mathrm{J}$ producing an extra trump winner by force to hold declarer to seven tricks．The difference was that Chris Willenken opened the North hand with $1 \checkmark$ and was declaring $4 \checkmark$ while Linda Lewis opened $2 \triangle$ and played there； 5 imps to the Lewis team．

Eddie Wold got to play $4 \checkmark$ doubled here on the auction：

| West | North | East | South |
| :--- | :--- | :--- | :--- |
|  |  | $1 \varnothing$ | $1 ヵ$ |
| $2 \varnothing$ | Dbl | $3 \diamond$ | Pass |
| $4 \triangle$ | Dbl | All Pass |  |

（On the same auction Gary Cohler as South pulled to 5 e down 500．）Wold got a club lead．He cashed the two top clubs to pitch a spade，then led a diamond．North took the $\diamond K$ and led a spade so Wold won the ace and advanced the $\diamond Q$ ，pinning the jack．Now he could arrange to overruff the next diamond in dummy and hold his trump losers to one，for ＋590．（By the way，just in case you don＇t know the name for a sacrifice that costs more than the value of a game but less than the doubled game，it＇s called a Granville sacrifice．）
