President Opens Olympiad

JOSÉ DAMIANI
PRESIDENT OF THE WORLD BRIDGE FEDERATION

It is the right time to thank all of the authorities for the magnificent support you have given to this 10th Olympiad.

It seemed quite natural to hold it in Greece, first because it is the 100th anniversary of de Coubertin's appeal, and also because it is our first Olympiad after the recognition of the WBF by the International Olympic Committee. It was not easy to find such a marvelous venue as Rhodes and such a wonderful site as the Rodos Palace, and we are delighted to have been able to come here.

I am sure that the cooperation between the Hellenic Bridge Federation and the World Bridge Federation will achieve an organization designed for the comfort and the pleasure of you, the players.

Thank you for coming in such numbers to make a new and tremendous record of participation of 75 countries — 71 Open Teams and 44 Women's Teams — and certainly about 100 Mixed Teams.

I wish you all good luck and good bridge, and a very pleasant stay in Rhodes. I now have the privilege and the honor to declare the 10th Olympiad Open.

115 teams begin 10th World Bridge Team Olympiad

World Bridge Federation President, Josè Damiani declared the 10th World BridgeTeam Olympiad open at last night's inaugural ceremony in the Dome Room. It is fitting that the Olympiad is taking place in Greece on the hundredth anniversary of the rebirth of the Olympics.

It is expected that I I 5 teams – 71 Open and 44 Women's – will begin round-robin play this morning. Later in the tournament, there will be a Mixed Teams event that is expected to draw well in excess of 100 teams.

Panos Gerontopoulos of Greece, a member of the WBF Executive Council and head of the WBF Junior program, introduced the teams.

Welcoming speeches were delivered by Evangelos Nartis, President of the Hellenic Bridge Federation; Mr. Kostopoulos representing John Paraskevas, Prefect of the Dodecanese Islands; Mayor George Giannopoulos of Rhodes, and Mr. Sevastic, repre-

senting the Hellenic government. Anna Maria Torlontano of Italy, a member of the WBF Executive Council, was mistress of ceremonies.

Mayor Giannopoulos said that the city of Rhodes was happy to have the pleasure of hosting the top event of international competitive bridge. "Bridge along with chess is the ultimate intellectual sport that sharpens the mind and promotes analytical and strategic thought. It requires years of study and practice."

Hellenic BF President Nartis observed, "Since ancient times the Greek people have cherished the development of the human mind and noble competition. Greece is privileged and honored to host the world's top bridge players who share these very values."

As Damiani declared the Olympiad open, the World Bridge Federation flag was unfurled. This was followed by the Greek national anthem.

How it's going to work

The teams in both the Olympiad competitions have been divided into two groups for round-robin purposes. In each of the two groups, all teams will play a match against each of the other teams in their group.

Since there are many more teams in the Open than in the Women's, it is necessary to have more matches in the Open. Therefore the general schedule will have four matches of 16 boards per day in the Open and three matches of 20 boards per day in the Women's.

The top four teams in each group will advance to the quarterfinals. The quarterfinals in both competitions will be 64 boards and will be finished in one day. The semifinals in both groups will consist of 96 boards played over one and a half days.

As usual, the Women's Olympiad will finish one day ahead of the Open. The Women's final will be 96 boards – 32 to be played immediately after the conclusion of the semifinals and 64 to be played on Friday, November 1. In the Open, the final will be 128 boards, the first 96 alongside the Women's and the final 32 early on Saturday, November 2, finishing in plenty of time for the Victory Banquet.

Predictions

It is a tradition at a major championships such as this for the Daily News editorial team to give their predictions as to which teams will qualify for the knockout stages. Please do not be offended if your team does not appear in our lists – actually, this is good news for you as appearing here is usually like a kiss of death for a team's chances. Brian neglected to tip Canada in Beijing and they promptly reached the final of the Bermuda Bowl. As you can see,this isn't going to happen – not with Canada at least. Anyway, here goes:

Smoking regulations

Only the players are permitted to smoke in the playing rooms.

Players may ask their opponent(s) to refrain from smoking. Whenever possible smokers should refrain from smoking when so asked.

WBF Alerting policy

Preamble

- The objective is to have a uniform WBF policy which is applied to all WBF events.
- It is not intended that this should override Alerting policies developed by the Zone or NCROs
- Players who participate in WBF events are expected to protect themselves to a large extent. They also are expected to observe the spirit of the Laws as well as the letter. Full disclosure is vital.
- 4. The policy has been made as simple as possible. Players, however, are expected to Alert whenever there is doubt. (N.B. Where screens are in use, an Alert on one side but not the other does not necessarily imply an infraction.)

Policy

The following classes of call should be Alerted:

- Conventional bids should be Alerted; non-conventional bids should not. (A convention is a call that serves by partnership agreement to convey a meaning not necessarily related to the denomination named.)
- 2. Those bids which have special meanings or which are based on or lead to special understandings between the partners. (A player may not make a call based on a special partnership understanding unless an opposing pair may reasonably be expected to understand its meaning, or unless his side discloses the use of such call or play in accordance with the regulations of the sponsoring organization.) See Law 40(b).
- Non-forcing jump changes of suit responses to opening bids or overcalls, and non-forcing new suit responses by an unpassed hand to opening bids of one of a suit.

Dollar equivalents

The U.S. Dollar amounts referred to in the Supplemental Conditions of Contest, Section 18.2 and 18.6, are also payable as follows: \$20 as 5,000 drachmas, \$40 as 10,000 drachmas, \$50 as 12,500 drachmas.

WBF APPEALS

Goals

- To make consistent interpretations of the Laws, regulations and customs, catering to a high level of play and expertise.
- To encourage proper disclosure (PD) whose golden guideline is to tell the opponents what you would like them to tell you in a similar circumstance.
- To strive to eliminate bias, whether it is preconceived opinions about the people involved, their nationality, their systems, whether they are liked or disliked, or whether it is just to favor friends or fellow countrymen or women.
- 4. To encourage the use of Active Ethics (AE), which might be defined as going above and beyond that which is normally expected to help raise our expert game to a level that corresponds with the intellectuality of our game and the players playing it.
- 5. To encourage our partnerships to know their systems and treatments by siding with their opponents in disputes regarding misinformation or forgets (CD). The last few years have told us that it is almost impossible to fairly adjudicate CD since it not only creates havoc but makes everyone uncertain.
- 6. Hesitation disruption (HD), an age old bridge problem, must be policed by making a player aware that once his partner hesitates he will be under a special ethical responsibility (SER) to "lean over backwards" not to take advantage; appeals committees will take this into account in rendering their decisions.
- 7. When an adjusted score is determined, different standards are applied to the offending and non-offending sides. This means that the non-offenders are not necessarily entitled to the reciprocal of the score assigned to the offenders. Particularly in non-KO events our committees should seriously consider their responsibility to protect the field (PTF). We must always remember that committees represent all the players and teams in the event, and not just those involved in the appeal.

Rules of behavior

- Good manners and civility not rude or condescending behavior.
- 2. Because bridge is a partnership game, behavior that may be tolerated in games like poker or chess is not appropriate, nor should it be tolerated. Gestures, intonations, attitude, improper tempo, and general body language will undoubtedly have some effect on the judgment of other players. When it might affect partner's judgment, such behavior is reprehensible. Since playing bridge behind screens is relatively new, and at times produces unique situations, it may become necessary for AE to encourage players to feel compelled to protect their opponents.
- 3. Bridge is expected to be played in a relatively "even" tempo neither too slow nor too fast. Remember, at this level of expertise quick plays and slow plays are likely to convey unauthorized information. Violations may easily boomerang because SER prevents partner from taking advantage.
- 4. When a player who may have committed a possible offense attempts sincerely to correct or mitigate a minor transgression at the table, thereby eliminating the necessity for rulings and appeals, his attitude will be considered if and when a committee is convened to judge the

World Bridge Federation Congress meeting

An important meeting of the World Bridge Federation Congress will be held Wednesday, October 23, at 10.00 in the Delphi Auditorium.

Every nation should appoint a delegate to attend. Important matters will be discussed, and WBF President Josè Damiani will report on the activities of the WBF during the past two years.

Cocktails will be served immediately after the meeting of the Congress.

Program correction

JORDAN

YUGOSLAVIA

The group positions of Iceland and Ireland were reversed in the tournament program. Ireland is in Open Teams Group A, and Iceland is playing in Open Teams Group B.

Jamaica originally was expected to field a team in the Women's event, but the team has withdrawn.

Time monitors

Players and non-playing captains should be aware that time monitors are going to be available at all times, especially during the later stages of the Olympiad events.

While the directors may seek to establish the cause of any prior time problems, it is in everyone's interest that there be no unnecessary delay in seeking to summon the monitor. The correct procedure is for the player or npc to call the director and to request a monitor. (The presence of a monitor is an entitlement, not a right.)
